Title of Each Class of Securities to be Registered	Amount to be Registered(1)	Proposed Maximum Offering Price Per Share(2)	Proposed Maximum Aggregate Offering Price(2)	Amount of Registration Fee(3)
<S>	<C>	<C>	<C>	<C>
Common Stock, \$0.001 par value per share.....	14,375,000	\$17.00	\$244,375,000	\$64,515

- (1) Includes shares that the underwriters have the option to purchase to cover over-allotments, if any.
- (2) Estimated solely for the purpose of computing the amount of the registration fee pursuant to Rule 457(a).
- (3) The registration fee was paid on June 20, 2000 in connection with this filing.

The Registrant hereby amends this Registration Statement on such date or dates as may be necessary to delay its effective date until the Registrant shall file a further amendment that specifically states that this Registration Statement shall thereafter become effective in accordance with Section 8(a) of the Securities Act of 1933, as amended, or until the Registration Statement shall become effective on such date as the Securities and Exchange Commission, acting pursuant to said Section 8(a), may determine.

+++++The information in this prospectus is not complete and may be changed. We may +not sell these securities until the registration statement filed with the +Securities and Exchange Commission is effective. This prospectus is not an +offer to sell these securities and we are not soliciting offers to buy these +securities in any state where the offer or sale is not permitted. +++++

PROSPECTUS (Subject to Completion)
 Issued , 2000

12,500,000 Shares

[EQUINIX LOGO]
 COMMON STOCK

Equinix, Inc. is offering 12,500,000 shares of its common stock. This is our initial public offering and no public market currently exists for our shares. We anticipate that the initial public offering price will be between \$15.00 and \$17.00 per share.

We have filed an application for the common stock to be quoted on the Nasdaq National Market under the symbol "EQIX."

Investing in the common stock involves risks. See "Risk Factors" beginning on page 5.

DESCRIPTION OF INSIDE COVER

At the top of the page is our logo. Underneath our logo it reads, "Internet Business Exchange Centers." Below "Internet Business Exchange Centers" it reads "Home of the Internet."

Below our logo and in the center of the page is a large circle. In the center of the circle it reads "Direct Cross Connects." In a larger concentric circle around the center are five cages with the following words in each cage - Site Service Providers, ISPs, Carriers, Network Services and Performance Enhancement. In a larger concentric circle around the set of five cages are four larger cages with the following words in each cage - e-Commerce, Content Providers, Partner Branded/Resale and Application Service Providers. At the top of the circle and in the space above the four larger cages it reads "Equinix IBX Center." Surrounding the circle are five short paragraphs of narrative entitled "Choice," "Equinix designs, builds and operates neutral Internet Business Exchange, or IBX centers," "Opportunity to increase revenues and reduce costs," "Reliability" and "Scalability". Each title is written in bold. The remainder of the paragraphs are not bold. Beneath the paragraph entitled "Choice" it reads, "Our customers can choose among a variety of product and service providers to diversify their sources of supply for their businesses." Beneath the paragraph entitled "Equinix designs, builds and operates neutral Internet Business Exchange, or IBX centers" it reads, "where content providers, application service providers and e-commerce companies can directly interconnect with a competitive choice of bandwidth providers, Internet service providers, or ISPs, and site and performance management companies, giving them the flexibility, speed and scalability they need to accelerate business growth, and to improve Internet performance." Beneath the paragraph entitled "Opportunity to increase revenues and reduce costs" it reads, "Our customers can increase the size of their addressable markets and improve their purchasing power through access to a variety of potential business partners." Beneath the paragraph entitled "Reliability" it reads, "Our IBX centers have redundant power systems, multiple layers of physical security and high-bandwidth Internet connectivity through multiple third party connections." Beneath the paragraph entitled "Scalability" it reads, "Our IBX centers will both stimulate and support the efficient growth of our customers."

Below the circle and the narrative surrounding the circle and across the bottom of the page, there are four photographs. From the left to right, the first photograph is of a bimetric hand reader. The second photograph is of the customer care area of an IBX center. The third photograph is of the colocation space in an IBX center. The fourth photograph is of the security station and entrance to an IBX center.

PROSPECTUS SUMMARY

The following summary is qualified in its entirety by the more detailed information and financial statements and notes thereto appearing elsewhere in this prospectus.

The Company

Overview

Equinix designs, builds and operates neutral Internet Business Exchange centers, or IBX centers, where Internet businesses place their equipment and their network facilities in order to interconnect with each other. Our neutral IBX centers provide content providers, application service providers and e-commerce companies with the ability to directly interconnect with a competitive choice of bandwidth providers, Internet service providers and site and performance management companies. Equinix IBX centers enable Internet companies to quickly, easily and privately interconnect with a choice of business partners and customers, providing them with the flexibility, speed and adaptability they need to accelerate business growth.

Equinix currently has IBX centers in the Washington, D.C. metropolitan area, the New York metropolitan area and in Silicon Valley. We intend to complete construction of five additional IBX centers and several expansion projects by May 2001, resulting in a total of eight IBX centers in the U.S. and Europe.

We were founded in June 1998. In April 1999, our first customer contract was signed and we began recognizing revenues in November 1999. We have not yet been profitable and expect to incur significant additional losses.

The Equinix Solution

Our IBX centers will provide environments that stimulate efficient business growth. We are able to provide the following key benefits to our customers:

- . choice of product and service providers;
- . opportunity to increase revenues and reduce costs;
- . scalability; and
- . reliability.

Recent Developments

On May 16, 2000, Peter F. Van Camp joined Equinix as our chief executive officer. Prior to joining Equinix, Mr. Van Camp was the president of the Americas region for UUNet, a division of WorldCom. Albert M. Avery, IV, one of our founders, will continue to act as our president and will assume responsibilities as our chief operating officer. Mr. Van Camp has also joined our board of directors.

On May 23, 2000, we entered into a purchase agreement regarding our purchase of real property in San Jose, California for approximately \$82.0 million. The sale is scheduled to close on June 21, 2000, pending additional due diligence by us. We currently anticipate that a third party financier will purchase the property at the closing and then will lease this property back to us pursuant to a long-term lease. There can be no assurance that we will be able to secure this arrangement. If we are not able to secure this arrangement we have the option to purchase the property directly. However, we do not intend to do so at this time.

Equinix's headquarters are located at 901 Marshall Street, Redwood City, California 94063. Our phone number is (650) 298-0400.

Except as otherwise indicated, information in this prospectus is based on the following assumptions:

- . conversion of all outstanding shares of preferred stock into common stock upon the closing of this offering;
- . the filing of our amended and restated certificate of incorporation in the state of Delaware upon the closing of this offering; and
- . no exercise of the underwriters' over-allotment option.

THE OFFERING

<TABLE> <C>	<S>
Common stock offered by us.....	12,500,000 shares
Common stock to be outstanding after the offering..	66,220,385 shares. This number is based on the number of shares outstanding as of June 15, 2000. It excludes 7,087,305 shares of common stock issuable upon the exercise of options outstanding as of June 15, 2000 at a weighted average exercise price of \$3.79 per share. It also excludes 6,213,745 shares of common stock issuable upon the exercise of warrants with a weighted average exercise price of \$0.80 per share.
Over-allotment option.....	1,875,000 shares
Use of proceeds.....	To fund the design, construction and operation of additional IBX centers and for other general corporate purposes, including working capital. For more information about our use of proceeds, please see "Use of Proceeds." Currently, we do not anticipate paying cash dividends.

SUMMARY CONSOLIDATED FINANCIAL DATA

The following summary consolidated financial data should be read in conjunction with our consolidated financial statements and their related notes and "Management's Discussion and Analysis of Financial Condition and Results of Operations" included elsewhere in this registration statement. The consolidated statement of operations data for the period from June 22, 1998 (inception) to December 31, 1998 and for the year ended December 31, 1999 are derived from, and are qualified by reference to, the audited consolidated financial statements and their related notes, which are included in this registration statement. The consolidated statement of operations data for the three months ended March 31, 1999 and March 31, 2000 and the balance sheet data as of March 31, 2000 are derived from our unaudited condensed interim consolidated financial statements and their related notes included in this registration statement. The pro forma as adjusted column gives effect to the issuance of Series C preferred stock in May and June 2000 and this offering as though they had occurred on March 31, 2000. See "Capitalization."

(1) Adjusted EBITDA consists of net loss excluding interest, income taxes, depreciation and amortization of capital assets and amortization of deferred stock-based compensation. Adjusted EBITDA is presented to enhance an understanding of our operating results and is not intended to represent cash flow or results of operations in accordance with generally accepted accounting principles for the period indicated and may be calculated differently than Adjusted EBITDA for other companies. Adjusted EBITDA is not a measure determined under generally accepted accounting principles nor is it a measure of liquidity.

4

RISK FACTORS

This offering and an investment in our common stock involve a high degree of risk. You should carefully consider the following risk factors and all other information in this prospectus before investing in our common stock. Our business and results of operations could be seriously harmed by any of the following risks. The trading price of our common stock could decline due to any of these risks, and you might lose all or part of your investment.

Risks Related to Our Business

Our business model is new and unproven and we may not succeed in generating sufficient revenue to sustain or grow our business.

We were founded in June 1998. Except for fiber connectivity from our telecommunication carriers, the construction of our first IBX center was completed in July 1999. We began accepting customers the same month but did not recognize any revenue until November 1999 as the sales cycle was not complete. Our limited history and lack of meaningful financial or operating data makes evaluating our operations and the proposed scale of our business difficult. Moreover, the neutrality aspect of our business model is unique and largely unproven. We expect that we will encounter challenges and difficulties frequently experienced by early-stage companies in new and rapidly evolving markets, such as our ability to generate cash flow, hire, train and retain sufficient operational and technical talent, and implement our plan with minimal delays. We may not successfully address any or all of these challenges and the failure to do so would seriously harm our business plan and operating results, and affect our ability to raise additional funds.

We have a history of losses, and we expect our operating expenses and losses to increase significantly.

As an early-stage company without recognized revenues, we have experienced operating losses since inception. As of March 31, 2000, we had cumulative net losses of \$39.8 million and cumulative cash used by operating activities of \$14.9 million since inception. We expect to incur significant losses in the future. In addition, as we commence operations, our losses will increase as we:

- . increase the number of IBX centers;
- . increase our sales and marketing activities, including expanding our direct sales force; and
- . enlarge our customer support and professional services organizations.

As a result, we must significantly increase our revenues to become profitable.

Because our ability to generate enough revenues to achieve profitability depends on numerous factors, we may not become profitable.

Our IBX centers may not generate sufficient revenue to achieve profitability. Our ability to generate sufficient revenues to achieve profitability will depend on a number of factors, including:

- . the timely completion of our IBX centers;
- . demand for space and services, including private interconnection services, at our IBX centers;
- . our pricing policies and the pricing policies of our competitors;
- . the timing of customer installations and related payments;
- . competition in our markets;
- . the timing and magnitude of our expenditures for sales and marketing;
- . direct costs relating to the expansion of our operations;

5

- . growth of Internet use;
- . governmental regulation;
- . conditions related to international operations;
- . economic conditions specific to the Internet industry; and
- . general economic factors.

We are substantially leveraged and we may not generate sufficient cash flow to meet our debt service and working capital requirements.

We are highly leveraged. We have total indebtedness of \$213.7 million and we expect to incur further debt to fund our IBX construction plans. Our highly leveraged position could have important consequences, including:

- . impairing our ability to obtain additional financing for working capital, capital expenditures, acquisitions or general corporate purposes;
- . requiring us to dedicate a substantial portion of our operating cash flow to paying principal and interest on our indebtedness, thereby reducing the funds available for operations;
- . limiting our ability to grow and make capital expenditures due to the financial covenants contained in our debt arrangements;
- . impairing our ability to adjust rapidly to changing market conditions, invest in new or developing technologies, or take advantage of significant business opportunities that may arise; and
- . making us more vulnerable if a general economic downturn occurs or if our business experiences difficulties.

In the past, we have experienced unforeseen delays in connection with our IBX construction activities. We will need to successfully implement our business strategy on a timely basis to meet our debt service and working capital needs. We may not successfully implement our business strategy, and even if we do, we may not realize the anticipated results of our strategy or generate sufficient operating cash flow to meet our debt service obligations and working capital needs.

In the event our cash flow is inadequate to meet our obligations, we could face substantial liquidity problems. If we are unable to generate sufficient cash flow or otherwise obtain funds needed to make required payments under our indebtedness, or if we breach any covenants under our indebtedness, we would be in default under its terms and the holders of such indebtedness may be able to accelerate the maturity of such indebtedness, which could cause defaults under our other indebtedness.

If we do not obtain significant additional funds, we may not be able to complete our rollout plan on a timely basis, or at all.

Following this offering, we expect to have approximately \$382.0 million in unrestricted cash, cash equivalents and short-term investments. We expect that this will allow us to pursue 15 IBX projects. These projects are comprised of eight centers, including our three current centers, and seven expansion

projects. If we cannot raise sufficient additional funds on acceptable terms or funds under our proposed credit facility are unavailable to us or our losses exceed our expectations, we may delay the rollout of our currently planned IBX centers or permanently reduce our rollout plans. There can be no assurance that we will enter into the proposed credit facility. Additional financing could take the form of debt or equity. In the past, we have had difficulties obtaining debt financing due to the early stage of our company's development. Financing may not be available to us at the time we seek to raise additional funds, or if such financing is available, it may only be available on terms, or in amounts, which are unfavorable to us.

6

The anticipated timing and amount of our capital requirements is forward-looking and therefore inherently uncertain. In the past, we have experienced unforeseen delays and expenses in connection with our IBX construction activities. Our future capital requirements may vary significantly from what we currently project, and the timing of our rollout plan may be affected by unforeseen construction delays and expenses and the amount of time it takes us to lease space within our IBX centers. If we encounter any of these problems or if we have underestimated our capital expenditure requirements or the operating losses or working capital requirements, we may require significantly more financing than we currently anticipate.

Our rollout plan is preliminary and we may need to alter our plan and reallocate funds.

Our IBX center rollout plan is preliminary and has been developed from our current market data and research, projections and assumptions. If we are able to secure additional financing, we expect to pursue additional IBX projects and to reconsider the timing and approach to IBX projects. We expect to continually reevaluate our business and rollout plan in light of evolving competitive and market conditions and the availability of suitable sites, financing and customer demand. As a result, we may alter our IBX center rollout and reallocate funds, or eliminate segments of our plan entirely if there are:

- . changes or inaccuracies in our market data and research, projections or assumptions;
- . unexpected results of operations or strategies in our target markets;
- . regulatory, technological, and competitive developments, including additional market developments and new opportunities; or
- . changes in, or discoveries of, specific market conditions or factors favoring expedited development in other markets.

Our results of operations may be harmed by charges associated with our issuance of performance-based warrants.

The underlying shares of common stock associated with the performance-based warrants issued by us to AT&T, Bechtel and WorldCom are required under applicable accounting guidelines to be revalued at each balance sheet date to reflect their current fair value until the holder's performance commitment to us is complete. Any resulting increase in the fair value of the underlying shares of common stock would be recorded as a leasehold improvement, reducing our earnings through the depreciation of the related asset or potential impairment write-down. See Notes 2, 6 and 11 of "Notes to Consolidated Financial Statements."

We rely upon Bechtel and suitable site availability to complete our IBX center rollout plans on time.

We have agreed to exclusively use Bechtel Corporation as our contractor to provide program management, site identification and evaluation and construction services to build approximately 29 projects over a four-year period under mutually agreed upon guaranteed completion dates. Problems in our relationship with Bechtel could materially adversely affect our ability to achieve our business objectives on a timely and cost-effective basis. There can be no assurance that Bechtel will not work with our competitors following the expiration of Bechtel's exclusivity period.

In addition, our success will depend upon our ability to timely identify and acquire on acceptable terms suitable locations with proximity to adequate power and fiber networks. We have encountered competition for suitable sites from potential competitors and we expect this to increase further in the future.

We depend on third parties to provide Internet connectivity to our IBX centers; if connectivity is not established or is delayed, our operating results and cash flow will be adversely affected.

The presence of diverse Internet fiber from communications carriers' fiber networks to an Equinix IBX center is critical to our ability to attract new customers. We believe that the availability of such carrier capacity will directly affect our ability to achieve our projected results.

We are not a communications carrier, and as such we rely on third parties to provide our customers with carrier facilities. We intend to rely primarily on revenue opportunities from our customers to encourage carriers to incur the expenses required to build facilities from their points of presence to our IBX centers. Carriers will likely evaluate the revenue opportunity of an IBX center based on the assumption that the environment will be highly competitive. There can be no assurance that, after conducting such an evaluation, any carrier will elect to offer its services within our IBX centers.

The construction required to connect multiple carrier facilities to our IBX centers is complex and involves factors outside of our control, including regulatory processes and the availability of construction resources. For example, in the past carriers have experienced delays in connecting to our facilities. If the establishment of highly diverse Internet connectivity to our IBX centers does not occur or is materially delayed, our operating results and cash flow will be adversely affected.

We will operate in a new highly competitive market and we may be unable to compete successfully against new entrants and established companies with greater resources.

In a market that we believe will likely have an increasing number of competitors, we must be able to differentiate ourselves from existing providers of space for telecommunications equipment and web hosting companies. We may also face competition from persons seeking to replicate our IBX concept. Our competitors may operate more successfully than we do or form alliances to acquire significant market share. Furthermore, enterprises that have already invested substantial resources in peering arrangements may be reluctant or slow to adopt our approach that may replace, limit or compete with their existing systems. If we are unable to complete our IBX centers in a timely manner, other companies may be able to attract the same customers that we are targeting. Once customers are located in our competitors' facilities, it will be extremely difficult to convince them to relocate to our IBX centers.

Some of our potential competitors have longer operating histories and significantly greater financial, technical, marketing and other resources than we do. Because of their greater financial resources, some of these companies have the ability to adopt aggressive pricing policies. As a result, in the future, we may suffer from pricing pressure which would adversely affect our ability to generate revenues and affect our operating results. See "Business--Competition."

Because we depend on the development and growth of a balanced customer base, failure to attract this base could harm our business and operating results.

Our ability to maximize revenues depends on our ability to develop and grow a balanced customer base, consisting of a variety of companies, including content providers, application service providers, e-commerce companies, bandwidth providers and site and performance management companies. Our ability to attract customers to our IBX centers will depend on a variety of factors, including the presence of multiple carriers, the overall mix of our customers, our operating reliability and security and our ability to effectively market our services. Construction delays, our inability to find suitable locations to build additional IBX centers, equipment and material shortages or our inability to obtain necessary permits on a timely basis could delay our IBX center rollout schedule and prevent us from developing our anticipated customer base.

A customer's decision to lease cabinet space in our IBX centers typically involves a significant commitment of resources and will be influenced by, among other things, the customer's confidence that other Internet and e-commerce related businesses will be located in a particular IBX center. In particular, some customers will be reluctant to commit to locating in our IBX centers until they are confident that the IBX center has adequate carrier connections. Our success will also depend upon generating significant interconnection revenues from customers which may depend upon a balanced customer base, as well as upon the success of our IBX centers at facilitating business among customers.

In addition, some of our customers will be Internet companies that face many competitive pressures and that may not ultimately be successful. If these customers do not succeed, they will not continue to use our IBX centers. This may be disruptive to our business and may adversely affect our business, financial condition and results of operations.

If not properly managed, our growth and expansion could significantly harm our business and operating results.

Our anticipated growth may significantly strain our resources as a result of an increase in the number of our employees, the number of operating IBX centers and our international expansion. Any failure to manage growth effectively could seriously harm our business and operating results. To succeed, we will need to:

- . hire, train and retain new employees and qualified engineering personnel at each IBX center;
- . implement additional management information systems;
- . locate additional office space for our corporate headquarters;
- . improve our operating, administrative, financial and accounting systems and controls; and
- . maintain close coordination among our executive, engineering, accounting, finance, marketing, sales and operations organizations.

We face risks associated with international operations that could harm our business.

We intend to construct IBX centers outside of the United States and we will commit significant resources to our international sales and marketing activities. Our management has limited experience conducting business outside of the United States and we may not be aware of all the factors that affect our business in foreign jurisdictions. We will be subject to a number of risks associated with international business activities that may increase our costs, lengthen our sales cycles and require significant management attention. These risks include:

- . increased costs and expenses related to the leasing of foreign centers;
- . difficulty or increased costs of constructing IBX centers in foreign countries;
- . difficulty in staffing and managing foreign operations;
- . increased expenses associated with marketing services in foreign countries;
- . business practices that favor local competition and protectionist laws;
- . difficulties associated with enforcing agreements through foreign legal systems;
- . general economic and political conditions in international markets;
- . potentially adverse tax consequences, including complications and restrictions on the repatriation of earnings;
- . currency exchange rate fluctuations;
- . unusual or burdensome regulatory requirements or unexpected changes to those requirements;
- . tariffs, export controls and other trade barriers; and
- . longer accounts receivable payment cycles and difficulties in collecting accounts receivable.

To the extent that our operations are incompatible with, or not economically viable within, any given foreign market, we may not be able to locate an IBX center in that particular foreign jurisdiction.

Our new management team must prove that it can work together effectively.

We have recently hired many key personnel, including our chief executive officer, chief financial and corporate development officer, vice president of operations, vice president of worldwide sales, chief marketing

9

officer, vice president of IBX development and general counsel. As a result, our management team has worked together for only a brief time. Our ability to effectively execute our strategies will depend in part upon our ability to integrate our current and future managers into our operations. If our executives are unable to operate together effectively, our business, financial condition and results of operations will be materially adversely affected.

We must attract and retain key personnel to maintain and grow our business.

We require the services of additional personnel in positions related to our growth. For example, we need to expand our marketing and direct sales operations to increase market awareness of our IBX centers, market our services to a greater number of enterprises and generate increased revenues. We also require highly capable technical personnel to provide the quality services we are promoting. As a result, we plan to hire additional personnel in related capacities. Our success depends on our ability to identify, hire, train and retain additional qualified personnel, including managers, particularly in

areas related to our anticipated growth and geographic expansion.

We may not be successful in attracting, assimilating or retaining qualified personnel. In addition, due to generally tight labor markets, our industry, in particular, suffers from a lack of available qualified personnel. If we lose one or more of our key employees, we may not be able to find a replacement and our business and operating results could be adversely affected.

Any failure of our physical infrastructure or services could lead to significant costs and disruptions which could reduce our revenue and harm our business reputation and financial results.

Our business depends on providing our customers with highly reliable service. The services we provide are subject to failure resulting from numerous factors, including:

- . human error;
- . physical or electronic security breaches;
- . fire, earthquake, flood and other natural disasters;
- . power loss; and
- . sabotage and vandalism.

Problems at one or more of our centers, whether or not within our control, could result in service interruptions or significant equipment damage. Any loss of services, particularly in the early stage of our development, could reduce the confidence of our customers and could consequently impair our ability to obtain and retain customers which would adversely affect our ability to generate revenues and affect our operating results.

We may still discover that our computer systems and those of third parties with whom we do business may not be year 2000 compliant, which may cause system failure and disruptions of operations.

We have not experienced any year 2000-related disruption in the operation of our systems. However, we cannot assure you that we will not discover any year 2000 compliance problems. Our failure to fix or replace our software, hardware or services on a timely basis could result in lost revenues, increased operating costs and the loss of customers and other business interruptions, any of which could have a material adverse effect on our business. Moreover, the failure to adequately address year 2000 compliance issues in our information technology systems could result in claims of mismanagement, misrepresentation or breach of contract and related litigation, which could be costly and time-consuming to defend.

10

In addition, we have not experienced any year 2000-related disruption in the systems of third parties with whom we do business and we have assurances from our material hardware and software vendors that their products are year 2000 compliant. Although we have not incurred any material expenditure in connection with identifying or evaluating year 2000 compliance issues to date, we do not at this time possess the information necessary to estimate the potential costs of revisions or replacements to our software and systems or third-party software, hardware or services that are determined not to be year 2000 compliant. Such expenses could have a material adverse effect on our business, financial condition and results of operations.

Risks Related to Our Industry

If use of the Internet and electronic business does not continue to grow, a viable market for our IBX centers may not develop.

Rapid growth in the use of and interest in the Internet has occurred only recently. Acceptance and use may not continue to develop at historical rates and a sufficiently broad base of consumers may not adopt or continue to use the Internet and other online services as a medium of commerce. Demand and market acceptance for recently introduced Internet services and products are subject to a high level of uncertainty and there are few proven services and products. As a result, we cannot be certain that a viable market for our IBX centers will emerge or be sustainable.

We must respond to rapid technological change and evolving industry standards in order to meet the needs of our customers.

The market for IBX centers will be marked by rapid technological change, frequent enhancements, changes in customer demands and evolving industry standards. Our success will depend, in part, on our ability to address the increasingly sophisticated and varied needs of our current and prospective customers. Our failure to adopt and implement the latest technology in our business could negatively affect our business and operating results.

In addition, we have made and will continue to make assumptions about the standards that may be adopted by our customers and competitors. If the standards adopted differ from those on which we have based anticipated market acceptance of our services or products, our existing services could become obsolete. This would have a material adverse effect on our business, financial condition and results of operations.

Government regulation may adversely affect the use of the Internet and our business.

Laws and regulations governing Internet services, related communications services and information technologies, and electronic commerce are beginning to emerge but remain largely unsettled, even in areas where there has been some legislative action. It may take years to determine whether and how existing laws, such as those governing intellectual property, privacy, libel, telecommunications, and taxation, apply to the Internet and to related services such as ours. In addition, the development of the market for online commerce and the displacement of traditional telephony services by the Internet and related communications services may prompt increased calls for more stringent consumer protection laws or other regulation, both in the United States and abroad, that may impose additional burdens on companies conducting business online and their service providers. The adoption or modification of laws or regulations relating to the Internet, or interpretations of existing law, could have a material adverse effect on our business, financial condition and results of operations.

Risks Related to this Offering

Our stock price may be particularly volatile and could decline substantially because of the industry in which we compete.

The stock market in general has recently experienced extreme price and volume fluctuations. In addition, the market prices of securities of technology companies have been extremely volatile, and have experienced fluctuations that have often been unrelated to or disproportionate to the operating performance of these companies. These broad market fluctuations could adversely affect the market price of our common stock. In

11

addition, as an early stage company, small delays in implementation of our IBX rollout plan and in customer sign-ups could result in material variations in our quarterly results and quarter-to-quarter growth in the foreseeable future. This could result in greater volatility in our stock price. These fluctuations could lead also to costly class action litigation which could significantly harm our business and operating results.

Existing stockholders significantly influence us and could delay or prevent an acquisition by a third party.

On completion of this offering, our executive officers, directors, their affiliates, and other 5% stockholders will beneficially own, in the aggregate, approximately 48.9% of our outstanding common stock, assuming no exercise of the underwriters' over-allotment option. We have requested that the underwriters reserve up to _____ shares for sale at the initial public offering price to current and potential customers, others with whom we do business, existing stockholders, employees, and friends of Equinix. If our executive officers, directors, their affiliates, and other 5% stockholders purchase any of these shares in this offering from the underwriters, their aggregate percentage ownership will increase. As a result, these stockholders will be able to exercise significant influence over all matters requiring stockholder approval, including the election of directors and approval of significant corporate transactions, which could have the effect of delaying or preventing a third party from acquiring control over us. For information regarding the ownership of our outstanding stock by our executive officers, directors, their affiliates, and other 5% stockholders, please see "Principal Stockholders."

We have implemented anti-takeover provisions that could make it more difficult to acquire us.

Our amended and restated certificate of incorporation, our amended and restated bylaws and Delaware law contain provisions that could make it more difficult for a third party to acquire us, even if doing so would be beneficial to our stockholders. These provisions include:

- . authorizing the issuance of shares of undesignated preferred stock without a vote of stockholders;
- . prohibiting stockholder action by written consent; and
- . limitations on stockholders' ability to call special stockholder meetings.

We are also currently considering other anti-takeover measures, including a stockholders' rights plan.

Substantial sales of our common stock could depress our stock price.

If our stockholders sell substantial amounts of our common stock in the public market following this offering, the market price of our common stock could fall. Based on shares outstanding as of June 15, 2000, upon completion of this offering, we will have outstanding 66,220,385 shares of common stock. Upon completion of this offering, shares of common stock, including the 12,500,000 shares being sold in this offering will be eligible for sale in the public market immediately, unless purchased by our affiliates or by some participants in our directed share program who enter into lockup agreements. Our stockholders will be subject to agreements with the underwriters or us that restrict their ability to transfer their stock for 180 days from the date of this prospectus. After these agreements expire, an additional shares will be eligible for sale in the public market.

As a new investor, you will incur substantial dilution as a result of this offering and future equity issuances.

The initial public offering price is substantially higher than the book value per share of our outstanding common stock. As a result, investors purchasing common stock in this offering will incur immediate substantial dilution of \$10.30 a share. In addition, we have issued options and warrants to acquire common stock at prices significantly below the initial public offering price. To the extent outstanding options or warrants are ultimately exercised, there will be further dilution to investors in this offering. We have in the past and may in the future issue equity securities to our partners. Any issuances to these partners may cause further dilution to investors in this offering. If we issue additional equity securities, stockholders may experience dilution, and the new equity securities could have rights senior to those of existing holders of our common stock.

12

FORWARD-LOOKING STATEMENTS

This prospectus contains forward-looking statements. These statements relate to future events or our future financial performance. In some cases, you can identify forward-looking statements by terminology--for instance, may, will, should, expect, plan, anticipate, believe, estimate, predict, potential or continue, the negative of these terms or other comparable terminology. These statements are only predictions. Actual events or results may differ materially. In evaluating these statements, you should specifically consider various factors, including the risks outlined in the risk factors section. These factors may cause our actual results to differ materially from any forward-looking statement.

Although we believe that the expectations reflected in the forward-looking statements are reasonable, we cannot guarantee future results, levels of activity, performance or achievements. Moreover, neither we nor any other person assumes responsibility for the accuracy and completeness of the forward-looking statements. We are under no duty to amend this prospectus to update any of the forward-looking statements after the date of this prospectus to conform these statements to actual results or to changes in our expectations. However, we are subject to the reporting requirements of the Securities Exchange Act of 1934, and as a result will file periodic current reports with the Securities and Exchange Commission that will report all material changes to our business as well as include material information to revise or correct any misleading statements.

USE OF PROCEEDS

Our net proceeds from the sale of the 12,500,000 shares of common stock we are offering are estimated to be \$184.2 million, assuming an initial public offering price of \$16.00 per share and after deducting underwriting discounts and commissions and estimated offering expenses payable by us. If the underwriters' over-allotment option is exercised in full, we estimate that our net proceeds will be approximately \$212.1 million. We expect to use the net proceeds to fund the design, construction and operation of additional IBX centers and for other general corporate purposes, including working capital. A portion of the net proceeds may also be used for the acquisition of businesses that are complementary to ours or real property that may be used for IBX centers. We have no current agreements or commitments for acquisitions of complementary businesses, products, or technologies. Pending these uses, we will invest the net proceeds of this offering in investment grade and interest-bearing securities.

DIVIDEND POLICY

We have not paid any cash dividends since inception and do not currently intend to pay any cash dividends.

13

CAPITALIZATION

The following unaudited table sets forth our capitalization as of March 31, 2000:

- . on an actual basis;
- . pro forma to give effect to the issuance of 6,262,161 shares of our Series C preferred stock at a price of \$15.08 per share in May and June 2000 and the conversion of all outstanding shares of preferred stock, including Series C, into common stock upon the closing of this offering; and
- . pro forma as adjusted reflects the sale of 12,500,000 shares offered herein at the initial public offering price of \$16.00 per share, after deducting the underwriting discount and estimated offering expenses.

Please read the capitalization table together with the sections of this registration statement entitled "Selected Consolidated Financial Data" and "Management's Discussion and Analysis of Financial Condition and Results of Operations" and the financial statements included in this registration statement.

Total capitalization.....	\$288,528	\$382,961	\$567,161

</TABLE>

- (1) Reflects the portion of the net proceeds from the 13% Senior Notes used to purchase a portfolio of U.S. government securities to fund the first three scheduled interest payments on the notes, plus accrued interest and restricted cash of \$3,451,200, plus accrued interest provided as collateral under four separate security agreements for standby letters of credit and an escrow account entered into and in accordance with certain lease agreements.
- (2) Excludes 4,422,745 shares of common stock issuable upon the exercise of outstanding warrants and 2,956,565 shares of common stock issuable upon the exercise of outstanding options as of March 31, 2000.

The pro forma net tangible book value of our common stock as of March 31, 2000, giving effect to the conversion of all shares of preferred stock outstanding as of March 31, 2000 into common stock on the closing of this offering, including the Series C preferred stock sold in May and June 2000, was \$190,657,000, or approximately \$3.58 per share. Pro forma net tangible book value per share represents the amount of our stockholders' equity, divided by 53,247,040 shares of common stock outstanding, after giving effect to the conversion of the preferred stock outstanding as of March 31, 2000 into shares of common stock, including the Series C preferred stock sold in May and June 2000.

Dilution per share to new investors represents the difference between the amount per share paid by purchasers of shares of common stock in this offering and the pro forma net tangible book value per share of common stock immediately after completion of this offering. After giving effect to the sale by us of the shares of Series C preferred stock in May and June 2000, the shares of common stock in this offering and after deducting the estimated underwriting discounts and commissions and estimated offering expenses and the application of the estimated net proceeds from this offering, our pro forma net tangible book value as of March 31, 2000, would have been \$374,857,000, or \$5.70 per share. This represents an immediate increase in net tangible book value of \$2.12 per share to existing stockholders and an immediate dilution in net tangible book value of \$10.30 per share to purchasers of common stock in this offering. The following table illustrates the per share dilution:

<TABLE>		
<S>	<C>	<C>
Initial public offering price per share.....		\$16.00

Pro forma net tangible book value per share as of March 31, 2000.....	\$3.58	
Increase per share attributable to new investors.....	2.12	

Pro forma net tangible book value per share after this offering.....		5.70

Dilution per share to new investors		\$10.30
		=====

</TABLE>

The following table sets forth on a pro forma basis as of March 31, 2000, after giving effect to the conversion of all outstanding shares of preferred stock into common stock upon completion of this offering, the difference between the number of shares of common stock purchased from Equinix, the total consideration paid to Equinix and the average price paid by existing stockholders and by new investors, before deduction of estimated discounts and commission and estimated offering expenses payable by us:

<TABLE>
<CAPTION>

	Shares Purchased		Total Consideration		Average Price Per Share
	Number	Percent	Amount	Percent	
<S>	<C>	<C>	<C>	<C>	<C>
Existing stockholders.....	53,247,040	81.0%	\$191,883,000	49.0%	\$ 3.60
New stockholders.....	12,500,000	19.0	200,000,000	51.0	\$16.00

Total.....	65,747,040	100.0%	391,883,000	100.0%	\$ 5.96
					=====

</TABLE>

As of June 15, 2000, there were options outstanding to purchase a total of 7,087,305 shares of common stock at a weighted average exercise price of \$3.79 per share under our 1998 Stock Option Plan. In addition, as of June 15, 2000, there were warrants outstanding to purchase a total of 6,213,745 shares of common stock and convertible preferred stock at a weighted average exercise price of \$0.80 per share. To the extent outstanding options or warrants are exercised, there will be further dilution to new investors.

If the underwriters' over-allotment option is exercised in full, the number of shares held by new investors will increase to 14,375,000 shares, or 21.3% of the total number of shares of common stock outstanding after this offering.

SELECTED CONSOLIDATED FINANCIAL DATA

The following statement of operations data for the periods from our inception on June 22, 1998 to December 31, 1998, and for the year ended December 31, 1999, and the balance sheet data as of December 31, 1998 and 1999 have been derived from our audited consolidated financial statements and the

related notes to the financial statements. The statement of operations data for the three months ended March 31, 1999 and 2000 and balance sheet data as of March 31, 2000 were derived from our unaudited condensed interim consolidated financial statements included elsewhere in this registration statement, which in the opinion of management, include all adjustments, consisting only of normal recurring adjustments, which we consider necessary for a fair presentation of our financial position and results of operations for this period. Our historical results are not necessarily indicative of the results to be expected for the full year or future periods. Our historical results are not necessarily indicative of the results to be expected for future periods. The pro forma as adjusted column gives effect to the issuance of Series C preferred stock in May and June 2000 and this offering and related matters as though they had occurred on March 31, 2000. See "Capitalization". The following selected financial data should be read in conjunction with our consolidated financial statements and the related notes to the consolidated financial statements and "Management's Discussion and Analysis of Financial Condition and Results of Operations" included elsewhere in this registration statement.

(1) Adjusted EBITDA consists of net loss excluding interest, income taxes, depreciation and amortization of capital assets and amortization of deferred stock-based compensation. Adjusted EBITDA is presented to enhance an understanding of our operating results, is not intended to represent cash flow or results of operations in accordance with generally accepted accounting principles for the period indicated and may be calculated differently than Adjusted EBITDA for other companies. Adjusted EBITDA is not a measure determined under generally accepted accounting principles nor is it a measure of liquidity.

17

MANAGEMENT'S DISCUSSION AND ANALYSIS OF
FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Overview

Equinix designs, builds and operates neutral IBX centers where Internet businesses place their equipment and their network facilities in order to interconnect with each other to improve Internet performance. Our neutral IBX centers provide content providers, application service providers, or ASPs, and e-commerce companies with the ability to directly interconnect with a choice of bandwidth providers, Internet service providers, or ISPs, and site and performance management companies. Equinix currently has IBX centers in the Washington, D.C. metropolitan area, the New York metropolitan area and in Silicon Valley. We intend to complete construction of five additional IBX centers and seven expansion projects by May 2001, resulting in a total of eight IBX centers in the U.S. and Europe. From our inception on June 22, 1998 through December 31, 1999, our operating activities consisted primarily of designing and building our first three IBX centers, searching for additional space for IBX center expansion, developing our management team and raising private equity

and third party debt to fund the design and building of our IBX centers.

We generate recurring revenues primarily from the leasing of cabinet space and the provisioning of direct interconnections between our customers. In addition, we intend to offer value-added services and professional services including "Smart Hands" service for customer equipment installations and maintenance. Customer contracts for the lease of cabinets, interconnections and switch ports are renewable and typically range from one to three years with payments for services made on a monthly basis. We entered into our first customer contract in April 1999. In addition, we generate non-recurring revenues which are comprised of installation charges that are billed upon successful installation of our customer cabinets, interconnections and switch ports. Both recurring and non-recurring revenues are recognized ratably over the term of the contract.

We have contracts with approximately 65 customers, many of which have signed multi-site and multi-year contracts. Assuming completion of our planned IBX projects, the full installation of the customer equipment contemplated by these contracts and no incremental interconnection revenue beyond the minimum provided for by these contracts, these contracts would provide us with monthly revenue of \$1.9 million. Of that amount, \$1.5 million relates to installed customer equipment and does not depend upon our further construction efforts. Because we may alter our rollout schedule and we depend upon third parties to construct and connect our facilities with fiber and, accordingly, the timing of installations, we cannot predict when and whether we will realize the full value of these contracts. Moreover, our customer contracts can be terminated upon requisite written notice.

Cost of revenues consist primarily of rental payments on our IBX centers, site employees' salaries and benefits, utility costs, amortization and depreciation of IBX center build-out costs and equipment and engineering power, redundancy and security systems support and services. We expect that our cost of revenues will increase significantly as we continue our rollout of additional IBX centers.

Our selling, general and administrative expenses consist primarily of costs associated with recruiting, training and managing new employees, salaries and related costs of our operations, marketing and sales, customer fulfillment and support functions costs and finance and administrative personnel and related professional fees. Our current sales and marketing expenses, including sales personnel, will increase significantly as we continue our rollout of additional IBX centers into new domestic and international markets. We expect to significantly increase our sales and marketing activities.

We recorded deferred stock-based compensation of approximately \$1.1 million, \$19.4 million and \$4.9 million in connection with stock options granted during 1998, 1999 and the three months ended March 31, 2000, respectively, where the deemed fair value of the underlying common stock was subsequently determined to be greater than the exercise price on the date of grant. Approximately \$164,000, \$6.6 million and \$3.5 million was amortized to stock-based compensation expense for the period and year ended December 31,

18

1998 and 1999, respectively and the three months ended March 31, 2000, respectively. Options granted are typically subject to a four year vesting period. We are amortizing the deferred stock-based compensation on an accelerated basis over the vesting periods of the applicable options in accordance with FASB Interpretation No. 28. The remaining \$15.1 million of deferred stock-based compensation at March 31, 2000 will be amortized over the remaining vesting period. Based on grants from April 1 through June 15, 2000, we expect to record additional deferred stock-based compensation of approximately \$39.8 million. As a result of the cumulative effect of stock-based compensation, we expect stock-based compensation expense, which is primarily attributable to amortization of deferred stock-based compensation charges, to impact our reported results through December 31, 2004. Based on option grants through June 15, 2000, we expect stock-based compensation expense to be approximately \$27.9 million for the year ending December 31, 2000.

A key aspect of our strategy is to capitalize on our first mover advantage and to execute our rapid IBX center rollout program. The rollout of these additional IBX centers will significantly increase both fixed and operating expenses, including expenses associated with hiring, training and managing new employees, leasing and maintaining additional IBX centers, power and redundancy system engineering support and related costs, implementing security systems and related costs and depreciation.

Results of Operations

Since our inception in June 1998, we have experienced operating losses and negative cash flows from operations in each quarter. As of March 31, 2000 we had an accumulated deficit of \$39.8 million. The revenue and income potential of our business and market is unproven, and our short operating history makes an evaluation of our business and prospects difficult. There can be no assurance that we will ever achieve profitability on a quarterly or annual

basis or, if achieved, sustain such profitability.

Three Months Ended March 31, 1999 and 2000

Revenues. We recognized revenues of \$135,600 for the three months ended March 31, 2000. Revenues consisted of recurring revenues of \$124,200, primarily from the leasing of cabinet space, and non-recurring revenue of \$11,400 related to the recognized portion of installation revenue. Installation and service fees are recognized ratably over the term of the contract. We did not offer IBX center colocation or interconnection exchange services during the three months ended March 31, 1999, and as such, no revenues were recognized during that time period.

Cost of Revenues. Cost of revenues increased from \$43,100 for the three months ended March 31, 1999 to \$3.3 million for the three months ended March 31, 2000, an increase of \$3.3 million. Cost of revenues consists primarily of rental payments for our leased IBX centers, site employees' salaries and benefits, utility costs, power and redundancy system engineering support services and related costs, security services and related costs and depreciation and amortization of our IBX center buildout and other equipment costs. As of March 31, 1999, we had not opened any IBX centers, but we had incurred rent expense on the first IBX center. During the three months ended March 31, 2000, we incurred expenses on our first three operational IBX centers.

Sales and Marketing. Sales and marketing expenses increased from \$143,800 for the three months ended March 31, 1999 to \$4.5 million for the three months ended March 31, 2000, an increase of \$4.4 million. Sales and marketing expenses consist primarily of compensation and related costs for the sales and marketing personnel, sales commissions, marketing programs, public relations, promotional materials and travel. The increase in sales and marketing expense resulted from the addition of personnel in our sales and marketing organizations, reflecting our increased selling effort and our efforts to develop market awareness. Also included in sales and marketing for the three months ended March 31, 1999 and 2000 are \$28,500 and \$1.4 million, respectively, of stock-based compensation expense. We anticipate that sales and marketing expenses will increase in absolute dollars as we increase our investment in these areas to coincide with the rollout of additional IBX centers.

19

General and Administrative. General and administrative expenses increased from \$1.2 million for the three months ended March 31, 1999 to \$6.3 million for the three months ended March 31, 2000, an increase of \$5.1 million. General and administrative expenses consist primarily of salaries and related expenses, accounting, legal and administrative expenses, professional service fees and other general corporate expenses. The increase in general and administrative expenses was primarily the result of increased expenses associated with additional hiring of personnel in management, finance and administration, as well as other related costs associated with supporting the Company's expansion. Also included in general and administrative for the three months ended March 31, 1999 and 2000 are \$346,700 and \$2.0 million, respectively, of stock-based compensation expense.

Interest Expense, net. For the three months ended March 31, 1999, we reported interest income of \$106,000 and interest expense of \$32,200. For the three months ended March 31, 2000, we reported net interest expense of \$4.0 million. Net interest for the three months ended March 31, 2000 consisted of interest income of \$3.7 million offset by interest expense of \$7.7 million. Interest income increased substantially due to higher cash, cash equivalent and short-term investment balances held in interest bearing accounts, resulting from the proceeds of the senior notes and preferred stock financing activities. Interest expense for the three months ended March 31, 2000 is a result of the issuance of senior notes and increased debt facilities and capital lease obligations and amortization of the senior notes debt facilities and capital lease obligation discount.

Period from Inception (June 22, 1998) through December 31, 1998 and Year Ended December 31, 1999

Revenues. We recognized revenues of \$37,100 for the year ended December 31, 1999. In addition, we entered into contracts with other customers and allocated cabinet space to these customers as of December 31, 1999. Although we entered into these customer contracts, we have not recognized such amounts as revenues as the sales cycle was not yet complete by December 31, 1999. We did not offer IBX center colocation or interconnection exchange services from inception through December 31, 1998, and as such, no revenues were recognized from the date of inception to December 31, 1998.

Cost of Revenues. We incurred cost of revenues of \$3.3 million for the year ended December 31, 1999. Cost of revenues is primarily comprised of rental payments for our leased IBX centers, site employees' salaries and benefits, utilities costs, power and redundancy system engineering support services and related costs, security services and related costs and depreciation and amortization of our IBX center build-out and other equipment costs. We did not

</TABLE>

As a result of our limited operating history, we do not have historical financial data for a significant number of periods on which to base planned operating expenses. Quarterly revenues and operating results depend substantially on the rate of new customer acquisitions, whether the related revenues are recognized

21

immediately or deferred over future time periods, the rollout of our IBX centers and changes in our operating expenses. Accordingly, these factors could have a material adverse effect on our business, results of operations and financial condition. We may be unable to adjust spending in a timely manner to compensate for any unexpected revenue shortfall, and any significant shortfall in revenue in relation to our expectations would have an immediate adverse effect on our business, results of operation and financial condition. Due to the foregoing factors, it is possible that in some future periods our operating results may be below the expectations of public market analysts and investors. In this event, the price of our common stock may underperform or fall.

Liquidity and Capital Resources

Since inception, we have financed our operations and capital requirements primarily through the issuance of senior notes, the private sale of preferred stock and debt financing for aggregate gross proceeds of approximately \$412.7 million. Following this offering, we expect to have approximately \$382.0 million in cash and cash equivalents from this offering and the issuance of our Series C preferred stock and an additional \$27.5 million of restricted cash to fund interest expense on our 13% Senior Notes due 2007. Our principal sources of liquidity following this offering will consist of this cash and \$5.0 million in debt and capital lease facilities. As of March 31, 2000, our total indebtedness from our senior notes, debt facilities and capital lease obligations was \$213.7 million.

Net cash used in operating activities was \$796,000 for the period from inception to December 31, 1998, \$9.9 million for the year ended December 31, 1999 and \$4.2 million for the three months ended March 31, 2000. We used cash primarily to fund our net loss from operations.

Net cash used in investing activities was \$5.3 million for the period from inception to December 31, 1998, \$86.3 million for the year ended December 31, 1999 and \$10.9 million for the three months ended March 31, 2000. Net cash used in investing activities was primarily attributable to the construction of our IBX centers and the purchase of restricted cash and short-term investments.

Net cash generated by financing activities was \$10.2 million for the period from inception to December 31, 1998 and \$295.2 million for the year ended December 31, 1999. Net cash used in financing activities was \$370,700 for the three months ended March 31, 2000. The cash generated from financing activities

for the period from inception through December 31, 1998 was due to the sale of Series A preferred stock. The cash generated by financing activities for the year ended December 31, 1999 was primarily due to the issuance of senior notes, proceeds from debt and capital lease facilities and proceeds from the issuance of Series B preferred stock. Net cash used in financing activities during the three months ended March 31, 2000 was primarily due to the repayment of debt facilities and capital lease obligations, offset by proceeds from the exercise of stock options.

In March 1999, we entered into a loan and security agreement in the amount of \$7.0 million bearing interest at 7.5% to 9.0% per annum repayable in 36 to 42 equal monthly payments with a final interest payment equal to 15% of the advance amounts due at maturity. In May 1999, we entered into a master lease agreement in the amount of \$1.0 million. This master lease agreement was increased by addendum in August 1999 by \$5.0 million. This agreement bears interest at either 7.5% or 8.5% and is repayable over 42 months in equal monthly payments with a final interest payment equal to 15% of the advance amounts due on maturity. In August 1999, we entered into a loan agreement in the amount of \$10.0 million. This loan agreement bears interest at 8.5% and is repayable over 42 months in equal monthly payments with a final interest payment equal to 15% of the advance amounts due on maturity. At March 31, 2000, we had total debt and capital lease financings available of \$23.0 million, of which we had drawn down \$18.0 million.

In December 1999, we issued \$200.0 million aggregate principal amount of 13% Senior Notes due 2007 for aggregate net proceeds of \$193.4 million, net of offering expenses. Of the \$200.0 million gross proceeds, \$16.2 million was allocated to additional paid-in capital for the fair value of the common stock warrants and

22

recorded as a discount to the senior notes. Senior notes, net of the unamortized discount, is \$184.4 million as of March 31, 2000.

In December 1999, we completed the private sale of our Series B preferred stock, net of issuance costs, in the amount of \$81.7 million.

In June 2000, we completed the private sale of our Series C preferred stock in the amount of \$94.4 million.

On May 23, 2000, we entered into a purchase agreement regarding our purchase of real property in San Jose, California for approximately \$82.0 million. The sale is scheduled to close on June 21, 2000, pending additional due diligence by us. We currently anticipate that a third party financier will purchase the property at the closing and then will lease this property back to us pursuant to a long-term lease. There can be no assurance that we will be able to secure this arrangement. If we are not able to secure this arrangement we have the option to purchase the property directly. However, we do not intend to do so at this time.

We intend to complete construction of five additional IBX centers and several expansion projects by May 2001, resulting in a total of eight IBX centers in the U.S. and Europe. We intend to finance these IBX centers through current cash flow from our existing IBX centers and approximately \$750.0 million of additional financing. As of June 15, 2000, we had \$201.6 million in cash, cash equivalents and short-term investments available to us. We anticipate that the funds currently available to us are sufficient to fund the capital expenditure and working capital requirements, including operating losses, associated with the initial rollout of seven IBX centers and two IBX center expansion projects. To complete the implementation of our rollout plan within our proposed time frame we anticipate that we will need to raise funds through a combination of additional debt or equity financing. If we cannot raise sufficient additional funds on acceptable terms, or in amounts required by us, we may delay the rollout of additional IBX centers or permanently reduce our rollout plans. If we are unable to raise additional funds to further our rollout, we anticipate that the cash flow generated from the IBX centers, for which we will have obtained financing, will be sufficient to meet the working capital, debt service and corporate overhead requirements associated with those IBX centers.

We expect that our cash on hand and anticipated cash flow from operations will be adequate to build an additional five IBX centers and expansion projects on built IBX centers by May 2001. We estimate that our aggregate capital expenditure requirements through such period will be approximately \$299.8 million. Assuming sufficient customer demand and the availability of additional financing, we will build additional IBX centers. We are continually evaluating the location, number and size of our facilities based upon the availability of suitable sites, financing and customer demand. If we cannot raise additional funds on acceptable terms or funds under our proposed credit facility are unavailable to us or our losses exceed our expectations, we may delay the currently planned projects, the rollout of additional IBX centers or permanently reduce our rollout plans. Additional financing may take the form of debt or equity. If we are unable to raise additional funds to further our rollout, we anticipate that the cash flow generated from the eight IBX centers,

for which we will have obtained financing if the credit facility is available, will be sufficient to meet the working capital, debt service and corporate overhead requirements associated with those IBX centers.

Recent Accounting Pronouncements

In June 1998, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards, or SFAS, No. 133, Accounting for Derivative Instruments and Hedging Activities. SFAS No. 133 establishes accounting and reporting standards for derivative instruments, including derivative instruments embedded in other contracts, and for hedging activities. SFAS No. 133, as amended by SFAS No. 137, Deferral of the Effective Date of FASB Statement No. 133, is effective for all fiscal quarters of fiscal years beginning after June 15, 2000. This statement does not currently apply to us as we do not have any derivative instruments or engage in hedging activities.

23

In December 1999, the SEC issued Staff Accounting Bulletin 101, or SAB 101, Revenue Recognition, which outlines the basic criteria that must be met to recognize revenue and provides guidance for presentation of revenue and for disclosure related to revenue recognition policies in financial statements filed with the SEC. The adoption of SAB 101 did not have a material impact on our financial position and results of operations.

In March 2000, the FASB issued Interpretation No. 44, Accounting for Certain Transactions Involving Stock Compensation - an Interpretation of APB 25. This Interpretation clarifies (a) the definition of employee for purposes of applying Opinion 25, (b) the criteria for determining whether a plan qualifies as a noncompensatory plan, (c) the accounting consequence of various modifications to the terms of a previously fixed stock option or award, and (d) the accounting for an exchange of stock compensation awards in a business combination. This Interpretation is effective July 1, 2000, but certain conclusions in this Interpretation cover specific events that occur after either December 15, 1998, or January 12, 2000. To the extent that this Interpretation covers events occurring during the period after December 15, 1998, or January 12, 2000, but before the effective date of July 1, 2000, the effects of applying this Interpretation are recognized on a prospective basis from July 1, 2000. We believe the adoption of FIN 44 will not have a material impact on our financial position and results of operations.

Impact of the Year 2000

We have not experienced any year 2000-related disruption in the operation of our systems. Although most year 2000 problems should have become evident on January 1, 2000, additional year 2000-related problems may become evident only after that date.

Quantitative and Qualitative Disclosures About Market Risk

Equinix has limited exposure to financial market risks, including changes in interest rates. An increase or decrease in interest rates would not significantly increase or decrease interest expense on debt obligations due to the fixed nature of our debt obligations. Our interest income is sensitive to changes in the general level of U.S. interest rates, particularly since the majority of our investments are in short-term instruments. Due to the short-term nature of our investments, we believe that we are not subject to any material market risk exposure. Equinix does not currently have any foreign operations and thus our exposure to foreign currency fluctuations is minimal.

The fair market value of long-term fixed interest rate debt is subject to interest rate risk. Generally, the fair market value of fixed interest rate debt will increase as interest rates fall and decrease as interest rates rise. The interest rate changes affect the fair market value but do not impact earnings or cash flows. The effect of an immediate 10% change in interest rates would not have a material impact on our future operating results or cash flows. Fair market values were determined from quoted market prices.

24

BUSINESS

Overview

Equinix designs, builds and operates neutral IBX centers where Internet businesses place their equipment and their network facilities in order to interconnect with each other to improve Internet performance. Our neutral IBX centers place our customers' operations at a central location and provide them with the highest level of security, multiple back-up services, flexibility to grow and technical assistance. Our neutral IBX centers provide content providers, ASPs and e-commerce companies with the ability to directly interconnect with a competitive choice of bandwidth providers, ISPs and site and performance management companies. Content providers include those companies that supply information, education or entertainment content such as Excite@Home. ASPs include those companies that supply hosted applications to

enterprises over the Internet, such as Storage Networks. E-commerce companies include those companies which conduct the sale of goods and services over the Internet. ISPs provide Internet connectivity services and include companies such as InterNAP and NorthPoint Communications Group. Bandwidth providers include companies such as Worldcom and AT&T. Site and performance management companies include one-stop Web presence integrators and content distribution companies such as iBeam. Equinix IBX centers enable Internet companies to quickly, easily and privately interconnect with a choice of business partners and customers as well as aggregate services in order to provide them with the flexibility, speed and scalability they need to accelerate business growth in a more cost effective way.

Equinix currently has IBX centers in the Washington, D.C. metropolitan area, the New York metropolitan area and in Silicon Valley. We intend to complete construction of five additional IBX centers and several expansion projects by May 2001, resulting in a total of eight IBX centers in the U.S. and Europe. Our customers include: Cable & Wireless, Concentric Network, Excite@Home, iBeam, InterNAP, WorldCom, NorthPoint Communications Group, Teleglobe and Storage Networks.

We were incorporated in Delaware in June 1998. Two of our founders, Albert M. Avery, IV, our president and chief operating officer, and Jay S. Adelson, our chief technology officer, were responsible for designing, building and operating the Palo Alto Internet Exchange, or PAIX, one of the first and most active global Internet exchange points. PAIX launched commercial service in July 1996 and was functioning at full capacity within one year of introduction.

Since March 1999, we have raised more than \$412.7 million to fund the rollout of our IBX centers. In April 1999, our first customer contract was signed, and we began recognizing revenue in December 1999. We have not yet been profitable and expect to incur significant additional losses.

Market Opportunity

Since the early 1990s, the Internet has experienced tremendous growth and is emerging as a global medium for communications and commerce. According to Forrester Research, the number of Internet sites worldwide is expected to grow from fewer than 500,000 in 1997 to approximately 4.0 million in 2002. According to International Data Corporation, worldwide Internet business commerce sales are forecast to grow from approximately \$50 billion at the end of 1998 to approximately \$1.3 trillion by the end of 2003.

As a result of competitive pressures, Internet and e-commerce companies are demanding facilities that provide multiple interconnections with a broad cross-section of product and service providers and customers. The tremendous growth of Internet usage and e-commerce has aggravated the inefficiencies of the current Internet architecture, which has constrained businesses' abilities to effectively grow and manage their Internet operations.

As the Internet and Internet businesses experienced significant growth and demand, and content providers emerged, vertically integrated hosting providers evolved to provide these businesses with places to locate their equipment and access the Internet. Until now, Internet businesses have had to rely on these vertically integrated hosting providers for the distribution of content and delivery of services between thousands of individual

25

networks. Internet and e-commerce companies who choose to colocate equipment at these facilities typically have no choice but to purchase bandwidth from the owner of the facility. Bandwidth is typically known as the rate at which data flows over a network and is measured in bits per second. This can be costly, given the lack of competition, and a significant risk if the facility owner's network were to fail or have performance problems.

As content becomes more critical, the choice of suppliers and direct interconnection become increasingly important. Forrester Research predicts that a combination of rapid Internet growth and increased outsourcing of Internet-related services will create an acute need for Internet-related hosting and colocation services, producing U.S. revenue growth from approximately \$3.5 billion in the year 2000 to over \$14 billion by 2003.

The Equinix Solution

Equinix IBX centers provide the environment and services to meet the challenges facing Internet businesses today. Our centers will provide a free market environment where choice stimulates efficient business growth. Because Internet companies have a broad choice of product and service providers, they can increase their service offerings, deliver services more efficiently and have access to a larger potential customer base. As a result, we are able to provide the following key benefits to our customers:

Choice. We believe that the ability of customers to choose among a variety of product and service providers is the fundamental driver of dynamic growth in commerce. By offering this crucial element of choice, our IBX centers are

designed to serve as a catalyst for our customers that creates synergy among them and makes it possible for them to adapt their business models to successfully scale, or keep pace, with the growth of each other and of the Internet. Internet and e-commerce related businesses view the IBX center as a forum to attract additional customers and diversify sources of supply for their businesses.

Opportunity to Increase Revenues and Reduce Costs. Our customers will have access to a variety of potential business partners. Accordingly, our customers will have a better opportunity to increase the size of their addressable markets, accelerate revenue growth and improve the quality of their services at our IBX centers. In addition, participants will be able to enhance their ability to control costs by aggregating their service purchases at a single location and through improved purchasing power.

Scalability. Our IBX centers will both stimulate and support the efficient growth of our customers. From a facility perspective, we construct our IBX centers to be large enough to accommodate our customers' short-term needs, and our plan is to maintain sufficient available expansion space to meet their long-term growth needs where possible. In addition, through our global presence we will have a broad capacity to meet customers' multi-market and multi-geographic requirements. On an individual basis, customers are able to design their own unique cabinet configurations within a shared or private cage environment. As the need arises, customers can expand within their original cage or upgrade into a cage which meets their expanded requirements. We predict that customers will require this added capacity as they interconnect with each other and expand their customer reach.

Reliability. Our IBX design provides our customers with reliable and disaster-resistant environments that are necessary for optimum Internet commerce interconnection. We believe that the level of excellence and consistency achieved in our IBX architecture and design results in premium, secure, fault-tolerant exchanges. Our IBX centers are designed to offer our customers redundant, high-bandwidth Internet connectivity through multiple third-party connections. Additionally, our solutions include multiple layers of physical security, scalable cabinet space availability, on-site trained staff 24 hours per day, 365 days per year, dedicated areas for customer care and equipment staging, redundant AC/DC power systems and multiple other redundant, fault-tolerant infrastructure systems.

Equinix Strategy

Our objective is to provide content providers, ASPs and e-commerce companies with the ability to directly interconnect with a choice of bandwidth providers, ISPs, and site and performance management companies to

26

grow their business. Equinix IBX centers enable Internet companies to quickly, easily and privately interconnect with a choice of business partners and customers, providing them with the flexibility, speed and adaptability they need to accelerate business growth and to allow a faster, more reliable Internet. To accomplish this objective we are employing the following strategies:

Provide Customer Choice. We provide our customers with the freedom to choose their preferred product and service providers. We call this a neutral environment and it is one of the fundamental characteristics of an IBX center. We believe this is a significantly improved approach compared with the current Internet model because it offers customers increased value and reliability based on the availability of multiple providers of needed services. In traditional colocation or Web hosting environments, customers are often limited to a single choice of network provider, site management company, or performance management company. This limited choice can lead to single points of failure for customers or a limited number of options to choose from for value added services. The Equinix model of neutrality gives customers a wide range of providers to choose from for each of the services they require for increased Internet performance and reliability. For instance, in each IBX customers can choose from multiple network providers, ISPs and Web management companies. The ability to choose who they work with directly leads to better Internet business performance due to the increased diversity and an improved overall total cost of ownership since these suppliers are competing for the customers' business within the IBX center. Our customers will benefit from a neutral environment that stimulates efficient business growth through accelerated network economics, or the value derived by a provider at an IBX center from being able to sell its services to a locally-aggregated set of customers, created by the efficient and rapidly growing interaction between Internet businesses.

Manage Choice to Create Network Effect. To attract the widest choice of Internet partners, it is important to provide a robust mix of leading companies from a variety of businesses and services. This allows content providers, e-commerce companies and ASPs the opportunity to interconnect with a wide variety of companies. As a result of the IBX interconnection model, IBX participants encourage their customers, suppliers and business partners to also come into the IBX center. These customers, suppliers and business partners may also, in

turn, encourage their business partners to locate in IBX centers resulting in additional customer growth. For example, a large financial site who may choose to locate in an Equinix IBX may encourage a bandwidth provider, a site management company or another content partner, like a financial news service, to also locate in the same IBX. In turn, these bandwidth providers or content partners will also bring their business partners to the IBX. This network effect enhances the value of an IBX center with each new customer as interconnections provide monthly recurring revenues.

Leverage Strategically Scalable Centers. The network effect created by the Equinix IBX model requires strategic scalability to support the dynamic IBX growth environment. Our expansion plans are designed to meet the growth of our customers. Our IBX centers will both stimulate and support the efficient growth of our customers. From a facility perspective, we construct our IBX centers to be large enough to accommodate our customers' short term needs, and our plan is to maintain sufficient available expansion space to meet their long-term growth needs where possible.

Expand Globally and Capitalize on First-Mover Advantage. We believe that capitalizing on our first mover advantage is essential to establishing leadership in the rapidly developing neutral Internet business exchange market. As a result, we currently plan to open additional IBX centers in the United States and internationally. We believe the demand for our international IBX centers and services will be significant due to the early stage of Internet infrastructure deployment outside of the U.S.

Establish Equinix as the Leading Brand for IBX Centers. We plan to establish Equinix as the industry standard for the highest quality business to business Internet exchanges. Through brand awareness and promotion we intend to create a strong following among all top content providers, ASPs and e-commerce companies. We believe that this strong brand awareness, combined with our ability to provide the highest quality business to business marketplace facilities and professional services will provide us with a competitive advantage in our market.

27

Leverage Blue-Chip Equity Owners. Our stockholders are some of the most influential companies driving the development, operation and utilization of the Internet. They provide us with invaluable technical and business insight, industry contacts and customer relationships to help expedite the expansion of our business. These stockholders include Artemis S.A., Bechtel Corp., Benchmark Capital, The Carlyle Group, Cisco Systems and Reuters.

Customers

Customers typically sign renewable contracts of one to three years in length, often with options on additional space. Our current customers include Cable & Wireless, Concentric Network, Excite@Home, iBeam, InterNAP, Worldcom, NorthPoint Communications Group, Teleglobe and Storage Networks. Additionally, InterNAP, WorldCom, NorthPoint Communications Group, Excite@Home, Teleglobe and Storage Networks have signed multi-site agreements.

Historically, Internet businesses have been vertically integrated and provided all services directly to their customers. These services typically include marketing, access and Internet backbone connectivity, server hosting, and other services such as e-mail and Usenet newsgroups. Continued rapid growth, innovation, competition and scarce human resources have opened the door for companies to specialize in core Internet services and outsourced other elements of their business or product to suppliers. These specialized players include:

- . content providers and e-commerce companies supplying information, education or entertainment content and conducting the sale of goods and services;
- . ASPs offering hosted applications over the Internet;
- . ISPs offering end-users Internet access and customer support;
- . bandwidth providers (telecommunications carriers); and
- . site and performance management companies which integrate and manage a customer's end-to-end web presence and performance.

We consider these companies to be the core of our customer base and we offer each customer a choice of business partners and solutions that are designed to meet their unique and changing needs.

We believe our IBX centers provide choice and neutrality that are important to companies interested in the growth and reliability of the Internet. Equinix does not compete with its customers and partners and offers choice within each customer segment. We believe most Internet companies benefit from the choice of a wide variety of Internet business partners because their business interaction is greatly enhanced, which in turn can translate to new revenue sources,

greater efficiency and growth.

We believe the additional benefits to all customer segments include:

- . Expedited service delivery
- . Scalable, flexible, fault-tolerant environment
- . Cost savings through aggregating purchases and sales at a single location
- . Minimize packet loss and latency, or time that elapses between a request for information and its arrival
- . Ability to focus on core competencies
- . Centralized market with access to dozens of potential customers and partners
- . Proximity to service providers reduces operations, technology and marketing costs, quickens service deployment, and improves performance
- . Multiple layers of physical security
- . Elimination of capital investment for facilities
- . 24X7 on-site Internet and telecommunications-trained staff

28

We believe our IBX centers offer the following additional benefits to our customers:

Type of Customer:

Benefits:

- . Direct interconnection with a choice of multiple bandwidth providers, Internet service providers, and site and performance management companies. Choice gives participants the ability to decide which suppliers are the most cost-effective and provide the level of service they require. The benefits to content providers, ASPs and e-commerce companies include maximized Web presence, increased revenue streams, greater security and increased customer satisfaction

Content Providers, ASPs and E-Commerce Companies

- . Simplified outsourcing of various component services including DSL, e-mail, Usenet and content distribution

Internet Service Providers

- . Direct peering, or traffic exchange, with other ISPs over private high-speed dedicated interconnections
- . Simplified outsourcing of various component services including DSL, e-mail, Usenet and content distribution
- . Expedited, flexible, scalable and cost-efficient bandwidth provisioning

Bandwidth Providers (Carriers)

- . Economies of scale with reduced capital costs
- . Centralized market with access to dozens of potential customers

Site and Performance Management Companies

- . Direct interconnection with a choice of multiple bandwidth providers and ISPs. Choice gives site and performance management companies the ability to decide which suppliers are the most cost-effective and provide the level of service they require

Services

Within our IBX centers, customers can place their equipment and interconnect with a choice of Internet companies. Equinix also provides customized solutions for customers looking to resell IBX space component as part of their complete, one-stop shop solution.

Cabinets. Customers have several choices for collocating their equipment. They can place the equipment in an Equinix shared or private cage or customize their space to build their own data center within an IBX center. Cabinets are 84 inches high, suitable for networking and server colocation. Cable trays support cables between and among cabinets. Stationary or slide shelves and enclosed cabinets are available upon request. As a customer's colocation requirements increase, they can expand within their original cage or upgrade into a cage that meets their expanded requirements.

Shared Cages. A shared cage environment is designed for customers needing less than ten full cabinets to house their equipment. Each cabinet in a shared cage is individually secured with an advanced trackable electronic locking system and the cage itself is secured with the biometric hand-geometry system.

Private Cages. Customers that contract for a minimum of five full cabinets can use a private cage to house their equipment. Private cages are also available in larger full cabinet sizes. Each private cage is individually secured with the biometric hand-geometry system.

Data Centers. Customers interested in providing a hosting service or colocation center have the option of outsourcing the design, construction and management of the physical facility to Equinix. Each customer can

29

customize the cabinet configuration within the space they purchase from Equinix in order to satisfy their specific customers' needs.

Interconnection

Physical Cross-Connect. Customers needing to directly connect to another IBX customer can do so for a set price. Equinix leaves the choice of speed and media type to the participants, based on their needs. Cross connections are installed, delivered and tested by us within twenty-four hours of a customer's request.

Central Switching Fabric. Customers may choose to connect to our central switching fabric rather than purchase a direct physical cross connection. With a connection to this switch, a customer can aggregate multiple interconnects over one physical wire instead of purchasing individual physical cross connects.

Direct Connections. Customers requiring a dedicated communications link may directly connect to each other. Direct connections are Any Mode Any Speed, which means they can include single-mode fiber, multi-mode fiber, and other media upon request, as well as handle any speed required by the customer. These cross connections are customized and terminated per customer instructions and may be implemented within 24 hours of request.

Value-Added Services

Our IBX centers are staffed with Internet and telecommunications specialists who are on-site and available 24 hours per day, 365 days per year. These professionals are trained to perform installations of customer equipment and cross connections.

Core Infrastructure Services. Those customers with a port connection on the central switching fabric have access to multiple core infrastructure services. These services address critical intelligent networking requirements and assist customers in improving the quality of their interconnection and traffic exchange.

"Smart Hands" Services. Our customers can take advantage of our professional "Smart Hands" service, which gives customers access to our IBX staff for a variety of troubleshooting tasks, when their own staff is not on site. These tasks include power cycling, card swapping, and performing emergency equipment replacement. Services are available on-demand or by customer contract.

IBX Design and Staffing

Our IBX centers are designed to provide a state-of-the-art, secure, full-service, neutral operating environment of a minimum of 900 cabinets, or 50,000 square feet, in the first-phase buildout for colocation of customer equipment. The IBX centers are designed to provide specific and compelling improvements over legacy facilities, including scalability to meet our customer's ongoing growth, improved security, redundancy of all key infrastructure systems and improved customer care. An IBX center is divided into six basic functional areas--access, customer care, colocation, telecommunications access, mechanical and power systems and operations.

Access Area. The access area includes a bullet-resistant guard booth; a welcome area, a hand-geometry enrollment station, and a mantrap to further control access to the IBX center. All doors and access ways are secured with biometric hand-geometry readers to ensure absolute identification and authentication. All customers and Equinix employees entering an Equinix IBX center must be cleared through this secured zone.

Customer Care Area. The customer care area includes a seating section, conference rooms, Internet workstations, customer equipment preparation work areas, equipment lockers, a game room, bathrooms, showers and a kitchen.

Colocation Area. The colocation area is divided into large cages to house networking and customer computer equipment that is secured by biometric security access systems. This area includes dual independent

30

AC and DC power distribution systems, full-automated CCTV digital camera

security surveillance, and a tamper-proof overhead cable-management system with separate trays for fiber and copper data, AC power and DC power cables. Access to the colocation area is through the customer care area.

Telecommunications Access Area. All IBX centers will have a minimum of two dedicated fiber entry vaults for telecommunications carrier access to the colocation area. In addition, every IBX center has roof space or a separate platform for customers who access the IBX center via wireless devices such as satellite dishes, radio antennae and microwave.

Mechanical and Power Systems Area. The mechanical and power systems area includes machine rooms and space used to house all mechanical, power safety and security equipment. Fully redundant heating, ventilation, air conditioning and power systems, as well as dual electric utility feeds support all areas of the IBX center. Power systems are designed and periodically tested to transparently handle rapid transition from public utility power to back-up power. The AC uninterruptible power supply and DC battery systems are configured to operate a fully occupied IBX center for a minimum of fifteen minutes. If there is a utility power failure, the on-site generator system could be brought on-line in less than eight seconds through an automatic transfer switch to supply seamless, uninterrupted power to the IBX center. The emergency generators, located in a specially equipped area, supply power to the AC and DC systems. On-site fuel tanks store sufficient fuel to power a fully occupied IBX center for a minimum of 48 hours.

Operations Area. The operations area houses the IBX manager's office, an operations center for staff technicians and office space for visiting Equinix employees. It includes consoles for monitoring all IBX environmental systems and for tracking all activities at the IBX center. In selected IBX centers, this area will house regional operations centers that will monitor the operations of several IBX centers.

Additional Specifications

Security System. All access controls and other security functions are connected to a central security computer system that controls access to the interior and exterior perimeters of the IBX centers. An armed security guard located behind the bullet-resistant security console controls access to the colocation area. The caged sections of the colocation area can only be accessed through hand-geometry readers located on cage doors. Digital cameras connected to a central system at the security console monitor and record all activity within the IBX center, as well as the perimeter and the roof.

Staffing. A typical IBX center is staffed with nine Equinix employees, including one IBX manager and eight technical service personnel who provide 24 hours per day, 365 days per year coverage for customer support needs. In addition, an IBX facility has two armed security guards on duty at all times, a chief engineer and 24-hour technical support.

Other. For security purposes, an Equinix IBX center is anonymous. No indications of center ownership or function are visible from the exterior. In addition, there are no raised floors and all walls are airtight and without windows. Our IBX centers are designed with advanced fire suppression systems which are armed with sensory mechanisms to sample the air and raise alarms before pressurization or release. Finally, an Equinix IBX center is designed to withstand a seismic event of 7.5 as measured on the Richter scale.

IBX Rollout Schedule

The objective of our global rollout strategy is to rapidly establish a leadership position in the mission critical Internet and e-commerce markets. Equinix currently has IBX centers in the Washington, D.C. metropolitan area, the New York metropolitan area and in Silicon Valley. We intend to complete construction of five additional IBX centers and several expansion projects by May 2001, resulting in a total of eight IBX centers in the U.S. and Europe. The scalable nature of our IBX model enables us to be flexible in response to changing market opportunities. As a result, the timing and placement of our IBX centers will vary depending on numerous factors, including customer need, technological and other developments.

In November 1999, the Company entered into a definitive agreement with WorldCom whereby WorldCom agreed to install high-bandwidth local connectivity services to the Company's first seven IBX centers by a pre-determined date in exchange for a warrant to purchase 675,000 shares of common stock of the Company at \$0.67 per share (the "WorldCom Warrant"). The WorldCom Warrant is immediately exercisable and expires five years from the date of grant. As of March 31, 2000, warrants for 187,500 shares are subject to repurchase at the original exercise price if WorldCom's performance commitments are not completed.

In November 1999, the Company entered into a master agreement with Bechtel Corporation, or Bechtel, whereby Bechtel agreed to act as the exclusive contractor under a Master Agreement to provide program management, site

identification and evaluation, engineering and construction services to build approximately 29 IBX centers over a four year period under mutually agreed upon guaranteed completion dates. As part of the agreement, the Company granted Bechtel a warrant to purchase 352,500 shares of the Company's common stock at \$1.00 per share (the "Bechtel Warrant"). The Bechtel Warrant is immediately exercisable and expires five years from date of grant. As of March 31, 2000, warrants for 281,988 shares are subject to repurchase at the original exercise price, if Bechtel's performance commitments are not complete.

Sales and Marketing

Sales

We use a direct sales force to market our services to Internet and e-commerce related businesses. We are organizing our sales force by customer segments as well as establishing a sales presence in diverse geographic regions, which will enable efficient servicing of the customer base from a network of regional offices. A regional office is comprised of a manager, sales representatives and technical support personnel. We also have reseller agreements with several large customers. These distribution channels will account for a smaller portion of our business by design. In addition, our sales team will work closely with each customer to foster the natural network effect of our IBX model, resulting in access to a wider potential customer base via our existing customers. As a result of the IBX interconnection model, IBX participants encourage their customers, suppliers and business partners to also come into the IBX. These customers, suppliers and business partners also, in turn, encourage their business partners to locate in IBX centers resulting in additional customer growth. This network effect significantly reduces Equinix's customer acquisition costs.

Before opening an IBX center, we secure key anchor customers and focus on generating sales commitments for at least 20% of the available capacity. Our sales strategy is to target the top 25 companies in our customer segments, which include content providers, ASPs, e-commerce companies, carriers, ISPs and site and performance management companies. Momentum in the selling process and the presence of anchor customers are important to attracting additional potential customers who see the IBX center as an opportunity to generate new customers and revenues. We expect a substantial number of customers to contract for services at multiple IBX centers and have already received orders from such customers. At each IBX center, our sales representatives will screen prospective customers and will manage the population of the IBX center to ensure an appropriate mix of customer types.

Marketing

To support our sales effort and to actively promote and solidify the Equinix brand, we plan to conduct comprehensive marketing programs. Our marketing strategies will include an active public relations campaign, print advertisements, online advertisements, trade shows, speaking engagements, strategic partnerships and on-going customer communications programs. We are focusing our marketing effort on business and trade publications, online media outlets, industry events and sponsored activities. We participate in a variety of Internet, computer and financial industry conferences and encourage our officers and employees to pursue speaking engagements at these conferences. In addition to these activities, we intend to build recognition through sponsoring or leading industry technical forums and participating in Internet industry standard-setting bodies.

Competition

Our market is new, rapidly evolving, and likely to have an increasing number of competitors. To be successful in this emerging market, we must be able to sufficiently differentiate our IBX model from existing colocation and web hosting companies. We may also face competition from persons seeking to replicate our IBX concept. We may not be successful in differentiating ourselves or achieving widespread market acceptance of our business. Furthermore, enterprises that have already invested substantial resources in peering arrangements may be reluctant or slow to adopt our approach that may replace, limit or compete with their existing systems. If we are unable to complete our IBX centers in a timely manner, other companies will be able to attract the same customers that we are targeting. Once the customers are located in our competitors' facilities, it will be very difficult, if not impossible, to convince them to relocate to our IBX centers.

We may encounter competition from a number of sources, some of which may also be our customers, including:

- . vertically integrated Web site hosting, colocation and ISP companies such as AboveNet, Exodus, GlobalCenter and Globix;
- . established communications carriers such as AT&T, Level 3, WorldCom and Qwest; and

. emerging colocation service providers such as Colo.com, CO Space and Telehouse.

Potential competitors may bundle their products or incorporate colocation services in a manner that is more attractive to our potential customers than purchasing cabinet space in our IBX centers and utilizing our services. Furthermore, new competitors or alliances among competitors may emerge and rapidly acquire significant market share. Our competitors may be able to respond more quickly to new or emerging technologies and changes in customer requirements than we can.

Some of our potential competitors have longer operating histories and significantly greater financial, technical, marketing and other resources than we do. In particular, carriers and several hosting and colocation companies have extensive customer bases and broad customer relationships that they can leverage, including relationships with many of our potential customers. These companies also have significantly greater customer support and professional service capabilities than we do. Because of their greater financial resources, some of these companies have the ability to adopt aggressive pricing policies. As a result, in the future we may have to adopt pricing strategies that compete with such competitors to attract and retain customers. Any such pricing pressures would adversely affect our ability to generate revenues.

Employees

As of March 31, 2000, we had 136 employees and 21 full-time consultants. We had 104 employees based at our corporate headquarters in Redwood City, California and our regional sales offices in New York, NY and Reston, VA. Of those employees, 28 were in engineering and operations, 48 were in sales and marketing and 28 were in management and finance. The remaining 32 employees were based at our Washington, D.C., New York, NY and Silicon Valley IBX centers.

Properties

Our executive offices are currently located in Redwood City, CA and after August 2000 will be located in Mountain View, CA. We have entered into lease commitments for IBX centers in Ashburn, VA, Newark, NJ, San Jose and Los Angeles, CA, Chicago, IL, Dallas, TX, and Amsterdam, The Netherlands. Relating to future IBX centers, we do not intend to own real estate or buildings but rather continue to enter into lease agreements with a minimum term of ten years, renewal options and rights of first refusal on space for expansion.

Legal Proceedings

We are currently not involved in any litigation.

33

MANAGEMENT

Officers, Key Employees and Directors

Our officers, key employees and directors, and their ages as of June 15, 2000, are as follows:

<TABLE>	
<CAPTION>	
Name	Age Position
- ----	--- -----
<S>	
Peter F. Van Camp.....	44 Chief Executive Officer and Director
Albert M. Avery, IV.....	56 President, Chief Operating Officer and Director
Jay S. Adelson.....	29 Chief Technology Officer
Philip J. Koen.....	48 Chief Financial Officer, Corporate Development Officer and Secretary
Marjorie S. Backaus.....	38 Chief Marketing Officer
Roy A. Earle.....	43 Vice President, IBX Development
Peter T. Ferris.....	42 Vice President, Worldwide Sales
Renee F. Lanam.....	37 General Counsel and Assistant Secretary
Andrew S. Rachleff.....	41 Director
John G. Taysom.....	46 Director
Michelangelo Volpi.....	33 Director

</TABLE>

Peter F. Van Camp has served as Equinix's chief executive officer and as a director since May 2000. From March 1999 to May 2000, Mr. Van Camp was employed at UUNet, the Internet division of WorldCom, where he served as president of Internet markets and, most recently, as president of the Americas region. Before joining UUNet, Mr. Van Camp served as president of WorldCom Advanced Networks from February 1998 to March 1999. During the period from May 1995 to February 1998, Mr. Van Camp was president of Compuserve Network Services. Before holding this position, Mr. Van Camp held various positions at Compuserve, Inc. during the period between October 1982 to May 1995. Mr. Van Camp currently serves as a director of Paradyne Networks, Inc., a public

company. Mr. Van Camp holds a B.S. in accounting and computer science from Boston College.

Albert M. Avery, IV, one of our founders, has served as Equinix's president, chief operating officer and as a director since May 2000. From our inception in June 1998 to May 2000, Mr. Avery served as our president, chief executive officer and as a director. During the period from February 1996 to June 1998, Mr. Avery was general manager of the Palo Alto Internet Exchange, or PAIX, of Digital Equipment Corporation, or DEC, a division of Compaq. During the period from March 1994 to February 1996, Mr. Avery served as chief of staff to the vice president of research and advanced development at DEC. Before holding this position, Mr. Avery held a variety of sales, business and engineering management roles at DEC, which he joined in 1968. Mr. Avery holds a B.S. in electrical engineering from Lafayette College and an M.S. in computing from the University of California at Los Angeles.

Jay S. Adelson, one of our founders, has served as Equinix's chief technology officer since our inception in June 1998. From June 1998 to June 2000, Mr. Adelson was also one of our directors. During the period from February 1997 to June 1998, Mr. Adelson was operations manager at PAIX. Before joining PAIX, Mr. Adelson was a founding member of Netcom On-Line Communications, Inc., an Internet services corporation, where, during the period from January 1994 to February 1997, he managed both access and network operations. Mr. Adelson holds a B.S. in communications from Boston University.

Philip J. Koen has served as Equinix's chief financial officer and secretary since July 1999. In addition, Mr. Koen became our corporate development officer in May 2000. Before joining Equinix, Mr. Koen was employed at PointCast, Inc., an Internet company, where he served as chief executive officer during the period from March 1999 to June 1999; chief operating officer during the period from November 1998 to March 1999; and chief financial officer and executive vice president responsible for software development, network operations, finance, information technology, legal and human resources during the period from July 1997 to November 1998. From December 1993 to May 1997, Mr. Koen was vice president of finance and chief

34

financial officer of Etec Systems, Inc., a semi-conductor equipment company. Mr. Koen currently serves as a director of Fortel Corporation and of Centura Software Corp., both public companies. Mr. Koen holds a B.A. in economics from Claremont McKenna University and an M.B.A. from the University of Virginia.

Marjorie S. Backaus has served as Equinix's chief marketing officer since May 2000. From November 1999 to May 2000, Ms. Backaus served as vice president, marketing of Equinix. During the period from August 1996 to November 1999, Ms. Backaus was vice president of marketing at Global One, a telecommunications company. From November 1987 to August 1996, Ms. Backaus served in various positions at AT&T, including that of division manager, DirecTV. Ms. Backaus holds a B.B.A.A. in accounting from Kennesaw State University and an M.B.A. from Emory University.

Roy A. Earle has served as Equinix's vice president, IBX development since November 1999. Before joining Equinix, Mr. Earle was employed at Etec Systems, a semiconductor equipment company where he served as vice president and general manager of display products from September 1997 to November 1999 and as vice president for operations from October 1995 to September 1997. From July 1994 to October 1995, Mr. Earle served as chief operating officer and plant manager at Temic Siliconix, a semiconductor company. Mr. Earle holds a B.S. in chemistry from the University College in Dublin, Ireland and an M.S. in materials science from the University of Sheffield in the United Kingdom.

Peter T. Ferris has served as Equinix's vice president, worldwide sales since July 1999. During the period from June 1997 to July 1999, Mr. Ferris was vice president of sales for Frontier Global Center, a provider of complex web site hosting services. From June 1996 to June 1997, Mr. Ferris served as vice president, eastern sales at Genvity Inc., an Internet services provider. From December 1993 to June 1996, Mr. Ferris was vice president, mid-Atlantic sales at MFS DataNet Inc., a telecommunications services provider. Mr. Ferris holds a B.A. in economics from Ohio Wesleyan University.

Renee F. Lanam has served as Equinix's general counsel and assistant secretary since April 2000. Before joining Equinix, Ms. Lanam was employed at the law firm of Gunderson Dettmer Stough Villeneuve Franklin & Hachigian, LLP ("Gunderson Dettmer"), where she was an associate from January 1996 to January 2000 and a partner from January 2000 to April 2000. Prior to joining Gunderson Dettmer, Ms. Lanam was an associate at the law firms of Jackson, Tufts, Cole & Black and Brobeck, Phleger & Harrison, LLP. Ms. Lanam holds a B.A. in political science from the University of California at Los Angeles and a J.D. from the University of Notre Dame.

Andrew S. Rachleff has served as a director of Equinix since September 1998. In May 1995, Mr. Rachleff co-founded Benchmark Capital, a venture capital firm, and has served as a general partner since that time. Prior to co-founding Benchmark Capital, Mr. Rachleff spent ten years as a general partner with

Merrill, Pickard, Anderson & Eyre, a venture capital firm. Mr. Rachleff also serves on the boards of directors of NorthPoint Communications Group, Inc., a competitive local exchange carrier and one of our stockholders, CacheFlow Inc., an Internet caching appliance company and several privately held companies. Mr. Rachleff holds a B.S. in economics from the University of Pennsylvania and an M.B.A. from Stanford School of Business.

John G. Taysom has served as a director of Equinix since March 2000. Mr. Taysom has been employed by Reuters Plc., a global television and news agency, since 1982, most recently as managing director of the Reuters Greenhouse Fund. Mr. Taysom currently serves as a director of Tibco Software Inc., Digimarc Corp., and several privately held companies. Mr. Taysom holds a B.Sc. in economics from Bath University in the United Kingdom.

Michelangelo Volpi has served as a director of Equinix since November 1999. Mr. Volpi has served in various capacities at Cisco Systems, a data communications equipment manufacturer, since 1994, most recently as chief strategy officer. Mr. Volpi holds a B.S. and an M.S. in mechanical engineering from Stanford University and an M.B.A. from the Stanford Graduate School of Business.

35

Director Compensation

Directors do not receive compensation for services provided as a director or for participation on any committee of the board of directors. Directors are not reimbursed for their out-of-pocket expenses in serving on the board of directors or any committee of the board of directors. Directors are eligible for option grants under our 1998 Stock Plan.

Compensation Committee Interlocks and Insider Participation

No interlocking relationship exists between any member of our board of directors and any member of the board of directors or compensation committee of any other company, and no such interlocking relationship has existed in the past. Currently, we do not have a compensation committee. Instead, compensation related decisions are made by the entire board of directors.

Indemnification

To the fullest extent permitted by applicable law, our amended and restated certificate of incorporation authorizes us to provide indemnification of, and advancement of expenses to, our agents and any other persons to whom the Delaware General Corporation Law permits us to provide indemnification, in excess of the indemnification and advancement otherwise permitted by the Delaware General Corporation Law. Our authorization is subject only to limits created by the Delaware General Corporation Law relating to actions for breach of duty to Equinix, our stockholders and others.

Our bylaws provide for mandatory indemnification of our directors to the fullest extent permitted by Delaware law and for permissive indemnification of any person, other than a director, made party to any action, suit or proceeding by reason of the fact that he or she is or was our officer or employee.

We have also entered into indemnification agreements with our officers and directors containing provisions that may require us to indemnify such officers and directors against liabilities that may arise by reason of their status or service as directors or officers, other than liabilities arising from willful misconduct of a culpable nature, and to advance their expenses incurred as a result of any proceeding against them as to which they could be indemnified.

36

Executive Compensation

The following table sets forth information with respect to compensation for the fiscal year ended December 31, 1999 paid by us for services by each of the individuals who served as our chief executive officer during the fiscal year 1999 and each other executive officer whose total salary for the fiscal year exceeded \$100,000, collectively referred to as the Named Executive Officers.

Summary Compensation Table

<TABLE>
<CAPTION>

Name and Principal Position	Annual Compensation		Long-Term Compensation Awards
	Salary(\$)	Bonus(\$)	Securities Underlying Options(#)
<S>	<C>	<C>	<C>

Albert M. Avery, IV.....	\$	178,020	\$	0	0(1)
President, Chief Executive Officer and Director					
Jay S. Adelson.....	\$	173,754		0	0(1)
Chief Technology Officer and Director					

</TABLE>

-- -----

(1) Each of Messrs. Avery and Adelson purchased 3,030,000 shares of restricted stock on June 22, 1998 in accordance with a stock purchase agreement. Each agreed to amend his stock purchase agreement on July 30, 1998 to subject 2,727,000 of the shares to vesting restrictions. Pursuant to the amendment, the 2,727,000 shares will vest in 48 monthly installments from June 22, 1998. The purchaser will also vest in 25% of the shares if his employment is involuntarily terminated and will vest in all of the shares if his employment is involuntarily terminated within 12 months following a change in control of Equinix. As of December 31, 1999, Messrs. Avery and Adelson had each vested in 1,022,625 of the restricted shares and the restricted shares had a value of \$8,180,489, which represents 1,704,375 unvested shares valued at \$4.80 per share less \$0.0003, the price paid per share. On May 15, 2000, our board of directors agreed to waive our repurchase right with respect to all of Mr. Avery's unvested shares. As a result, Mr. Avery currently holds 2,580,000 fully vested shares of our common stock.

Option Grants in Last Fiscal Year

We have not granted stock options or stock appreciation rights to any of the Named Executive Officers during the fiscal year ended December 31, 1999.

Aggregated Option Exercises in Last Fiscal Year and Fiscal Year-End Option Values

None of the Named Executive Officers exercised options during the fiscal year ended December 31, 1999 and none of the Named Executive Officers held any options at the end of the fiscal year.

Stock Plans

2000 Equity Incentive Plan

Share Reserve. Our board of directors adopted our 2000 Equity Incentive Plan on May 26, 2000. We also intend to ask our stockholders to approve this plan. We have reserved 5,000,000 shares of our common stock for issuance under the 2000 Equity Incentive Plan, plus any shares not yet issued under our 1998 Stock Plan on the date of this offering which will also be available under the 2000 Equity Incentive Plan. On January 1 of each year, starting with the year 2001, the number of shares in the reserve will automatically increase by 6% of the total number of shares of common stock that are outstanding at that time or, if less, by 6,000,000 shares. In general, if options or shares awarded under the 2000 Equity Incentive Plan or the 1998 Stock Plan are forfeited, then those options or shares will again become available for awards under the 2000 Equity Incentive Plan. We have not yet granted any options under the 2000 Equity Incentive Plan.

37

Outstanding options under the 1998 Stock Plan will be incorporated into the 2000 Equity Incentive Plan at the time of this offering and no further option grants will be made under the 1998 Stock Plan. The incorporated options will continue to be governed by their existing terms, unless the Board elects to extend one or more features of the 2000 Equity Incentive Plan to those options or to other outstanding shares. The Board has elected to extend the change in control acceleration feature of the 2000 Equity Incentive Plan to all outstanding options and unvested shares. Previously, options granted under the 1998 Stock Plan provided that vesting of the shares would accelerate upon an acquisition only if not assumed by the acquiring entity.

Administration. The compensation committee of our board of directors administers the 2000 Equity Incentive Plan. The committee has the complete discretion to make all decisions relating to the interpretation and operation of our 2000 Equity Incentive Plan. The committee has the discretion to determine who will receive an award, what type of award it will be, how many shares will be covered by the award, what the vesting requirements will be, if any, and what the other features and conditions of each award will be. The compensation committee may also repricestanding options and modify outstanding awards in other ways.

Eligibility. The following groups of individuals are eligible to participate in the 2000 Equity Incentive Plan:

- . employees;
- . members of our board of directors who are not employees; and
- . consultants.

Types of Award. The 2000 Equity Incentive Plan provides for the following types of awards:

- . incentive stock options to purchase shares of our common stock;
- . nonstatutory stock options to purchase shares of our common stock;
- . restricted shares of our common stock; and
- . stock appreciation rights and stock units.

Options and Stock Appreciation Rights. An optionee who exercises an incentive stock option may qualify for favorable tax treatment under Section 422 of the Internal Revenue Code of 1986. On the other hand, nonstatutory stock options do not qualify for such favorable tax treatment. The exercise price for incentive stock options granted under the 2000 Equity Incentive Plan may not be less than 100% of the fair market value of our common stock on the option grant date. In the case of nonstatutory stock options, the minimum exercise price is 85% of the fair market value of our common stock on the option grant date. Optionees may pay the exercise price by using:

- . cash;
- . shares of common stock that the optionee already owns;
- . a full-recourse promissory note, except that the par value of newly issued shares must be paid in cash;
- . an immediate sale of the option shares through a broker designated by us; or
- . a loan from a broker designated by us, secured by the option shares.

A participant who exercises a stock appreciation right shall receive the increase in value of our common stock over the base price. The base price for stock appreciation rights granted under the 2000 Equity Incentive Plan shall be determined by the compensation committee. The settlement value of the stock appreciation right may be paid in:

- cash; or
- shares of common stock.

38

Options and stock appreciation rights vest at the time or times determined by the compensation committee. In most cases, our options and stock appreciation rights will vest over a four-year period following the date of grant. Options and stock appreciation rights generally expire ten years after they are granted, except that they generally expire earlier if the participant's service terminates earlier. The 2000 Equity Incentive Plan provides that no participant may receive options or stock appreciation rights covering more than 1,000,000 shares in the same year, except that a newly hired employee may receive options or stock appreciation rights covering up to 1,500,000 shares in the first year of employment.

Restricted Shares and Stock Units. Restricted shares and stock units may be awarded under the 2000 Equity Incentive Plan in return for:

- . cash;
- . a full-recourse promissory note, except that the par value of newly issued shares must be paid in cash;
- . services already provided to us; and
- . in the case of treasury shares only, services to be provided to us in the future.

Restricted shares and stock units vest at the time or times determined by the compensation committee.

Change in Control. If a change in control of Equinix occurs, an option or restricted stock award under the 2000 Equity Incentive Plan will not generally become fully vested. However, if the surviving corporation does not assume the option or award or replace it with a comparable award, then vesting will accelerate as to all of the shares of common stock subject to such Award. An option or award will become fully exercisable and fully vested if the holder's employment or service is involuntarily terminated within 18 months following the change in control. A change in control includes:

- . a merger of Equinix after which our own stockholders own 50% or less of the surviving corporation (or its parent company);
- . a sale of all or substantially all of our assets;

- . a proxy contest that results in the replacement of more than one-half of our directors over a 24-month period; or
- . an acquisition of 50% or more of our outstanding stock by any person or group, other than a person related to Equinix (such as a holding company owned by our stockholders).

Amendments or Termination. Our board may amend or terminate the 2000 Equity Incentive Plan at any time. If our board amends the plan, it does not need to ask for stockholder approval of the amendment unless applicable law requires it. The 2000 Equity Incentive Plan will continue in effect indefinitely, unless the board decides to terminate the plan earlier.

Employee Stock Purchase Plan

Share Reserve and Administration. Our board of directors adopted our Employee Stock Purchase Plan on May 26, 2000. We also intend to ask our stockholders to approve this plan. Our Employee Stock Purchase Plan is intended to qualify under Section 423 of the Internal Revenue Code. We have reserved 1,000,000 shares of our common stock for issuance under the plan. On January 1 of each year, starting with the year 2001, the number of shares in the reserve will automatically increase by 2% of the total number of shares of common stock that are outstanding at that time or, if less, by 600,000 shares. The plan will be administered by the compensation committee of our board of directors.

Eligibility. All of our employees are eligible to participate if they are employed by us for more than 20 hours per week and for more than five months per year. Eligible employees may begin participating in the

39

Employee Stock Purchase Plan at the start of any offering period. Each offering period lasts 24 months. Overlapping offering periods start on February 1 and August 1 of each year. However, the first offering period will start on the effective date of this offering and end on July 31, 2002.

Amount of Contributions. Our Employee Stock Purchase Plan permits each eligible employee to purchase common stock through payroll deductions. Each employee's payroll deductions may not exceed 15% of the employee's cash compensation. Purchases of our common stock will occur on January 31 and July 31 of each year. Each participant may purchase up to 2,500 shares on any purchase date. But the value of the shares purchased in any calendar year (measured as of the beginning of the applicable offering period) may not exceed \$25,000.

Purchase Price. The price of each share of common stock purchased under our Employee Stock Purchase Plan will be 85% of the lower of:

- . the fair market value per share of common stock on the date immediately before the first day of the applicable offering period; or
- . the fair market value per share of common stock on the purchase date.

In the case of the first offering period, the price per share under the plan will be 85% of the lower of:

- . the price per share to the public in this offering; or
- . the fair market value per share of common stock on the purchase date.

Other Provisions. Employees may end their participation in the Employee Stock Purchase Plan at any time. Participation ends automatically upon termination of employment with Equinix. If a change in control of Equinix occurs, our Employee Stock Purchase Plan will end and shares will be purchased with the payroll deductions accumulated to date by participating employees, unless the plan is assumed by the surviving corporation or its parent. Our board of directors may amend or terminate the Employee Stock Purchase Plan at any time. Our Chief Executive Officer may also amend the plan in certain respects. If our board increases the number of shares of common stock reserved for issuance under the plan (except for the automatic increases described above), it must seek the approval of our stockholders.

2000 Director Option Plan

Share Reserve. Our board of directors adopted our 2000 Director Option Plan on May 26, 2000. We also intend to ask our stockholders to approve this plan. We have reserved 200,000 shares of our common stock for issuance under the plan. On January 1 of each year, starting with the year 2001, the number of shares in the reserve will automatically increase by 50,000 shares. In general, if options granted under the 2000 Director Option Plan are forfeited, then those options will again become available for grants under the plan. The Director Option Plan will be administered by the compensation committee of our board of directors, although all grants under the plan are automatic and non-discretionary.

Initial Grants. Only the non-employee members of our board of directors will be eligible for option grants under the 2000 Director Option Plan. Each non-employee director who first joins our board after the effective date of this offering will receive an initial option for 25,000 shares. That grant will occur when the director takes office. The initial options vest in four equal annual installments over the four-year period following the date of grant.

Annual Grants. At the time of each of our annual stockholders' meetings, beginning in 2000, each non-employee director who will continue to be a director after that meeting will automatically be granted an annual option for 10,000 shares of our common stock. However, a new non-employee director who is receiving the initial option will not receive the annual option in the same calendar year. The annual options are fully vested on the first anniversary of the date of grant.

40

Other Option Terms. The exercise price of each non-employee director's option will be equal to the fair market value of our common stock on the option grant date. A director may pay the exercise price by using cash, shares of common stock that the director already owns, or an immediate sale of the option shares through a broker designated by us. The non-employee directors' options have a 10-year term, except that they expire one year after a director leaves the board (if earlier). If a change in control of Equinix occurs, a non-employee director's option granted under the 2000 Director Option Plan will become fully vested.

Amendments or Termination. Our board may amend or terminate the 2000 Director Option Plan at any time. If our board amends the plan, it does not need to ask for stockholder approval of the amendment unless applicable law requires it. The 2000 Director Option Plan will continue in effect indefinitely, unless the board decides to terminate the plan.

Employment Agreements and Change in Control Arrangements

The compensation committee of our board of directors, as Plan Administrator of the 2000 Stock Plan, has the authority to provide for accelerated vesting of the shares of common stock subject to outstanding options held by the Named Executive Officers and any other person in connection with certain changes in control of Equinix. In connection with our adoption of the 2000 Stock Plan, we have provided that upon a change in control of Equinix, each outstanding option and all shares of restricted stock will generally become fully vested unless the surviving corporation assumes the option or award or replaces it with a comparable award.

None of our executive officers have employment agreements with us, and their employment may be terminated at any time. Our form offer letter for officers provides for an additional 12 months of vesting if we are acquired or upon a change in control, provided such officer is still employed on the date of acquisition.

We have delivered an offer letter to Peter F. Van Camp, our chief executive officer, dated April 25, 2000, which provides that his salary shall be \$310,000 per year. The letter provides for the grant of an option to purchase 3,105,000 shares of common stock at the fair market value on the grant date vesting over four years. The letter provides that we will extend a no-interest loan to Mr. Van Camp for up to \$3,000,000 to purchase a primary residence. The loan will be secured by Mr. Van Camp's primary residence and any shares of stock that Mr. Van Camp obtains by exercising the options described above. The agreement also provides for reimbursement of up to \$80,000 of relocation expenses. The agreement further provides for 12 months of severance pay if Mr. Van Camp is terminated by us for reasons other than cause or disability. We have also entered into a stock option agreement with Mr. Van Camp, which provides that our right to repurchase unvested shares shall lapse upon certain changes in control of Equinix.

Equinix has also delivered an offer letter to Philip J. Koen, our chief financial and corporate development officer, dated July 9, 1999, which provides that his salary shall be \$195,000 per year. The letter provides that we will grant him an option to purchase 660,000 shares of common stock at the fair market value on the grant date vesting over four years. The letter further provides for six months of severance pay if Mr. Koen is terminated by us for reasons other than cause.

We have also delivered an offer letter to Peter T. Ferris, our vice president of sales, dated June 28, 1999, which provides that his salary shall be \$190,000 per year and he is eligible for a target bonus of \$60,000. The letter provides for the grant of an option to purchase 340,000 shares of common stock at the fair market value on the grant date vesting over four years. The letter also provides that we will extend a no-interest loan to Mr. Ferris of up to \$750,000 to purchase his primary residence. The loan will be secured by Mr. Ferris' primary residence and any shares of stock that Mr. Ferris obtains by exercising the options described above. The letter also provides for acceleration of vesting of option shares as if Mr. Ferris remained employed for

one additional year if there are certain changes in control of Equinix. We also agreed to indemnify Mr. Ferris for any claims brought by his former employer under an employment and non-compete agreement he had with his employer.

On May 15, 2000, our board of directors agreed to waive our repurchase right with respect to all of Albert M. Avery, IV's unvested shares. As a result, Mr. Avery currently holds 2,580,000 fully vested shares of our common stock.

41

RELATED-PARTY TRANSACTIONS

Since inception, there has not been, nor is there currently proposed, any transaction or series of similar transactions to which we were or are to be a party in which the amount involved exceeds \$60,000 and in which any director, executive officer or holder of more than 5% of our common stock, on an as converted basis, or an immediate family member of any of these individuals or entities, had or will have a direct or indirect interest other than:

- . compensation arrangements, which are described where required under "Management;" and
- . the transactions described below.

Sale of Common Stock. In June 1998, we issued and sold 3,030,000 shares of our common stock to Albert M. Avery, IV, our president, chief operating officer and director, at a per share purchase price of \$0.0003 which accounts for a 2.02 for one stock split on August 31, 1998 and a three for two stock split on January 19, 2000. In May 2000, our board of directors agreed to waive our repurchase right with respect to all of Mr. Avery's unvested shares. As a result, Mr. Avery currently holds 2,580,000 fully vested shares of our common stock.

In June 1998, we issued and sold 3,030,000 shares of our common stock to Jay S. Adelson, our chief technology officer, at a per share purchase price of \$0.0003 which accounts for a 2.02 for one stock split on August 31, 1998 and a three for two stock split on January 19, 2000.

Series A Preferred Stock Financing. In September 1998, we issued and sold 7,522,500 shares of our Series A preferred stock to Benchmark Capital Partners II, L.P., a 5% stockholder of us, at a per share purchase price of \$0.67 which accounts for a three for two stock split on January 19, 2000. One of our directors, Andrew S. Rachleff, is a general partner of Benchmark Capital, the general partner of Benchmark Capital Partners II, L.P.

In September 1998, we issued and sold 5,775,000 shares of our Series A preferred stock to Cisco Systems, Inc., a 5% stockholder of us, at a per share purchase price of \$0.67 which accounts for a three for two stock split on January 19, 2000. One of our directors, Michelangelo Volpi, is chief strategy officer of Cisco Systems, Inc.

Series B Preferred Stock Financing. In August through November 1999, we issued and sold 1,012,500 shares of our Series B preferred stock to Benchmark Capital Partners II, L.P., at a per share purchase price of \$5.33 which accounts for a three for two stock split on January 19, 2000.

In September 1999, we issued and sold 684,375 shares of our Series B preferred stock to Cisco Systems, Inc., at a per share purchase price of \$5.33 which accounts for a three for two stock split on January 19, 2000.

In September 1999, we issued and sold 356,250 shares of our Series B preferred stock to Microsoft Corporation, a 5% stockholder of us, at a per share purchase price of \$5.33 which accounts for a three for two stock split on January 19, 2000.

In September 1999, we issued and sold 937,500 shares of our Series B preferred stock to NorthPoint Communications, Inc. at a per share purchase price of \$5.33 which accounts for a three for two stock split on January 19, 2000. One of our directors, Andrew S. Rachleff, is also a director of NorthPoint Communications, Inc.

42

In October 1999, we issued and sold 937,500 shares of our Series B preferred stock to Reuters Investment (Bermuda) Limited, at a per share purchase price of \$5.33 which accounts for a three for two stock split on January 19, 2000. One of our directors, John G. Taysom, is employed by Reuters Plc., an entity affiliated with Reuters Investment (Bermuda) Limited.

Series C Preferred Stock Financing. In May 2000, we issued and sold 132,625 shares of our Series C preferred stock to Benchmark Capital Partners IV, L.P., at a per share purchase price of \$15.08. Benchmark Capital is the general partner of Benchmark Capital Partners IV, L.P.

In May 2000, we issued and sold 331,564 shares of our Series C preferred

stock to Cisco Systems, Inc., at a per share purchase price of \$15.08.

In May 2000, we issued and sold 331,564 shares of our Series C preferred stock to Reuters Holdings Switzerland SA, at a per share purchase price of \$15.08. Reuters Plc. is affiliated with Reuters Holdings Switzerland SA.

Lease Agreement with Entity Affiliated with 5% Stockholder. In March 1999, we entered into an equipment lease facility with Cisco Systems Credit Corporation, an entity affiliated with Cisco Systems, Inc., under which we leased \$137,293 of equipment for a 24-month term.

Warrants to Purchase Common Stock. In August 1999, we issued warrants to purchase 338,145 shares of our common stock, which accounts for a three for two stock split on January 19, 2000, at a purchase price of \$0.53 per share, to NorthPoint Communications, Inc. in connection with a strategic agreement.

Loans to Executive Officers. In September 1999, we loaned an aggregate of \$750,000 to Peter T. Ferris, one of our executive officers, to purchase a principal residence. The non-interest bearing note is secured by a second deed of trust on the residence, a promissory note and a stock pledge agreement, and has a term of five years.

In January 2000, we loaned an aggregate of \$250,000 to Marjorie S. Backaus, one of our executive officers, to purchase a principal residence. The non-interest bearing note is secured by a second deed of trust on the residence, a promissory note and a stock pledge agreement, and has a term of five years. In addition, in December 1999 we loaned Ms. Backaus \$112,500. This amount was repaid in full in January 2000.

In May 2000, we agreed to loan up to \$3,000,000 to Peter F. Van Camp, one of our executive officers, to purchase a principal residence. The non-interest bearing note will be secured by the residence and a stock pledge agreement.

Relocation Allowances to Executive Officers. In July 1999, we granted a relocation allowance in the amount of \$60,000 to Peter T. Ferris. The full amount of the allowance has been paid to Mr. Ferris.

In November 1999, we granted a relocation allowance in the amount of \$60,000 to Marjorie S. Backaus. The full amount of the allowance has been paid to Ms. Backaus.

In May 2000, we granted a relocation allowance in the amount of \$80,000 to Peter F. Van Camp. To date, Mr. Van Camp has not received any amount under the allowance.

Founders' Registration Rights. We have entered into an investors' rights agreement that provides for registration rights in favor of Albert M. Avery, IV and Jay S. Adelson if there are public issuances of our common stock.

43

Option Grants. In June 2000, we granted options with a per share exercise price of \$7.00 to the following executive officers in the following amounts: Albert M. Avery--56,000; Philip J. Koen--80,000; Jay S. Adelson--56,000; Roy A. Earle--56,000; Peter T. Ferris--56,000; Marjorie S. Backaus--56,000; and Renee F. Lanam--40,000. We may grant additional options to our directors and executive officers in the future. See "Management--Option Grants in Last Fiscal Year."

Indemnification. We have entered into an indemnification agreement with each of our officers and directors. See "Management--Indemnification" for a description of the indemnification available to our officers and directors under these indemnification agreements.

44

PRINCIPAL STOCKHOLDERS

The table below presents selected information regarding beneficial ownership of our outstanding common stock, on an as converted basis, as of June 15, 2000 for:

- . each person known by us to own beneficially more than five percent, in the aggregate, of the outstanding shares of our common stock on an as converted basis;
- . each of our directors, our chief executive officer and our other highest-paid executive officers; and
- . all of our directors and executive officers as a group.

Under the rules of the Securities and Exchange Commission, beneficial ownership includes sole or shared voting or investment power over securities and includes the shares issuable under stock options that are exercisable within 60 days of June 15, 2000. Shares issuable under stock options

exercisable within 60 days are considered outstanding for computing the percentage of the person holding the options but are not considered outstanding for computing the percentage of any other person.

Percentage ownership calculations are based on 53,720,385 shares of common stock outstanding as of June 15, 2000, as adjusted to reflect the conversion of all outstanding shares of preferred stock into common stock. Unless otherwise indicated, the address for each listed stockholder is c/o Equinix, Inc., 901 Marshall Street, Redwood City, California 94063. To our knowledge, except as indicated in the footnotes to this table and under applicable community property laws, the persons or entities identified in this table have sole voting and investment power relating to all shares of stock shown as beneficially owned by them.

(1) Includes 3,105,000 shares subject to options that are exercisable within 60 days of June 15, 2000.

45

(2) Includes 56,000 shares subject to options that are exercisable within 60 days of June 15, 2000.

(3) Includes 56,000 shares subject to options that are exercisable within 60 days of June 15, 2000 and 1,391,907 shares subject to a right of repurchase by us as of June 15, 2000. Also includes 6,474 shares held as custodian for Rowan Sharon Adelson. Mr. Adelson disclaims beneficial ownership of these shares.

(4) Includes 80,000 shares subject to options that are exercisable within 60 days of June 15, 2000 and 445,156 shares subject to a right of repurchase by us as of June 15, 2000.

(5) Represents 8,535,000 shares of common stock held by Benchmark Capital Partners II, L.P., as nominee for Benchmark Capital Partners II, L.P., Benchmark Founders' Fund II, L.P., Benchmark Founders' Fund II-A, L.P. and Benchmark Members' Fund II, L.P., and 132,625 shares of common stock held by Benchmark Capital Partners IV, L.P., as nominee for Benchmark Capital Partners, IV, L.P., Benchmark Founders' Fund IV, L.P., Benchmark Founders' Fund IV-A, L.P. and related individuals. Mr. Rachleff is a managing member of Benchmark Capital Management Co. II, LLC, the general partner of Benchmark Capital Partners, II, L.P., Benchmark Founders' Fund II, L.P. Benchmark Founders' Fund II-A, L.P. and Benchmark Members' Fund II, L.P. Mr. Rachleff is also a managing member of Benchmark Capital Management Co., IV, LLC, the general partner of Benchmark Capital Partners, IV, L.P., Benchmark Founders' Fund IV, L.P. and Benchmark Founders' Fund IV-A, L.P. Mr. Rachleff disclaims beneficial ownership of these shares, except with respect to 3,984 shares of common stock and to the extent of his pecuniary interest in the Benchmark funds.

- (6) Mr. Taysom is employed by Reuters Plc., an entity affiliated with Reuters Investments (Bermuda) Limited and Reuters Holdings Switzerland SA which collectively hold 1,269,064 shares of Equinix.
- (7) Mr. Volpi is chief strategy officer of Cisco Systems, Inc., which beneficially holds 6,790,939 shares of Equinix.
- (8) Includes 8,535,000 shares of common stock held by Benchmark Capital Partners II, L.P., Benchmark Founders' Fund II, L.P., Benchmark Founders' Fund II-A, L.P. and Benchmark Members' Fund II, L.P. and 132,625 shares of common stock held by Benchmark Capital Partners, IV, L.P., Benchmark Founders' Fund IV, L.P., Benchmark Founders' Fund IV-A, L.P. and related individuals.
- (9) Includes 2,000,000 shares held by the New Economy Fund and 1,315,649 shares held by American Variable Insurance Series, Growth Fund.
- (10) Includes the shares described in Notes 1 through 7. Also includes 1,158,000 shares subject to options that are exercisable within 60 days of June 15, 2000 and 735,000 shares subject to a right of repurchase by us as of June 15, 2000.

46

DESCRIPTION OF CAPITAL STOCK

On the closing of this offering, our authorized capital stock will consist of 300,000,000 shares of common stock, \$0.001 par value and 10,000,000 shares of preferred stock, \$0.001 par value. The following is a summary description of our capital stock. Our amended and restated bylaws and our amended and restated certificate of incorporation, to be effective after the closing of this offering, provide further information about our capital stock.

Common Stock

As of June 15, 2000, there were 53,720,385 shares of common stock outstanding, as adjusted to reflect the conversion of all outstanding shares of preferred stock into common stock on the closing of this offering, that were held of record by approximately 225 stockholders. There will be 66,220,385 shares of common stock outstanding, assuming no exercise of the underwriters' over-allotment option and assuming no exercise after June 15, 2000 of outstanding options or warrants, after giving effect to the sale of the shares of common stock to the public in this offering.

The holders of common stock are entitled to one vote per share on all matters to be voted on by the stockholders. Subject to preferences that may be applicable to any outstanding preferred stock, the holders of common stock are entitled to receive ratably such dividends, if any, as may be declared from time to time by the board of directors out of funds legally available for the payment of dividends. All dividends are non-cumulative. In the event of the liquidation, dissolution, or winding up of Equinix, the holders of common stock are entitled to share ratably in all assets remaining after payment of liabilities, subject to prior distribution rights of preferred stock, if any, then outstanding. The common stock has no preemptive or conversion rights or other subscription rights. There are no redemption or sinking fund provisions applicable to the common stock. All outstanding shares of common stock are fully paid and nonassessable, and the shares of common stock to be issued on completion of this offering will be fully paid and nonassessable.

Warrants

Immediately following the closing of this offering, the following warrants will be outstanding:

- . a warrant to purchase a total of 33,100 shares of common stock at an exercise price of \$6.00 per share that expires in 2010;
- . a warrant to purchase a total of 540,000 shares of common stock at an exercise price of \$4.00 per share that expires in 2005;
- . a warrant to purchase a total of 6,000 shares of common stock at an exercise price of \$5.00 per share that expires in 2005;
- . a warrant to purchase a total of 30,000 shares of common stock at an exercise price of \$1.67 per share that expires the earlier of 2009 or five years from the effective date of our initial public offering of common stock;
- . warrants to purchase a total of 675,000 shares of common stock at an exercise price of \$0.67 per share that expire in 2004;
- . a warrant to purchase a total of 338,145 shares of common stock at an exercise price of \$0.53 per share that expires in 2004;
- . a warrant to purchase a total of 765,000 shares of common stock at an exercise price of \$0.67 per share that expires the earlier of 2009 or three years from the effective date of our initial public offering of common stock;

- . a warrant to purchase a total of 150,000 shares of common stock at an exercise price of \$3.00 per share that expires the earlier of 2006 or three years from the effective date of our initial public offering of common stock;
- . warrants to purchase a total of 300,000 shares of common stock at an exercise price of \$3.00 per share that expire the earlier of 2006 or three years from the effective date of our initial public offering of common stock; and

47

- . additional warrants to purchase a total of 3,376,500 shares of common stock at an exercise price of \$0.0067 per share issued in connection with our offering of senior notes that expire in 2007.

Preferred Stock

On the closing of this offering, 10,000,000 shares of preferred stock will be authorized and no shares will be outstanding. The board of directors has the authority to issue the preferred stock in one or more series and to fix the rights, preferences, privileges and restrictions thereof, including dividend rights, dividend rates, conversion rights, voting rights, terms of redemption, redemption prices, liquidation preferences and the number of shares constituting any series or the designation of such series, without further vote or action by the stockholders. The issuance of preferred stock may have the effect of delaying, deferring or preventing a change in control of Equinix without further action by the stockholders and may adversely affect the voting and other rights of the holders of common stock. The issuance of preferred stock with voting and conversion rights may adversely affect the voting power of the holders of common stock, including the loss of voting control to others. At present, we have no plans to issue any of the preferred stock.

Anti-takeover Effects of Provisions of the Amended and Restated Certificate of Incorporation, Amended and Restated Bylaws and Delaware Law

Certificate of Incorporation and Bylaws. Our amended and restated certificate of incorporation and bylaws provide that, effective on the closing of this offering, all stockholder actions must be effected at a duly called meeting and not by a consent in writing. The bylaws also provide that, except as otherwise required by law or by our amended and restated certificate of incorporation, special meetings of the stockholders can only be called pursuant to a resolution adopted by a majority of the board of directors, or by the president or at the request of stockholders holding at least 30% of our capital stock. Further, provisions of the bylaws and the amended and restated certificate of incorporation provide that the stockholders may amend the bylaws or most provisions of the amended and restated certificate of incorporation only with the affirmative vote of 66 2/3% of our capital stock. These provisions of the amended and restated certificate of incorporation and bylaws could discourage potential acquisition proposals and could delay or prevent a change in control of Equinix. These provisions are intended to enhance the likelihood of continuity and stability in the composition of the board of directors and in the policies formulated by the board of directors and to discourage certain types of transactions that may involve an actual or threatened change of control of Equinix. These provisions are designed to reduce our vulnerability to an unsolicited acquisition proposal. The provisions also are intended to discourage certain tactics that may be used in proxy fights. However, such provisions could have the effect of discouraging others from making tender offers for our shares and, as a consequence, they also may inhibit fluctuations in the market price of our shares that could result from actual or rumored takeover attempts. Such provisions also may have the effect of preventing changes in our management.

Delaware Takeover Statute. We are subject to Section 203 of the Delaware General Corporation Law, or DGCL Section 203, which regulates corporate acquisitions. DGCL Section 203 prevents certain Delaware corporations, including those whose securities are listed on The Nasdaq National Market, from engaging, under certain circumstances in a business combination with any interested stockholder for three years following the date that such stockholder became an interested stockholder. For purposes of DGCL Section 203, a business combination includes, among other things, a merger or consolidation involving Equinix and the interested stockholder and the sale of 10% or more of our assets. In general, DGCL Section 203 defines an interested stockholder as any entity or person beneficially owning 15% or more of our outstanding voting stock and any entity or person affiliated with or controlling or controlled by such entity or person. A Delaware corporation may opt out of DGCL Section 203 with an express provision in its original certificate of incorporation or an express provision in its certificate of incorporation or bylaws resulting from amendments approved by the holders of at least a majority of the corporation's outstanding voting shares. We have not opted out of the provisions of DGCL Section 203.

48

Registration Rights

After this offering, the holders of approximately 47,116,722 shares of common stock will be entitled to rights with respect to the registration of those shares under the Securities Act. Under the terms of the agreement between us and the holders of such registrable securities, if we propose to register any of our securities under the Securities Act, either for our own account or for the account of other security holders exercising registration rights, such holders are entitled to notice of such registration and are entitled to include shares of such common stock in the registration. Additionally, the holders of approximately 47,116,722 shares of common stock are entitled to demand registration rights, pursuant to which they may require us on up to two occasions to file a registration statement under the Securities Act at our expense with respect to their shares of common stock, and we are required to use all reasonable efforts to effect such registration. Further, the holders of these demand rights may require us to file an unlimited number of additional registration statements on Form S-3 at our expense. All of these registration rights terminate after three (3) years following the consummation of our initial public offering and are subject to certain conditions and limitations, among them the right of the underwriters of an offering to limit the number of shares included in such registration and our right not to effect a requested registration within 90 days following an offering of our securities, including the offering made hereby.

Transfer Agent and Registrar

The Transfer Agent and Registrar for the common stock is Boston EquiServe L.P.

The Nasdaq National Market Listing

We have applied to list our common stock on The Nasdaq Stock Market's National Market under the symbol EQIX.

49

SHARES ELIGIBLE FOR FUTURE SALE

On completion of this offering, we will have 66,220,385 shares of common stock outstanding, assuming no exercise of the underwriters' over-allotment option and no exercise of options after June 15, 2000. Of the 12,500,000 shares which will be sold to the public in this offering, shares will be available for immediate sale in the public market as of the date of this prospectus, and shares will be subject to a 180-day lockup period. Approximately additional shares will be available for sale in the public market 90 days after the offering, subject to compliance with the volume and other limitations of Rule 144. Approximately additional shares will be available for sale in the public market following the expiration of 180-day lockup agreements with representatives of the underwriters, subject in some cases to compliance with the volume and other limitations of Rule 144. The table below sets forth the approximate number of shares eligible for future sale after giving effect to the lock-up and the holding requirements under Rule 144.

<TABLE>
<CAPTION>

Days after Date of this Prospectus	Approximate Shares Eligible for Future Sale	Comment
-----	-----	-----
<C>	<C>	<S>
On Effectiveness..		Freely tradable shares sold in offering; shares salable under Rule 144
90 Days.....		Shares salable under Rule 144; vested options for shares salable under Rule 701
180 Days.....		Lock-up released; shares and vested options for shares salable under Rule 144, 144(k) or 701
Thereafter.....		Restricted securities held for one year or less

</TABLE>

In general, under Rule 144 as currently in effect, a person, or persons whose shares are aggregated, who has beneficially owned shares for at least one year is entitled to sell within any three-month period commencing 90 days after the date of this prospectus a number of shares that does not exceed the greater of:

- . 1% of the then outstanding shares of common stock which will be approximately 662,204 shares immediately after the offering; or
- . the average weekly trading volume during the four calendar weeks preceding such sale, subject to manner of sale requirements, and depending on the amount sold, the filing of a Form 144 with respect to such sale.

A person or persons whose shares are aggregated who is not deemed to have been an affiliate of Equinix at any time during the 90 days immediately preceding the sale who has beneficially owned his or her shares for at least two years is entitled to sell such shares pursuant to Rule 144(k) without regard to the limitations described above. Persons deemed to be affiliates must always sell pursuant to Rule 144, even after the applicable holding periods have been satisfied.

We are unable to estimate the number of shares that will be sold under Rule 144, since this will depend on the market price for our common stock, the personal circumstances of the sellers and other factors. Prior to this offering, there has been no public market for the common stock, and there can be no assurance that a significant public market for the common stock will develop or be sustained after the offering. Any future sale of substantial amounts of the common stock in the open market may adversely affect the market price of the common stock in this offering.

We, our directors, executive officers and other stockholders, holding an aggregate of approximately common shares or rights to acquire the shares, have agreed pursuant to the underwriting agreement and other agreements that we and they will not sell any common stock without the prior consent of Morgan Stanley & Co. Incorporated for a period of 180 days from the date of this prospectus, except that we may, without such consent, grant options and sell shares pursuant to our stock plans.

50

Any of our employees or consultants who purchased shares pursuant to a written compensatory plan or contract is entitled to rely on the resale provisions of Rule 701, which permits nonaffiliates to sell their Rule 701 shares without having to comply with the public information, holding period, volume limitation or notice provisions of Rule 144 and permits affiliates to sell their Rule 701 shares without having to comply with the Rule 144 holding period restrictions, in each case commencing 90 days after the date of this prospectus. As of the date of this prospectus, the holders of options exercisable into approximately shares of common stock will be eligible to sell their shares on the expiration of the 180-day lockup period, or subject in certain cases to vesting of such options.

We intend to file a registration statement on Form S-8 under the Securities Act to register shares of common stock issued or reserved for issuance under our stock plans within 180 days after the date of this prospectus, thus permitting the resale of such shares by nonaffiliates in the public market without restriction under the Securities Act. We intend to register these shares on Form S-8, along with options that have not been issued under our stock plans as of the date of this prospectus.

In addition, after this offering, the holders of approximately 47,116,722 shares of common stock will be entitled to certain rights with respect to registration of such shares under the Securities Act. Registration of such shares under the Securities Act would result in such shares, except for shares purchased by affiliates of Equinix, becoming freely tradable without restriction under the Securities Act immediately on the effectiveness of such registration. See "Description of Capital Stock--Registration Rights."

51

UNDERWRITERS

Under the terms and subject to the conditions contained in the underwriting agreement dated the date hereof, the underwriters named below, for whom Morgan Stanley & Co. Incorporated, Salomon Smith Barney Inc., Chase Securities Inc., and Epoch Securities, Inc. are acting as representatives, have severally agreed to purchase, and we have agreed to sell to them an aggregate of 12,500,000 shares of common stock. The number of shares of common stock that each underwriter has agreed to purchase is set forth opposite its name below:

<TABLE>
<CAPTION>

Name	Number of Shares
----	-----
<S>	<C>
Morgan Stanley & Co. Incorporated.....	
Salomon Smith Barney Inc.....	
Chase Securities Inc.	
Epoch Securities, Inc.....	
Total.....	12,500,000 =====

</TABLE>

The underwriters are offering the shares subject to their acceptance of the shares from us and subject to prior sale. The underwriting agreement provides

that the obligations of the several underwriters to pay for and accept delivery of the shares of common stock in this offering are subject to the approval of certain legal matters by their counsel and to certain other conditions. The underwriters are obligated to take and pay for all of the shares of common stock in this offering, other than those covered by the over-allotment option described below, if any such shares are taken.

The underwriters initially propose to offer part of the shares of common stock directly to the public at the public offering price set forth on the cover page hereof and part to certain dealers at a price that represents a concession not in excess of \$ a share under the public offering price. Any underwriters may allow, and such dealers may reallow, a concession not in excess of \$ a share to other underwriters or to certain other dealers. After the initial offering of the shares of common stock, the offering price and other selling terms may from time to time be varied by the representatives of the underwriters.

Pursuant to the underwriting agreement, we have granted to the underwriters an option, exercisable for 30 days from the date of this prospectus, to purchase up to an aggregate of 1,875,000 additional shares of common stock at the public offering price set forth on the cover page hereof, less underwriting discounts and commissions. The underwriters may exercise such option solely for the purpose of covering over-allotments, if any, made in connection with the offering of the shares of common stock offered hereby. To the extent such option is exercised, each underwriter will become obligated, subject to certain conditions, to purchase approximately the same percentage of such additional shares of common stock as the number set forth next to such underwriter's name in the preceding table bears to the total number of shares of common stock set forth next to the names of all underwriters in the preceding table. If the underwriter's over-allotment option is exercised in full, the total price to public would be \$230.0 million, the total underwriters' discounts and commissions would be \$16.1 million and the total proceeds to us would be \$213.9 million before deducting estimated offering expenses of \$1.8 million.

At our request, the underwriters have reserved up to 1,250,000 shares of common stock to be sold in this offering, at the public offering price, to our directors, officers, employees, business associates and related persons. The number of shares of common stock available for sale to the general public will be reduced to the extent such individuals purchase such reserved shares. Any reserved shares which are not so purchased will be offered by the underwriters to the general public on the same basis as the other shares.

52

We, the directors, officers and certain other of our stockholders have each agreed that, without the prior written consent of Morgan Stanley & Co. Incorporated on behalf of the underwriters, during the period ending 180 days after the date of this prospectus, we will not, directly or indirectly:

- . offer, pledge, sell, contract to sell, sell any option or contract to purchase, purchase any option or contract to sell, grant any option, right or warrant to purchase, lend or otherwise transfer or dispose of, directly or indirectly, any shares of common stock or any securities convertible into or exercisable or exchangeable for common stock (whether such shares or any such securities are then owned by such person or are thereafter acquired directly from us); or
- . enter into any swap or other arrangement that transfers to another, in whole or in part, any of the economic consequences of ownership of common stock,

whether any such transaction described above is to be settled by delivery of common stock or such other securities, in cash or otherwise. Morgan Stanley & Co. Incorporated may in its sole discretion choose to release any or all of these shares from these restrictions at any time.

The restrictions described in the previous paragraph do not apply to:

- . the sale to the underwriters of the shares of common stock under the underwriting agreement;
- . the issuance by Equinix of shares of common stock upon the exercise of an option or a warrant or the conversion of a security outstanding on the date of this prospectus which is described in the prospectus;
- . transactions by any person other than Equinix relating to shares of common stock or other securities acquired in open market transactions after the completion of the offering of the shares of common stock; or
- . issuances of shares of common stock or options to purchase shares of common stock pursuant to our employee benefit plans as in existence on the date of the prospectus and consistent with past practices.

The underwriters have informed us that they do not intend sales to

discretionary accounts to exceed five percent of the total number of shares of common stock offered by them.

We have submitted an application to have our common stock approved for quotation on the Nasdaq National Market under the symbol EQIX.

In order to facilitate the offering of the common stock, the underwriters may engage in transactions that stabilize, maintain or otherwise affect the price of the common stock. Specifically, the underwriters may over-allot in connection with the offering, creating a short position in the common stock for their own account. In addition, to cover over-allotments or to stabilize the price of the common stock, the underwriters may bid for, and purchase, shares of common stock in the open market. Finally, the underwriting syndicate may reclaim selling concessions allowed to an underwriter or a dealer for distributing the common stock in the offering if the syndicate repurchases previously distributed shares of common stock in transactions to cover syndicate short positions, in stabilization transactions or otherwise. Any of these activities may stabilize or maintain the market price of the common stock above independent market levels. The underwriters are not required to engage in these activities and may end any of these activities at any time.

From time to time, some of the underwriters have provided, and may in the future continue to provide, investment banking services to us.

Morgan Stanley & Co. Incorporated acted as private placement agent in connection with our Series B preferred stock offering which was completed in December 1999, for which it received 221,250 shares of our Series B preferred stock as a portion of its compensation. Also, an affiliate of Morgan Stanley & Co. Incorporated purchased an additional 937,500 shares of our Series B Preferred Stock in that offering, and an affiliate of Salomon Smith Barney Inc. purchased 525,000 shares of our Series B preferred stock in that offering.

53

Morgan Stanley & Co. Incorporated, Salomon Smith Barney Inc., and their respective affiliates will each enter into agreements that provide that during the period ending 180 days after the date of this prospectus, they will not, directly or indirectly:

- . offer, pledge, sell, contract to sell, sell any option or contract to purchase, purchase any option or contract to sell, grant any option, right or warrant to purchase, lend or otherwise transfer or dispose of, directly or indirectly, any shares of common stock or any securities convertible into or exercisable or exchangeable for common stock (whether such shares or any such securities are then owned by such person or are thereafter acquired directly from us); or
- . enter into any swap or other arrangement that transfers to another, in whole or in part, any of the economic consequences of ownership of common stock,

whether any such transaction described above is to be settled by delivery of common stock or such other securities, in cash or otherwise.

We and the underwriters have agreed to indemnify each other against certain liabilities, including liabilities under the Securities Act.

Epoch Securities, Inc. is an investment banking firm formed in November 1999. In addition to this offering, Epoch Securities, Inc. has engaged in the business of public and private equity investing and financing and financial advisory services since its inception. The senior investment banking team of Epoch Securities, Inc. has in excess of 40 years of experience in the securities industry. Epoch Securities, Inc. does not have any material relationship with Equinix or any of our officers, directors or other controlling persons, except for its contractual relationship with Equinix under the terms of the underwriting agreement entered into in connection with this offering.

Pricing of the Offering

Prior to this offering, there has been no public market for the shares of common stock. Consequently, the public offering price for the shares of common stock will be determined by negotiations between Equinix and the representatives of the underwriters. Among the factors considered in determining the public offering price were our record of operations, our current financial position and future prospects, the experience of our management, our sales, earnings and other financial and operating information in recent periods, the price-earnings ratios, price-sales ratios, market prices of securities and financial and operating information of companies engaged in activities similar to ours. The estimated initial public offering price range set forth on the cover page of this preliminary prospectus is subject to change as a result of market conditions and other factors.

54

LEGAL MATTERS

The validity of the common stock being offered will be passed on for us by Gunderson Dettmer Stough Villeneuve Franklin & Hachigian, LLP, Menlo Park, California. As of the date of this prospectus, some partners and employees of Gunderson Dettmer Stough Villeneuve Franklin & Hachigian, LLP, our outside corporate counsel, beneficially owned an aggregate of 84,375 shares of our capital stock. Legal matters in connection with this offering will be passed on for the underwriters by Cahill Gordon & Reindel, New York, New York.

CHANGE IN INDEPENDENT ACCOUNTANTS

On March 7, 2000, KPMG LLP resigned as our independent accountants upon determining that they may no longer be independent of Equinix as a result of Cisco Systems, Inc.'s investment in both KPMG Consulting, Inc., a subsidiary of KPMG LLP and Equinix and we subsequently appointed PricewaterhouseCoopers LLP as our principal accountants on March 21, 2000. There were no disagreements with the former accountants during the fiscal years ended December 31, 1998 and 1999 or during any subsequent interim period preceding their replacement on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedures, which disagreements, if not resolved to the former accountants' satisfaction, would have caused them to make reference to the subject matter of the disagreement in connection with their reports. The former independent accountants issued an unqualified report on the financial statements as of December 31, 1999 and 1998 and for the year ended December 31, 1999 and the period from June 22, 1998 (inception) to December 31, 1998. For purposes of this filing, the financial statements as of December 31, 1999 and 1998 and for the year ended December 31, 1999 and the period from June 22, 1998 (inception) to December 31, 1998 have been audited by PricewaterhouseCoopers LLP. Prior to March 21, 2000, we did not consult with PricewaterhouseCoopers LLP on items that involved our accounting principles or the form of audit opinion to be issued on our financial statements. The change in accountants was approved by our board of directors.

EXPERTS

The consolidated financial statements as of December 31, 1998 and 1999 and for the period from June 22, 1998 (inception) to December 31, 1998 and for the year ended December 31, 1999 included in this Prospectus have been so included in reliance on the report of PricewaterhouseCoopers LLP, independent accountants, given on the authority of said firm as experts in auditing and accounting.

WHERE YOU CAN FIND MORE INFORMATION

We have filed with the Securities and Exchange Commission a registration statement on Form S-1 under the Securities Act relating to the common Stock being offered. This prospectus does not contain all of the information presented in the registration statement and the exhibits to the registration statement. For further information about Equinix and the common stock we are offering, reference is made to the registration statement and the exhibits filed as a part of the registration statement. Statements contained in this prospectus concerning the contents of any contract or any other document referred to summarize only the provisions of these documents that are materials to investors. You should refer to the exhibits to this registration statement for the complete contents of these contracts and documents. In addition, we file reports, proxy statements and other information with the Securities and Exchange Commission. These documents and the registration statement, including the exhibits, may be inspected without charge at the public reference facilities maintained by the Securities and Exchange Commission in Room 1024, 450 Fifth Street, N.W., Washington, D.C. 20549, and copies of all or any part may be obtained from this office after payment of fees prescribed by the Securities and Exchange Commission. The Securities and Exchange Commission maintains a world wide web site that contains report, proxy and information statements and other information regarding registrants, including us, that file electronically with the Securities and Exchange Commission. The address of the site is <http://www.sec.gov>.

Report of Independent Accountants

The Board of Directors and Stockholders of Equinix, Inc.

In our opinion, the accompanying consolidated balance sheets and the related consolidated statements of operations, of stockholders' equity and of cash flows present fairly, in all material respects, the financial position of Equinix, Inc. as of December 31, 1998 and 1999, and the results of its operations and its cash flows for the period from June 22, 1998 (date of inception) to December 31, 1998 and for the year ended December 31, 1999, in conformity with accounting principles generally accepted in the United States. These financial statements are the responsibility of the Company's management; our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with auditing standards generally accepted in the United States, which require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for the opinion expressed above.

F-6

EQUINIX, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(1) Nature of Business and Summary of Significant Accounting Policies

Nature of Business

Equinix, Inc. ("Equinix" or the "Company") was incorporated as Quark Communications, Inc. in Delaware on June 22, 1998. The Company changed its name to Equinix, Inc. on October 13, 1998. Equinix designs, builds, and

operates neutral Internet Business Exchange ("IBX") centers.

For the period June 22, 1998 (inception) through December 31, 1998 and the period ended September 30, 1999, the Company was a development stage enterprise. Subsequent to this period, the Company opened its second IBX center for commercial operation. In addition, the Company began to recognize revenue from its IBX centers. As a result, the Company is no longer a development stage enterprise as of and for the year ended December 31, 1999.

Stock Split

In January 2000, the Company's stockholders approved a three-for-two stock split effective January 19, 2000 whereby three shares of common stock and redeemable convertible preferred stock, respectively, were exchanged for every two shares of common stock and redeemable convertible preferred stock then outstanding. All share and per share amounts in these financial statements have been adjusted to give effect to the stock split (See Note 11).

Unaudited Interim Results

The accompanying consolidated balance sheet as of March 31, 2000, the consolidated statements of income and of cash flows for the three months ended March 31, 1999 and 2000 and the consolidated statement of stockholders' equity for the three months ended March 31, 2000 are unaudited.

In the opinion of management, these statements have been prepared on the same basis as the audited financial statements and include all adjustments, consisting only of normal recurring adjustments, necessary for the fair presentation of the Company's financial position as of March 31, 2000 and the results of its operations and cash flows for the three month periods ended March 31, 1999 and 2000. The data disclosed in notes to the consolidated financial statements for these periods is unaudited.

Basis of Presentation

The accompanying consolidated financial statements include the accounts of Equinix and its wholly-owned subsidiary, Equinix-DC, Inc. ("Equinix-DC"). All significant intercompany accounts and transactions have been eliminated in consolidation.

Use of Estimates

The preparation of consolidated financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

Cash, Cash Equivalents and Short-Term Investments

The Company considers all highly liquid instruments with a maturity from the date of purchase of three months or less to be cash equivalents. Cash equivalents consist of money market mutual funds and certificates of deposit with financial institutions with maturities of between 7 and 60 days. Short-term

F-7

EQUINIX, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS--(Continued)

investments generally consist of certificates of deposits with maturities of between 90 and 180 days and highly liquid debt and equity securities of corporations, municipalities and the U.S. government. Short-term investments are classified as "available-for-sale" and are carried at fair value based on quoted market prices, with unrealized gains and losses reported in stockholders' equity as a component of comprehensive income. The cost of securities sold is based on the specific identification method.

Restricted Cash and Short-term Investments

Restricted cash and short-term investments as of December 31, 1999 consists of \$37,011,500, plus accrued interest of \$67,100, deposited with an escrow agent to pay the first three interest payments on the Senior Notes (see Note 4) and restricted cash of \$1,530,100 provided as collateral under three separate security agreements for standby letters of credit entered into and in accordance with certain lease agreements. Restricted cash and short-term investments as of March 31, 2000 consists of \$37,011,500, plus accrued interest of \$554,500, deposited with an escrow

agent to pay the first three interest payments on the Senior Notes (see Note 4) and restricted cash of \$3,451,200, plus accrued interest of \$35,900 for four standby letters of credit and an escrow account entered into and pursuant to certain lease agreements. These agreements expire at various dates through 2014.

Financial Instruments and Concentration of Credit Risk

Financial instruments, which potentially subject the Company to concentrations of credit risk, consist of cash, cash equivalents and short-term investments to the extent these exceed federal insurance limits and accounts receivable. Risks associated with cash, cash equivalents and short-term investments are mitigated by the Company's investment policy, which limits the Company's investing to only those marketable securities rated at least A-1 or P-1 investment grade, as determined by independent credit rating agencies.

The Company's customer base is primarily composed of businesses throughout the United States. The Company performs ongoing credit evaluations of its customers.

Property and Equipment

Property and equipment are stated at original cost. Depreciation is computed using the straight-line method over the estimated useful lives of the respective assets, generally two to five years for non-IBX center equipment and seven to ten years for IBX center equipment. Leasehold improvements and assets acquired under capital lease are amortized over the shorter of the lease term or the estimated useful life of the asset or improvement.

Construction in Progress

Construction in progress includes direct and indirect expenditures for the construction of IBX centers and is stated at original cost. The Company has contracted out substantially all of the construction of the IBX centers to independent contractors under construction contracts. Construction in progress includes certain costs incurred under a construction contract including project management services, site identification and evaluation services, engineering and schematic design services, design development and construction services and other construction-related fees and services. In addition, the Company has capitalized certain interest costs during the construction phase. Once an IBX center becomes operational, these capitalized costs are depreciated at the appropriate rate consistent with the estimated useful life of the underlying asset.

F-8

EQUINIX, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS--(Continued)

Included within construction in progress is the value attributed to the unearned portion of the WorldCom warrant and the Bechtel warrant totaling \$2,639,100 and \$1,497,200, respectively, as of December 31, 1999 and \$1,802,100 and \$2,657,000, respectively, as of March 31, 2000 (See Note 6).

Interest incurred is capitalized in accordance with Statement of Financial Accounting Standards ("SFAS") No. 34, Capitalization of Interest Costs. Total interest cost incurred and total interest capitalized during the year ended December 31, 1999, was \$3,323,600 and \$177,400, respectively. Total interest cost incurred and total interest capitalized during the three months ended March 31, 2000, was \$7,512,800 and \$193,600, respectively.

Fair Value of Financial Instruments

The carrying value amounts of the Company's financial instruments, which include cash equivalents, short-term investments, accounts receivable, accounts payable, accrued expenses and long-term obligations approximate their fair value due to either the short-term maturity or the prevailing interest rates of the related instruments.

Impairment of Long-Lived Assets and Long-Lived Assets to be Disposed Of

In accordance with SFAS No. 121, Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to Be Disposed Of, the Company considers the impairment of long-lived assets and certain identifiable intangibles whenever events or changes in circumstances indicate that the carrying amount of such assets may not be recoverable. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset to future net cash flows expected to be generated by the asset. If such assets are considered to be impaired, the impairment to be recognized is measured by the amount by which the carrying amount of the

assets exceeds the fair value of the assets. Assets to be disposed of are reported at the lower of the carrying amount or fair value less costs to sell. No impairment of long-lived assets has been recorded as of December 31, 1998 and 1999.

Revenue Recognition

Revenues consist of monthly recurring fees for colocation and interconnection services at the IBX centers, service fees associated with the delivery of professional services and non-recurring installation fees. Revenues from colocation and interconnection services are billed monthly and recognized ratably over the term of the contract, generally one to three years. Professional service fees are recognized in the period in which the services were provided and represent the culmination of the earnings process. Non-recurring installation fees are deferred and recognized ratably over the term of the related contract.

Income Taxes

Income taxes are accounted for under the asset and liability method. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between financial statement carrying amounts of existing assets and liabilities and their respective tax bases and operating loss and tax credit carryforwards. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date. Valuation allowances are established when necessary to reduce tax assets to the amounts expected to be realized.

Stock-Based Compensation

The Company accounts for its stock-based compensation plans in accordance with SFAS No. 123, Accounting for Stock-Based Compensation. As permitted under SFAS No. 123, the Company uses the

F-9

EQUINIX, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS--(Continued)

intrinsic value-based method of Accounting Principles Board ("APB") Opinion No. 25, Accounting for Stock Issued to Employees, to account for its employee stock-based compensation plans.

The Company accounts for stock-based compensation arrangements with nonemployees in accordance with the Emerging Issues Task Force Abstract ("EITF") No. 96-18, Accounting for Equity Instruments That Are Issued to Other Than Employees for Acquiring, or in Conjunction with Selling Goods or Services. Accordingly, unvested options and warrants held by nonemployees are subject to revaluation at each balance sheet date based on the then current fair market value.

Unearned deferred compensation resulting from employee and nonemployee option grants is amortized on an accelerated basis over the vesting period of the individual options, in accordance with FASB Interpretation No. 28, Accounting for Stock Appreciation Rights and Other Variable Stock Option or Award Plans ("FASB Interpretation No. 28").

Segment Reporting

The Company has adopted the provisions of SFAS No. 131, Disclosures about Segments of an Enterprise and Related Information. SFAS No. 131 establishes annual and interim reporting standards for operating segments of a company. The statement requires disclosures of selected segment-related financial information about products, major customers and geographic areas.

Comprehensive Income

The Company has adopted the provisions of SFAS No. 130, Reporting Comprehensive Income. SFAS No. 130 establishes standards for the reporting and display of comprehensive income and its components; however, the adoption of this statement had no impact on the Company's net loss or stockholders' equity. SFAS 130 requires unrealized gains or losses on the Company's available-for-sale securities to be included in other comprehensive income (loss). Comprehensive income (loss) consists of net loss and other comprehensive income.

Pro Forma Stockholders' Equity (unaudited)

Immediately prior to the effective date of the offering, all outstanding

shares of Series A and Series B redeemable convertible preferred stock will convert into shares of common stock at a one-for-one conversion rate. The pro forma effects of these transactions are unaudited and have been reflected in the accompanying pro forma stockholders' equity as of March 31, 2000. This does not reflect the sale of Series C redeemable preferred stock in May and June 2000.

Historical and Pro Forma Net Loss Per Share

The Company computes net loss per share in accordance with SFAS No. 128, Earnings per Share, and SEC Staff Accounting Bulletin ("SAB") No. 98. Under the provisions of SFAS No. 128 and SAB No. 98 basic and diluted net loss per share are computed using the weighted average number of common shares outstanding. Options, warrants and preferred stock were not included in the computation of diluted net loss per share because the effect would be antidilutive.

Pro forma net loss per share has been computed using the weighted average number of common shares outstanding, including the pro forma effects of the automatic conversion of all outstanding shares of redeemable convertible preferred stock into shares of common stock as if such conversion occurred on January 1, 1999 or at the date of original issuance, if later.

F-10

EQUINIX, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS--(Continued)

The following table sets forth the computation of historical and pro forma basic and diluted net loss per share for the periods indicated.

Recent Accounting Pronouncements

In June 1998, the Financial Accounting Standards Board issued SFAS No. 133, Accounting for Derivative Instruments and Hedging Activities. SFAS No. 133 establishes accounting and reporting standards for derivative instruments, including derivative instruments embedded in other contracts, and for hedging activities. SFAS No. 133, as amended by SFAS No. 137, Deferral of the Effective Date of FASB Statement No. 133, is effective for all fiscal quarters of fiscal years beginning after September 15, 2000. This statement does not currently apply to the Company as the Company does not have any derivative instruments or engage in hedging activities.

F-11

EQUINIX, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS--(Continued)

In December 1999, the SEC issued Staff Accounting Bulletin ("SAB") 101, Revenue Recognition, which outlines the basic criteria that must be met to recognize revenue and provides guidance for presentation of revenue and for disclosure related to revenue recognition policies in financial statements filed with the SEC. The adoption of SAB 101 did not have a material impact on the Company's financial position and results of operations.

In March 2000, the FASB issued Interpretation No. 44, ("FIN 44"), Accounting for Certain Transactions Involving Stock Compensation - an Interpretation of APB 25. This Interpretation clarifies (a) the definition of employee for purposes of applying Opinion 25, (b) the criteria for determining whether a plan qualifies as a noncompensatory plan, (c) the accounting consequence of various modifications to the terms of a previously fixed stock option or award, and (d) the accounting for an exchange of stock compensation awards in a business combination. This Interpretation is effective July 1, 2000, but certain conclusions in this Interpretation cover specific events that occur after either December 15, 1998, or January 12, 2000. To the extent that this Interpretation covers events occurring during the period after December 15, 1998, or January 12, 2000, but before the effective date of July 1, 2000, the effects of applying this Interpretation are recognized on a prospective basis from July 1, 2000. The Company believes that the adoption of FIN 44 will not have a material impact on its financial position and results of operations.

(2)Balance Sheet Components

Cash, Cash Equivalents and Short-term Investments

As of December 31, 1998 and 1999, cost approximated market value of cash, cash equivalents and short-term investments; unrealized gains and losses were not significant. As of December 31, 1999, cash equivalents included investments in corporate debt securities with various contractual maturity dates which do not exceed 90 days.

Property & Equipment

Property and equipment is comprised of the following:

<TABLE>

Comdisco Loan and Security Agreement

In March 1999, Equinix-DC entered into a \$7,000,000 Loan and Security Agreement with Comdisco, Inc. ("Comdisco" and the "Comdisco Loan and Security Agreement"). Under the terms of the Comdisco

F-13

EQUINIX, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS--(Continued)

Loan and Security Agreement, Comdisco may lend the Company up to \$3,000,000 for equipment (referred to as the "hard" loan) and up to \$4,000,000 for software and tenant improvements ("soft" loan) for the Ashburn, Virginia IBX center buildout. The loans, which are collateralized by the assets of the Ashburn IBX, are available in minimum advances of \$1,000,000 and each loan is evidenced by a secured promissory note. The hard and soft loans issued bear interest at rates of 7.5% and 9% per annum, respectively, and are repayable in 42 and 36 equal monthly installments, respectively, plus a final balloon interest payment equal to 15% of the original advance amount due at maturity. The Comdisco Loan and Security Agreement has an effective interest rate of 18.1% per annum. As of December 31, 1999, \$5,042,000 was outstanding under the Comdisco Loan and Security Agreement.

In connection with the Comdisco Loan and Security Agreement, the Company granted Comdisco a warrant to purchase 765,000 shares of the Company's Series A redeemable convertible preferred stock at \$0.67 per share (the "Comdisco Loan and Security Agreement Warrant"). This warrant is immediately exercisable and expires in ten years from the date of grant. The fair value of the warrant, using the Black-Scholes option pricing model with the following assumptions: deemed fair market value per share of \$1.80, dividend yield of 0%, expected volatility of 80%, risk-free interest rate of 5.0% and a contractual life of 10 years, was \$1,255,000, was recorded as a discount to the applicable debt, and is being amortized to interest expense, using the effective interest method, over the life of the agreement.

Comdisco Master Lease Agreement

In May 1999, the Company entered into a Master Lease Agreement with Comdisco (the "Comdisco Master Lease Agreement"). Under the terms of the Comdisco Master Lease Agreement, the Company sells equipment to Comdisco, which it will then lease back. The amount of financing to be provided is up to \$1,000,000. Repayments are made monthly over 42 months with a final balloon interest payment equal to 15% of the balance amount due at maturity. Interest accrues at 7.5% per annum. The Comdisco Master Lease Agreement has an effective interest rate of 14.6% per annum. As of December 31, 1999, \$612,300 was outstanding under the Comdisco Master Lease Agreement.

The Company leases certain leasehold improvements, computer equipment and software and furniture and fixtures under capital leases under the Comdisco Master Lease Agreement. These leases were entered into as sales-leaseback transactions. The Company has deferred a gain of \$77,700 related to the sale-leaseback in July 1999, which is being amortized in proportion to the amortization of the leased assets.

In connection with the Comdisco Master Lease Agreement, the Company granted Comdisco a warrant to purchase 30,000 shares of the Company's Series A redeemable convertible preferred stock at \$1.67 per share (the "Comdisco Master Lease Agreement Warrant"). This warrant is immediately exercisable and expires in ten years from the date of grant. The fair value of the warrant using the Black-Scholes option pricing model with the following assumptions: deemed fair market value per share of \$3.00, dividend yield 0%, expected volatility of 80%, risk-free interest rate of

5.0% and a contractual life of 10 years, was \$79,800 and was recorded as a discount to the applicable capital lease obligation, and is being amortized to interest expense, using the effective interest method, over the life of the agreement.

Comdisco Master Lease Agreement Addendum

In August 1999, the Company amended the Comdisco Master Lease Agreement. Under the terms of the Comdisco Master Lease Agreement Addendum, the Company sells equipment (hard items) and software and tenant improvements (soft items) in its San Jose IBX center to Comdisco, which it then leases back. The amount of financing available under the Comdisco Master Lease Agreement Addendum

F-14

EQUINIX, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS--(Continued)

is up to \$2,150,000 for hard items and up to \$2,850,000 for soft items. Amounts drawn under this addendum will be collateralized by the underlying hard and soft assets of the San Jose IBX center that were funded under the Comdisco Master Lease Agreement Addendum. Repayments are made monthly over the course of 42 months. Interest accrues at 8.5% per annum, with a final balloon interest payment equal to 15% of the original acquisition cost of the property financed. The Comdisco Master Lease Agreement Addendum has an effective interest rate of 15.3% per annum. As of December 31, 1999, \$44,100 was outstanding under the Comdisco Master Lease Agreement Addendum.

In connection with the Comdisco Master Lease Agreement Addendum, the Company granted Comdisco a warrant to purchase 150,000 shares of the Company's Series A redeemable convertible preferred stock at \$3.00 per share (the "Comdisco Master Lease Agreement Addendum Warrant"). This warrant is immediately exercisable and expires in seven years from the date of grant or three years from the effective date of the Company's initial public offering, whichever is shorter. The fair value of the warrant using the Black-Scholes option pricing model with the following assumptions: deemed fair market value per share of \$4.80, dividend yield 0%, expected volatility of 80%, risk-free interest rate of 5.0% and a contractual life of seven years, was \$587,000, was recorded as a discount to the applicable capital lease obligation, and is being amortized to interest expense, using the effective interest method, over the life of the agreement.

Venture Leasing Loan Agreement

In August 1999, the Company entered into a Loan Agreement with Venture Lending & Leasing II, Inc. and other lenders ("VLL" and the "Venture Leasing Loan Agreement"). The Venture Leasing Loan Agreement provides financing for equipment and tenant improvements at the Newark, New Jersey IBX center and a secured term loan facility for general working capital purposes. The amount of financing to be provided is up to \$10,000,000, which may be used to finance up to 85% of the projected cost of tenant improvements and equipment for the Newark IBX center and is collateralized by the assets of the Newark IBX. Notes issued bear interest at a rate of 8.5% per annum and are repayable in 42 monthly installments plus a final balloon interest payment equal to 15% of the original advance amount due at maturity and are collateralized by the assets of the New Jersey IBX. The Venture Leasing Loan Agreement has an effective interest rate of 14.7% per annum. As of December 31, 1999, \$9,451,600 was outstanding under the Venture Leasing Loan Agreement.

In connection with the Venture Leasing Loan Agreement, the Company granted VLL a warrant to purchase 300,000 shares of the Company's Series A redeemable convertible preferred stock at \$3.00 per share (the "Venture Leasing Loan Agreement"). This warrant is immediately exercisable and expires on June 30, 2006. The fair value of the warrant using the Black-Scholes option pricing model with the following assumptions: deemed fair market value per share of \$4.80, dividend yield 0%, expected volatility of 80%, risk-free interest rate of 5.0% and a contractual life of seven years, was \$1,174,000, was recorded as a discount to the applicable debt, and is being amortized to interest expense, using the effective interest method, over the life of the agreement.

</TABLE>

(4) Senior Notes and Debt Issuance Costs

On December 1, 1999, the Company issued 200,000 units, each consisting of a \$1,000 principal amount 13% Senior Note due 2007 (the "Senior Notes") and one warrant to purchase 16.8825 shares (for an aggregate of 3,376,500 shares) of common stock for \$0.0067 per share (the "Senior Note Warrants"), for aggregate net proceeds of \$193,400,000, net of offering expenses. Of the \$200,000,000 gross proceeds, \$16,207,200 was allocated to additional paid-in capital for the deemed fair value of the Senior Note Warrants and recorded as a discount to the Senior Notes. The discount on the Senior Notes is being amortized to interest expense, using the effective interest method, over the life of the debt. The Senior Notes have an effective interest rate of 14.1% per annum. The fair value attributed to the Senior Note Warrants was consistent with the Company's treatment of its other common stock transactions prior to the issuance of the Senior Notes. The fair value was based on recent equity transactions by the Company. The amount of the Senior Notes, net of the unamortized discount, is \$183,954,700 as of December 31, 1999.

As of December 31, 1999, restricted cash and short-term investments, including accrued interest thereon, includes \$37,078,600 deposited with an escrow agent that will be used to pay the first three interest payments. Interest is payable semi-annually, in arrears, on June 1 and December 1 of each year, commencing on June 1, 2000. The Senior Notes are partially collateralized by the restricted cash and short-term investments. Except for this security interest, the notes are unsecured, senior obligations of the Company and are effectively subordinated to all existing and future indebtedness of the Company, whether or not secured.

The Senior Notes are governed by the Indenture dated December 1, 1999, between the Company, as issuer, and State Street Bank and Trust Company of California, N.A., as trustee (the "Indenture"). Subject to certain exceptions, the Indenture restricts, among other things, the Company's ability to incur additional indebtedness and the use of proceeds therefrom, pay dividends, incur certain liens to secure indebtedness or engage in merger transactions.

The costs related to the issuance of the Senior Notes were capitalized and are being amortized to interest expense using the effective interest method, over the life of the Senior Notes. Debt issuance costs, net of amortization, are \$7,125,800 as of December 31, 1999.

EQUINIX, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS--(Continued)

(5) Redeemable Convertible Preferred Stock

Redeemable convertible preferred stock consists of the following:

<TABLE>
<CAPTION>

Shares Issued and Outstanding December 31,	Amount Outstanding at December 31,
--	---------------------------------------

	Shares Authorized	1998	1999	1998	1999	Liquidation Value
<S>	<C>	<C>	<C>	<C>	<C>	<C>
Series A.....	21,000,000	15,697,500	18,682,500	\$10,435,500	\$ 12,425,500	\$12,517,275
Series B.....	24,000,000	--	15,762,373	--	81,706,000	84,013,448
	45,000,000	15,697,500	34,444,873	\$10,435,500	\$94,131,500	\$96,530,723

</TABLE>

There was no activity between December 31, 1999 and March 31, 2000. Also included in redeemable convertible preferred stock is the fair value of 1,245,000 Series A warrants issued in connection with various debt and capital lease facilities (see Note 3).

On September 10, 1998, 15,037,500 shares of Series A redeemable convertible preferred stock were issued at a price of \$0.67 per share. Concurrent with the issuance of the Series A redeemable convertible preferred stock, promissory notes of \$220,000 were converted into 660,000 shares of Series A redeemable convertible preferred stock. During July 1998, the Company had borrowed \$220,000 in the aggregate under a convertible loan arrangement with a number of individual investors. The loans accrued interest of 5.83% per annum while outstanding, which was paid in cash. During the period ended December 31, 1998, the Company recorded a charge of \$220,000 to account for the "in the money" conversion right of the convertible loan arrangement. On January 27, 1999, 3,000,000 shares of Series A redeemable convertible preferred stock were issued, at a price of \$0.67 per share in the second closing of the Series A financing.

Between August and December 1999, the Company completed its Series B redeemable convertible preferred stock financing. The Company issued 15,762,373 shares of Series B redeemable convertible preferred stock, at a price of \$5.33 per share.

The rights, preferences, and privileges of the Series A and Series B redeemable convertible preferred stock are as follows:

- . Dividends are noncumulative and are payable only upon declaration by the Board of Directors at a rate of \$0.05 and \$0.43 per share for Series A and B, respectively. No dividends have been declared to date.
- . Holders of Series A and B redeemable convertible preferred stock have a liquidation preference of \$0.67 and \$5.33 per share, respectively, plus all declared but unpaid dividends. A consolidation merger or sale of the Company will be declared to be a liquidation, dissolution or winding up of the Company for purposes of liquidation rights.
- . Each share of Series A and B redeemable convertible preferred stock is convertible, at the option of the holder, into common stock at a conversion price equal to the respective original preferred stock issue price. The conversion price is subject to adjustment for stock splits and combinations and will automatically convert into common stock in the event of either (i) an underwritten public offering with an aggregate gross offering price of at least \$25,000,000 or (ii) upon a vote of the holders of a majority of the then outstanding shares of each class of preferred stock.
- . Each share of Series A and Series B redeemable convertible preferred stock has voting rights equal to that of common stock on an "as if converted" basis.

F-17

EQUINIX, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS--(Continued)

- . The holders of Series A and B redeemable convertible preferred stock are entitled to elect two and one directors, respectively, to the Company's Board of Directors so long as 25% of the shares of Series A and B redeemable convertible preferred stock originally issued remain outstanding.
- . Series A and B redeemable convertible preferred stock is not redeemable at any time, except in the case of our acquisition by another entity that results in the transfer of fifty percent or more of the outstanding voting power of the corporation or a sale of all or substantially all of the assets of the corporation. Effectively, this change in control would provide for the preferred stockholder to present their security for cash redemption.

- . Holders of greater than 1,500,000 shares of Series A and/or Series B redeemable convertible preferred stock have the right to purchase their pro rata share of securities subsequently sold or otherwise issued by the Company, subject to standard exceptions.
- . Holders of Series A and Series B redeemable convertible preferred stock have the right to veto:
 - . any increase in the number of Series B redeemable convertible preferred stock or the issuance of any securities with rights senior to those of the Series B redeemable convertible preferred stock;
 - . the redemption of any securities by the Company, other than in connection with an employee's termination of employment; and
 - . any increase to the size of the Company's board of directors.
- . Holders of Series A and Series B redeemable convertible preferred stock may require the Company to file a registration statement with the SEC to register the holders' stock, and have the right to force the Company to include their shares in any registered public offering following the Company's initial public offering.
- . Holders of Series A and Series B redeemable convertible preferred stock have the right to receive financial and other information from the Company.

(6) Stockholders' Equity

Common Stock

In August 1999, the Company amended and restated its Certificate of Incorporation to increase the authorized share capital to 112,500,000 shares of common stock.

The Company's founders purchased 6,060,000 shares of stock. Approximately 5,454,000 shares are subject to restricted stock purchase agreements whereby the Company has the right to repurchase the stock upon voluntary or involuntary termination of the founder's employment with the Company at \$0.00033 per share. The Company's repurchase right lapses at a rate of 25% per year. As of December 31, 1998 and 1999, and March 31, 2000, 4,888,875, 3,522,375 and 3,180,750 shares are subject to repurchase at a price of \$0.00033 per share, respectively.

Upon the exercise of certain unvested stock options, the Company issued to employees common stock which is subject to repurchase by the Company at the original exercise price of the stock option. This right lapses over the vesting period. As of December 31, 1998 and 1999 and March 31, 2000, there were 45,000, 4,590,735 and 4,883,704 shares, respectively, subject to repurchase.

F-18

EQUINIX, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS--(Continued)

At December 31, 1999, the Company has reserved the following shares of authorized but unissued shares of common stock for future issuance:

<TABLE> <S>	<C>
Conversion of Series A redeemable convertible preferred stock	18,682,500
Conversion of Series B redeemable convertible preferred stock	15,762,373
Series A redeemable convertible preferred stock warrants	1,245,000
Common stock warrants	4,742,145
Common stock options	2,816,208

	43,248,226
	=====

</TABLE>

Stock Option Plan

In September 1998, the Company adopted the 1998 Stock Plan (the "Plan") under which nonstatutory stock options and restricted stock may be granted to employees, outside directors, and consultants, and incentive stock options may be granted to employees. Accordingly, the Company has reserved a total of 8,262,810 shares of the Company's common stock for issuance upon the grant of restricted stock or exercise of options granted in accordance with the Plan. Options granted under the Plan generally expire 10 years following the date of grant and are subject to limitations on transfer. The

Plan is administered by the Board of Directors.

The Plan provides for the granting of incentive stock options at not less than 100% of the fair market value of the underlying stock at the grant date. Nonstatutory options may be granted at not less than 85% of the fair market value of the underlying stock at the date of grant.

Option grants under the Plan are subject to various vesting provisions, all of which are contingent upon the continuous service of the optionee and may not impose vesting criterion more restrictive than 20% per year. Stock options may be exercised at anytime subsequent to grant. Stock obtained through exercise of unvested options is subject to repurchase at the original purchase price. The Company's repurchase right decreases as the shares vest under the original option terms.

Options granted to stockholders who own greater than 10% of the outstanding stock must have vesting periods not to exceed five years and must be issued at prices not less than 110% of the fair market value of the stock on the date of grant as determined by the Board of Directors. Upon a change of control, all shares granted under the Plan shall immediately vest. Unless otherwise terminated by the Board of Directors, the Plan automatically terminates in September 2008.

F-19

EQUINIX, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS--(Continued)

A summary of the Plan is as follows:

<TABLE>
<CAPTION>

	December 31,

	2,780,988	9.53	0.67	76,431	0.07

</TABLE>

The weighted-average remaining contractual life of options outstanding at December 31, 1999 and March 31, 2000 was 9.53 years and 9.70 years, respectively.

Stock-Based Compensation

Employees

The Company uses the intrinsic-value method prescribed in APB No. 25 in accounting for its stock-based compensation arrangements with employees. Stock-based compensation expense is recognized for employee stock option grants in those instances in which the deemed fair value of the underlying common stock was subsequently determined to be greater than the exercise price of the stock options at the date of grant. The Company recorded deferred stock-based compensation related to employees of \$19,785,800 in respect to stock options granted through December 31, 1999, of which \$135,300 and \$6,067,300 has been amortized to stock-based compensation expense for the period and year ended December 31, 1998 and

F-20

EQUINIX, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS--(Continued)

1999, respectively, on an accelerated basis over the vesting period of the individual options, in accordance with FASB Interpretation No. 28. For the three months ended March 31, 2000, the Company recorded additional deferred stock-based compensation related to employees of \$4,200,600, in respect of stock option grants during the three months ended March 31, 2000. During the three months ended March 31, 2000, the Company amortized \$2,941,200 of compensation related to employees to stock-based compensation expense, on an accelerated basis in accordance with FASB Interpretation No. 28.

Had compensation costs been determined using the fair value method for the Company's stock-based compensation plans, net loss would have been changed to the amounts indicated below:

<TABLE>

<CAPTION>

</TABLE>

The Company's calculations for employee grants were made using the minimum value method with the following weighted average assumptions for the period from June 22, 1998 (inception) to December 31, 1998 and the year ended December 31, 1999: dividend yield of 0%; expected volatility of 0%; risk-free interest rates of 5.77% in the period from June 22, 1998 (inception) to December 31, 1998 and 5.66% in the year ended December 31, 1999; and expected lives of 2.67 years in the period from June 22, 1998 (inception) to December 31, 1998 and 2.52 years in the year ended December 31, 1999.

Non-Employees

The Company uses the fair value method to value options granted to non-employees. In connection with its grant of options to non-employees, the Company has recognized deferred stock-based compensation of \$710,900 and \$695,000 through December 31, 1999 and for the three months ended March 31,

2000, respectively, of which \$28,600, \$560,000 and \$540,500 has been amortized to stock-based compensation expense for the period and year ended December 31, 1998 and 1999, respectively, and for the three months ended March 31, 2000, respectively, on an accelerated basis over the vesting period of the individual options, in accordance with FASB Interpretation No. 28.

The Company's calculations for non-employee grants were made using the Black-Scholes option pricing model with the following weighted average assumptions for the period from June 22, 1998 (inception) to December 31, 1998, the year ended December 31, 1999 and the three month period ended March 31, 2000: dividend yield of 0%; expected volatility of 80%; risk-free interest rates of 4.99% in the period from June 22, 1998 (inception) to December 31, 1998, 5.48% in the year ended December 31, 1999 and 5.51% in the three month period ended March 31, 2000; and contractual life of 10 years.

Warrants

In August 1999, the Company entered into a strategic agreement with NorthPoint Communications, Inc. ("NorthPoint"). Under the terms of the strategic agreement, NorthPoint has agreed to use certain of the Company's domestic IBX centers and install their operational nodes in such centers. In exchange, the

F-21

EQUINIX, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS--(Continued)

Company granted NorthPoint a warrant to purchase 338,145 shares of the Company's common stock at \$0.53 per share (the "NorthPoint Warrant"). The NorthPoint Warrant was earned upon execution of the strategic agreement as Northpoint's performance commitment was complete. The NorthPoint Warrant is immediately exercisable and expires five years from the date of grant. The NorthPoint Warrant was valued at \$1,507,800 using the Black-Scholes option-pricing model, which was capitalized on the accompanying consolidated balance sheet in other assets as a customer acquisition cost and is being amortized over the term of the agreement as a reduction of revenues recognized. The following assumptions were used in determining the fair value of the warrant: deemed fair market value per share of \$4.80, dividend yield of 0%, expected volatility of 80%, risk-free interest rate of 5.0% and a contractual life of 5 years.

In November 1999, the Company entered into a definitive agreement with WorldCom, whereby WorldCom agreed to install high-bandwidth local connectivity services to the Company's first seven IBX centers by a pre-determined date in exchange for a warrant to purchase 675,000 shares of common stock of the Company at \$0.67 per share (the "WorldCom Warrant"). The WorldCom Warrant is immediately exercisable and expires five years from the date of grant. As of December 31, 1999, warrants for 600,000 shares are subject to repurchase at the original exercise price if WorldCom's performance commitments are not completed. The WorldCom Warrant was valued at \$2,969,000 using the Black-Scholes option-pricing model and was recorded to construction in progress on the accompanying consolidated balance sheet as of December 31, 1999. Under the applicable guidelines in EITF 96-18, the underlying shares of common stock associated with the WorldCom Warrant subject to repurchase are revalued at each balance sheet date to reflect their current fair value until WorldCom's performance commitment is complete. Any resulting increase in fair value of the warrants is recorded as a leasehold improvement. In addition, the following assumptions were used in determining the fair value of the warrant: deemed fair market value per share of \$4.80, dividend yield of 0%, expected volatility of 80%, risk-free interest rate of 5.5% and a contractual life of 5 years.

In November 1999, the Company entered into a master agreement with Bechtel Corporation, or Bechtel, whereby Bechtel agreed to act as the exclusive contractor under a Master Agreement to provide program management, site identification and evaluation, engineering and construction services to build approximately 29 IBX centers over a four year period under mutually agreed upon guaranteed completion dates. As part of the agreement, the Company granted Bechtel a warrant to purchase 352,500 shares of the Company's common stock at \$1.00 per share (the "Bechtel Warrant"). The Bechtel Warrant is immediately exercisable and expires five years from date of grant. As of December 31, 1999, warrants for 282,000 shares are subject to repurchase at the original exercise price, if Bechtel's performance commitments are not complete. The Bechtel Warrant was valued at \$1,497,200 using the Black-Scholes option-pricing model and was recorded to construction in progress on the accompanying consolidated balance sheet as of December 31, 1999. Under EITF 96-18, the underlying shares of common stock associated with the Bechtel Warrant subject to repurchase are revalued at each balance sheet date to reflect their current fair value until Bechtel's performance commitment is complete. Any resulting increase in fair value of the warrants is recorded as a leasehold

improvement. In addition, the following assumptions were used in determining the fair value of the warrant: deemed fair market value per share of \$4.80, dividend yield of 0%, expected volatility of 80%, risk-free interest rate of 5.5% and a contractual life of 5 years.

F-22

EQUINIX, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS--(Continued)

In addition, the Company has issued several warrants in connection with its debt facilities and capital lease obligations (see Note 3) and the Senior Notes (see Note 4). The Company has the following warrants outstanding as of December 31, 1999:

<TABLE>

<CAPTION>

	=====	

</TABLE>

(7) Income Taxes

No provision for federal income taxes was recorded from inception through December 31, 1999 as the Company incurred no operating losses during the period.

State tax expense is included in general and administrative expenses.

Actual income tax expense differs from the expected tax benefit computed by applying the statutory federal income tax rate of approximately 34% for the periods ended December 31, 1998 and 1999, primarily as a result of the change in valuation allowance and stock based compensation.

The tax effect of temporary differences that give rise to significant portions of the deferred tax assets as of December 31, 1998 and December 31, 1999 is presented as follows:

<TABLE>

<CAPTION>

	1998	1999

	-----	-----
	--	--
	=====	=====

</TABLE>

F-23

EQUINIX, INC.

The net change in the total valuation allowance for the period from June 22, 1998 (inception) to December 31, 1998 and the year ended December 31, 1999, was an increase of \$287,300 and \$6,182,700 respectively.

The Company has established a valuation allowance against that portion of deferred tax assets where management has determined that it is more likely than not that the asset will not be realized.

At December 31, 1999, the Company had net operating loss carryforwards of approximately \$8,000,000 for federal and state tax purposes. If not earlier utilized, the federal net operating loss carryforward will expire in 2019 and the state loss carryforward will expire in 2006.

Under the Tax Reform Act of 1986, the amounts of and the benefit from net operating losses that can be carried forward may be limited in certain circumstances. Events that may cause limitations in the utilization of net operating losses include a cumulative stock ownership change of more than 50% over a three year period and other events. Equinix has not yet determined the extent that its net operating loss benefit will be limited.

(8) Commitments and Contingencies

Operating Lease Commitments

The Company leases its IBX centers and certain equipment under noncancelable operating lease agreements expiring through 2014. The centers' lease agreements typically provide for base rental rates which increase at defined intervals during the term of the lease. In addition, the Company has negotiated rent expense abatement periods to better match the phased build-out of its centers. The Company accounts for such abatements and increasing base rentals using the straight-line method over the life of the lease. The difference between the straight-line expense and the cash payment is recorded as deferred rent.

Minimum future operating lease payments as of December 31, 1999 are summarized as follows:

<S>	<C>
Year ending:	
2000.....	\$ 4,949,700
2001.....	8,321,500
2002.....	8,578,700
2003.....	8,775,500
2004.....	9,045,300
Thereafter.....	90,244,300

Total.....	\$129,915,000
	=====

</TABLE>

Total rent expense was approximately \$165,000 and \$1,739,100 for the period from June 22, 1998 (inception) to December 31, 1998 and for the year ended December 31, 1999, respectively.

Deferred rent included in accrued expenses was \$42,400 and \$18,000 as of December 31, 1998 and 1999, respectively. Deferred rent included in other liabilities was none and \$566,600 as of December 31, 1998 and 1999, respectively.

Employment Agreement

The Company has agreed to indemnify an officer of the Company for any claims brought by his former employer under an employment and non-compete agreement the officer had with this employer.

Employee Benefit Plan

During the year ended December 31, 1999, the Company adopted the Equinix 401(k) Plan (the "401(k) Plan"). The 401(k) Plan allows eligible employees to contribute up to 15% of their compensation, limited to \$10,000 in 1999. Employee contributions and earnings thereon vest immediately. Although the Company may make discretionary contributions to the 401(k) Plan, none have been made as of December 31, 1999.

(9) Related Party Transactions

The Company advanced an aggregate of \$750,000 to an officer of the Company, which is evidenced by a promissory note. The proceeds of this loan were used to fund the purchase of a personal residence. The loan is due September 13, 2004, but is subject to certain events of acceleration, including an initial public offering of the Company's common stock and is secured by a second deed of trust on the officer's residence. The loan is non-interest bearing. This loan is presented in other assets on the accompanying consolidated balance sheet as of December 31, 1999.

In March 1999, the Company entered into an equipment lease facility with a preferred stockholder under which the Company leased \$137,300 of equipment for a 24-month term.

In August 1999, the Company entered into a strategic agreement with NorthPoint. Under the terms of the strategic agreement, NorthPoint has agreed to use certain of the Company's domestic IBX centers and install their operational nodes in such centers. In exchange, the Company granted NorthPoint a warrant to purchase 338,145 shares of the Company's common stock at \$0.53 per share. The NorthPoint Warrant was earned upon execution of the strategic agreement as NorthPoint's performance commitment was complete. The NorthPoint Warrant is immediately exercisable and expires five years from date of grant. The NorthPoint Warrant was valued at \$1,507,800 using the Black-Scholes option-pricing model (see Note 6).

(10) Segment Information

During the year ended December 31, 1999, the Company adopted the provisions of SFAS No. 131, Disclosures about Segments of an Enterprise and Related Information. SFAS No. 131 requires disclosures of selected segment-related financial information about products, major customers and geographic areas.

The Company and its subsidiary are principally engaged in the design, build-out and operation of neutral IBX centers. All revenues result from the operation of these IBX centers. Accordingly, the Company considers itself to operate in a single segment for purposes of disclosure under SFAS No. 131. The Company's chief operating decision-maker evaluates performance, makes operating decisions and allocates resources based on financial data consistent with the presentation in the accompanying consolidated financial statements.

As of December 31, 1998 and 1999, all of the Company's operations and assets are based in the United States.

(11) Subsequent Events (unaudited)

In January 2000, the Company's stockholders approved an amendment to the 1998 Stock Plan increasing the aggregate number of common shares available for issuance over the term of the Plan by 3,750,000 to a total of 12,012,810 shares.

F-25

EQUINIX, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS--(Continued)

In January 2000, the Company's stockholders approved a three-for-two stock split of its common and redeemable convertible preferred stock effective January 19, 2000. The Company amended and restated its Certificate of Incorporation to increase the authorized share capital to 132,000,000 shares of common stock and 68,000,000 shares of redeemable convertible preferred stock, of which 32,000,000 has been designated as Series A and 36,000,000 as Series B, to give effect to the three-for-two stock split. The accompanying consolidated financial statements have been adjusted to reflect this stock split.

In January 2000, the Company entered into an operating lease for its Dallas, Texas IBX center. The agreement is for a minimum of 10 years, with annual rent payments increasing from \$1,131,000 to \$1,357,200 over the lease term.

In January 2000, the Company entered into an operating lease agreement for its new corporate headquarters facility in Mountain View, California. The agreement is for a minimum of seven years, with annual rent payments increasing from \$1,662,600 to \$2,103,800 over the lease term. In connection with the lease agreement, the Company granted the lessor a warrant to purchase up to 33,100 shares of the Company's common stock at \$6.00 per share. The warrant is exercisable upon certain defined events occurring through May 28, 2000 and expire in 10 years from the date of grant. The warrant was valued at \$185,700 using the Black-Scholes option pricing model

and will be recorded as additional rent expense over the life of the lease. The following assumptions were used in determining the fair value of the warrant: deemed fair value per share of \$6.55, dividend yield of 0%, expected volatility of 80%, risk-free interest rate of 6.0% and a contractual life of 10 years.

In January 2000, the Company advanced an aggregate of \$250,000 to an officer of the Company, which is evidenced by a promissory note. The proceeds of this loan were used to fund the purchase of a principal residence. The loan is due January 13, 2005, but is subject to certain events of acceleration, including an initial public offering of the Company's common stock. The loan is secured by a second deed of trust on the officer's residence and is non-interest bearing.

In April 2000, the Company entered into a definitive agreement with a fiber carrier whereby the fiber carrier agreed to install high-bandwidth local connectivity services to a number of the Company's IBX centers in exchange for colocation space and related benefits in such IBX centers. In connection with this agreement, the Company granted the fiber carrier a warrant to purchase up to 540,000 shares of the Company's common stock at \$4.00 per share. The warrant is immediately exercisable and expires five years from date of grant. Warrants for 140,000 shares are immediately vested and warrants for 400,000 shares are subject to repurchase at the original exercise price if certain performance commitments are not completed by a pre-determined date. The fiber carrier is not obligated to install high-bandwidth local connectivity services and, apart from forfeiting the relevant number of warrants and colocation space, will not be penalized for not installing. The warrant was valued at \$5,371,800 using the Black-Scholes option-pricing model. The following assumptions were used in determining the fair value of the warrant: deemed fair market value per share of \$11.82, dividend yield of 0%, expected volatility of 80%, risk-free interest rate of 6.56% and a contractual life of 5 years. Under the applicable guidelines in EITF 96-18, the underlying shares of common stock associated with this warrant subject to repurchase are revalued at each balance sheet date to reflect their current fair value until the performance commitment is complete. Any resulting increase in fair value of the warrants is recorded as a leasehold improvement.

In April 2000, the Company entered into an operating lease agreement for its Amsterdam, The Netherlands, IBX center. The Agreement is for a minimum of 15 years, with annual rent payments of 3,244,300 Dutch Guilders (approximately \$1,336,300), adjusted annually according to the consumer price index (CPI).

F-26

EQUINIX, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS--(Continued)

In April, May and June 2000, the Company granted additional stock options to employees to purchase 4,705,850 shares of common stock under the 1998 Stock Plan resulting in an additional deferred stock-based compensation charge of approximately \$39.8 million.

In May 2000, the Company amended and restated its Certificate of Incorporation to change the authorized share capital to 80,000,000 shares of common stock and 41,000,000 shares of redeemable convertible preferred stock, of which 20,000,000 has been designated as Series A, 16,000,000 has been designated as Series B and 7,000,000 has been designated as Series C.

In May 2000, the Company's stockholders approved an amendment to the 1998 Stock Plan increasing the aggregate number of common shares available for issuance over the term of the Plan by 3,000,000 to a total of 15,012,810 shares.

In May and June 2000, the Company completed the closing of the Series C redeemable convertible preferred stock financing. The Company raised approximately \$94.4 million and issued 6,262,161 shares of Series C redeemable convertible preferred stock. The rights, preferences and privileges of the Series C redeemable convertible preferred stock are consistent with those outlined for Series A and B in Note 5 except as follows:

- . Dividends are payable at a rate of \$1.21 per share
- . Holders have a liquidation preference of \$15.08 per share plus all declared but unpaid dividends.

On May 15, 2000, the board of directors agreed to waive the repurchase right with respect to all of Albert M. Avery, IV's unvested shares.

On May 16, 2000, Peter F. Van Camp joined Equinix as chief executive officer. His offer letter provides for the grant of an option to purchase 3,105,000 shares of common stock at the fair market value on the grant date

vesting monthly over four years. The agreement also provides for a no-interest loan to Mr. Van Camp for up to \$3,000,000 to purchase a primary residence. The loan will be secured by Mr. Van Camp's primary residence and any shares of stock that Mr. Van Camp obtains by exercising the options described above. The agreement also details salary and caps the amount of relocation expenses. The agreement further provides for 12 months of severance pay if Mr. Van Camp is terminated by us for reasons other than cause or disability. The stock option agreement with Mr. Van Camp provides that the Company's right to repurchase unvested shares shall lapse upon certain changes in control of Equinix.

On May 26, 2000, the board of directors approved the 2000 Equity Incentive Plan under which 5,000,000 shares of common stock have been reserved. Any shares not yet issued under the 1998 Stock Plan will also be available for grant under this plan. On each January 1, commencing with the year 2001, the number of shares in reserve will automatically increase by 6% of the total number of shares of common stock that are outstanding at that time or, if less, by 6,000,000 shares. The board has elected to extend the change in control acceleration feature of the 2000 Equity Incentive Plan to all outstanding options and unvested shares. Previously, options granted under the 1998 Stock Plan provided that vesting of the shares would accelerate only if not assumed by the acquiring entity. This plan is subject to stockholder approval.

In May 2000, the Company adopted the employee stock purchase plan under which 1,000,000 shares have been reserved for issuance thereafter. On each January 1, the number of shares in reserve will automatically increase by 2% of the total number of shares of common stock outstanding at that time, or, if less, by 600,000 shares. The plan permits purchases of common stock via payroll deductions. The maximum payroll deduction

F-27

EQUINIX, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS--(Continued)

is 15% of the employee's cash compensation. Purchases of the common stock will occur on February 1 and August 1 of each year. The price of each share purchased will be 85% of the lower of:

- . The fair market value per share of common stock on the date immediately before the first day of the applicable offering period (which lasts 24 months); or
- . The fair market value per share of common stock on the purchase date.

The value of the shares purchased in any calendar year may not exceed \$25,000. This plan is subject to stockholder approval.

In May 2000, the board of directors also adopted the 2000 directors' stock option plan and 200,000 shares of common stock were reserved for issuance under this plan. On each January 1, starting with the year 2001, the number of shares in reserve will automatically increase by 50,000 shares. Non-employee members of the board of directors will be eligible for option grants under the 2000 directors' stock option plan. Each non-employee director who joins the board after the effective date of the plan will receive an initial option of 25,000 shares. The initial options vest in four equal annual installments following the date of grant. At each annual stockholder's meeting, beginning in 2000, each non-employee director will automatically be granted an annual option for 10,000 shares of the common stock. A new non-employee director who receives the initial option will not receive the 10,000 share annual option in the same calendar year. These options vest fully on the first anniversary of the date of the grant. The exercise price of the option will be equal to the fair market value of the common stock on the option grant date. The non-employee directors' options have a 10-year term, and expire one year after a director leaves the board. Upon a change of control of the Company, the options become fully vested. This plan is subject to stockholder approval.

On May 23, 2000 Equinix entered into an agreement to purchase approximately 79 acres of land in San Jose, California for approximately \$82.0 million. The sale is scheduled to close on June 21, 2000 pending certain closing conditions being met. In addition, the Company executed a non-binding letter of intent with a financing company whereby Equinix shall assign its rights under the purchase agreement, and shall enter into a long-term lease of the property. The primary term of the lease will be 20 years with six renewal terms of ten years each. The annual rent payments during years 1-5 shall be approximately \$9,475,500. Beginning the sixth lease year and every five years thereafter, the rent payments will increase by the percentage increase in CPI but in no event shall the annual cumulative increase exceed 3.5% per annum.

Concurrent with the execution of the lease, the Company will be required to post a letter of credit in the amount of \$10 million. This letter of credit shall increase to \$35 million if the Company does not meet certain financing targets. This security deposit shall be reduced on a pro rata basis based on the status of construction activity. On the tenth anniversary and every tenth year thereafter, Equinix shall have the right to purchase the property at the

then fair market value, but no less than the original purchase price.

There can be no assurance that Equinix will secure this financing arrangement. If Equinix is not able to secure this arrangement, Equinix will have the option to purchase the property directly. However, Equinix does not intend to as so at this time.

The Company's board of directors authorized management to file a registration statement with the Securities and Exchange Commission to permit the Company to sell shares of its common stock to the public.

Item 14. Indemnification of Directors and Officers

Section 145 of the Delaware General Corporation Law authorizes a court to award or a corporation's board of directors to grant indemnification to directors and officers in terms sufficiently broad to permit such indemnification under certain circumstances for liabilities (including reimbursement for expenses incurred) arising under the Securities Act of 1933 (the "Act"). Article VII, Section 7.6 of our bylaws provides for mandatory indemnification of our directors and officers and permissible indemnification of employees and other agents to the maximum extent permitted by the Delaware General Corporation Law. Our amended and restated certificate of incorporation provides that, pursuant to Delaware law, our directors shall not be liable for monetary damages for breach of the directors' fiduciary duty as directors to us and to our stockholders. This provision in the amended and restated certificate of incorporation does not eliminate the directors' fiduciary duty, and in appropriate circumstances equitable remedies such as injunctive or other forms of non-monetary relief will remain available under Delaware law. In addition, each director will continue to be subject to liability for breach of the director's duty of loyalty to us or our stockholders for acts or omissions not in good faith or involving intentional misconduct, for knowing violations of law, for actions leading to improper personal benefit to the director, and for payment of dividends or approval of stock repurchases or redemptions that are unlawful under Delaware law. The provision also does not affect a director's responsibilities under any other law, such as the federal securities laws or state or federal environmental laws. We have entered into indemnification agreements with our officers and directors, a form of which is attached as Exhibit 10.1 and incorporated by reference. The indemnification agreements provide our officers and directors with further indemnification to the maximum extent permitted by the Delaware General Corporation Law. We also maintain liability insurance for our directors and officers. Reference is also made to Section 7 of the underwriting agreement contained in Exhibit 1.1 to this registration statement, indemnifying our officers and directors against certain liabilities, and Section 1.9 of the amended and restated investors' rights agreement contained in Exhibit 10.6 to this registration statement,

indemnifying some of our stockholders, including controlling stockholders, against certain liabilities.

II-1

Item 15. Recent Sales of Unregistered Securities

Since inception, we have issued and sold the following securities:

1. We granted stock options to purchase 13,646,421 shares of common stock at exercise prices ranging from \$0.067 to \$7.00 per share to employees, consultants and directors pursuant to our 1998 Stock Option Plan.
2. From January 1999 through June 2000, we issued and sold an aggregate of 6,559,116 shares of common stock to employees, consultants and directors for aggregate consideration of approximately \$3,000,000 pursuant to exercises of options granted under our 1998 Stock Option Plan.
3. In September 1998 and January 1999, we issued and sold 18,682,500 shares of our Series A preferred stock for an aggregate purchase price of approximately \$12,455,000 to a group of investors under a stock purchase agreement.
4. On March 10, 1999 we issued a warrant to purchase 765,000 shares of our Series A preferred stock with an exercise price of \$0.67 per share to Comdisco, Inc. in connection with a Loan and Security Agreement dated March 10, 1999 between Comdisco, Inc. and ourselves.
5. On May 27, 1999 we issued a warrant to purchase 30,000 shares of our Series A preferred stock with an exercise price of \$1.67 per share to Comdisco, Inc. in connection with a Master Lease Agreement dated May 27, 1999 between Comdisco, Inc. and ourselves.
6. In August, September, October, November and December 1999, we issued and sold 15,759,561 shares of our Series B preferred stock for an aggregate purchase price of approximately \$84,052,320 to a group of investors under a stock purchase agreement.
7. On August 16, 1999 we issued a warrant to purchase 150,000 shares of our Series A preferred stock with an exercise price of \$3.00 per share to Comdisco, Inc. in connection with a Master Lease Agreement dated May 27, 1999 between Comdisco, Inc. and ourselves.
8. On August 16, 1999 we issued warrants to purchase a total of 300,000 shares of our Series A preferred stock with an exercise price of \$3.00 per share to Venture Lending & Leasing, Inc. II and its designees in connection with a Loan Agreement dated August 16, 1999 between Venture Lending & Leasing, Inc. II and ourselves.
9. On August 31, 1999 we issued a warrant to purchase 338,145 shares of our common stock with an exercise price of \$0.53 per share to NorthPoint Communications, Inc. in connection with a Strategic Agreement dated August 31, 1999 between NorthPoint Communications, Inc. and ourselves.
10. On November 3, 1999 we issued a warrant to purchase 352,500 shares of our common stock with an exercise price of \$1.00 per share to Bechtel Corporation in connection with a Master Agreement dated November 3, 1999 between Bechtel Corporation and ourselves. The warrant was subsequently exercised and we issued 352,500 shares thereunder.
11. On November 16, 1999 we issued warrants to purchase 675,000 shares of our common stock with an exercise price of \$0.67 per share to WorldCom, Inc. in connection with that certain agreement dated November 16, 1999 between WorldCom, Inc. and ourselves.
12. In December 1999 we issued 200,000 units consisting of 13% senior discount notes due 2007 and warrants to purchase an aggregate of 3,376,500 shares of common stock with an exercise price of \$0.0067 per share to Salomon Smith Barney Inc., Morgan Stanley & Co. Incorporated and Goldman, Sachs & Co., as initial purchasers, for resale to qualified institutional buyers, for an aggregate purchase price of \$200,000,000. Salomon Smith Barney Inc., Morgan Stanley & Co. Incorporated and Goldman, Sachs & Co. received an aggregate discount of \$6,000,000 for acting as initial purchasers in connection with this transaction.

II-2

13. On January 28, 2000 we issued a warrant to purchase 33,100 shares of our common stock with an exercise price of \$6.00 per share to Alexandria Real Estate Equities, L.P., in connection with the execution and delivery of the lease relating to property located in Mountain View, California.

14. On March 21, 2000 we issued and sold 31,211 shares of our common stock for an aggregate purchase price of approximately \$166,666.74 to a

group of individuals under common stock purchase agreements.

15. On March 31, 2000 we issued a warrant to purchase 540,000 shares of our common stock with an exercise price of \$4.00 per share to AT&T in connection with a commercial agreement between AT&T and ourselves dated March 31, 2000 relating to our IBX centers.

16. On May 1, 2000 we issued a warrant to purchase 6,000 shares of our common stock with an exercise price of \$5.00 per share to Malcolm Brown in connection with that certain agreement dated May 1, 2000 between Malcolm Brown and ourselves.

17. On May 31, 2000 we issued and sold 16,190 shares of our common stock for a purchase price of \$85,000 to Adam Fischer under a common stock purchase agreement.

18. In May and June 2000 we issued and sold 6,262,161 shares of our Series C preferred stock for an aggregate purchase price of approximately \$94,433,388 to a group of investors under a stock purchase agreement.

The sale of the above securities was determined to be exempt from registration under the Securities Act in reliance on Rule 701 promulgated under the Securities Act, Section 4(2) of the Securities Act or Regulation D promulgated thereunder as transactions by an issuer not involving any public offering or transactions under compensation benefit plans and contracts relating to compensation as provided under 701. In addition, the recipients of securities in each such transaction represented their intentions to acquire the securities for investment only and not with a view to or for sale in connection with any distribution thereof and appropriate legends were affixed to the share certificates issued in these transactions. All recipients had adequate access, through their relationships with us, to information about us.

II-4

Item 17. Undertakings

We undertake to provide to the underwriters at the closing specified in the underwriting agreement certificates in the denominations and registered in the names as required by the underwriters to permit prompt delivery to each purchaser.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers, and controlling persons of the Registrant under the Delaware General Corporation Law, our amended and restated certificate of incorporation or our amended and restated bylaws, the underwriting agreement, or otherwise, we have been advised that in the opinion of the Securities and Exchange Commission this indemnification is against public policy as expressed in the Securities Act, and is, therefore, unenforceable. In the event that a claim for indemnification against these liabilities, other than the payment by us of expenses incurred or paid by a director, officer, or controlling person of ours in the successful defense of any action, suit, or proceeding, is asserted by a director, officer, or controlling person in connection with the securities being registered in this offering, we will, unless in the opinion of our counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question of whether this indemnification by us is against public policy as expressed in the Securities Act and will be governed by the final adjudication of this issue.

We undertake that:

(1) For purposes of determining any liability under the Securities Act, the information omitted from the form of prospectus filed as part of this registration statement in reliance upon Rule 430A and contained in a form of prospectus filed by us under Rule 424(b)(1) or (4) or 497(h) under the Securities Act shall be deemed to be part of this registration statement as of the time it was declared effective.

(2) For the purpose of determining any liability under the Securities Act, each post-effective amendment that contains a form of prospectus shall be deemed to be a new registration statement relating to the securities offered, and the offering of these securities at that time shall be deemed to be the initial bona fide offering.

RESTATED
CERTIFICATE OF INCORPORATION OF
EQUINIX, INC.
a Delaware corporation

(Pursuant to Sections 242 and 245
of the Delaware General Corporation Law)

Equinix, Inc., a corporation organized and existing under the General Corporation Law of the State of Delaware (the "General Corporation Law"), originally incorporated on June 22, 1998, under the name Quark Communications, Inc.

DOES HEREBY CERTIFY:

FIRST: That the name of this corporation is Equinix, Inc.

SECOND: That the Board of Directors duly adopted resolutions proposing to amend and restate the Amended and Restated Certificate of Incorporation of this corporation, declaring said amendment and restatement to be advisable and in the best interests of this corporation and its stockholders, and authorizing the appropriate officers of this corporation to solicit the consent of the stockholders therefor, which resolution setting forth the proposed amendment and restatement is as follows:

"RESOLVED, that the Restated Certificate of Incorporation of this corporation, as amended, be amended and restated in its entirety as follows:

ARTICLE I

The name of the corporation is Equinix, Inc. (the "Corporation").

ARTICLE II

The address of the registered office of this corporation in the State of Delaware is 15 E. North St., P.O. Box 899, in the City of Dover, County of Kent. The name of its registered agent at such address is Incorporating Services, Ltd.

ARTICLE III

The nature of the business or purposes to be conducted or promoted is to engage in any lawful act or activity for which corporations may be organized under the General Corporation Law of Delaware.

ARTICLE IV

The Corporation is authorized to issue two classes of stock to be designated common stock ("Common Stock") and preferred stock ("Preferred Stock"). The number of

shares of Common Stock authorized to be issued is Three Hundred Million (300,000,000), par value \$.0001 per share, and the number of shares of Preferred Stock authorized to be issued is Ten Million (10,000,000), par value \$0.001 per share.

The Preferred Stock may be issued from time to time in one or more series, without further stockholder approval. The Board of Directors is hereby authorized, in the resolution or resolutions adopted by the Board of Directors providing for the issue of any wholly unissued series of Preferred Stock, within the limitations and restrictions stated in this Restated Certificate of Incorporation (the "Restated Certificate"), to fix or alter the dividend rights, dividend rate, conversion rights, voting rights, rights and terms of redemption (including sinking fund provisions), the redemption price or prices, and the liquidation preferences of any wholly unissued series of Preferred Stock, and the number of shares constituting any such series and the designation thereof, or any of them, and to increase or decrease the number of shares of any series subsequent to the issue of shares of that series, but not below the number of shares of such series then outstanding. In case the number of shares of any series shall be so decreased, the shares constituting such decrease shall resume the status that they had prior to the adoption of the resolution originally fixing the number of shares of such series.

ARTICLE V

Except as otherwise provided in this Restated Certificate, in furtherance and not in limitation of the powers conferred by statute, the Board of Directors is expressly authorized to make, repeal, alter, amend and rescind any or all of the Bylaws of the Corporation.

ARTICLE VI

The number of directors of the Corporation shall be fixed from time to time by a bylaw or amendment thereof duly adopted by the Board of Directors or by the stockholders.

ARTICLE VII

Elections of directors need not be by written ballot unless the Bylaws of the Corporation shall so provide.

ARTICLE VIII

Except as otherwise provided in this Restated Certificate, any action required or permitted to be taken by the stockholders of the Corporation must be effected at an annual or special meeting of the stockholders of the Corporation, and may not be effected by any consent in writing of such stockholders.

ARTICLE IX

A director of the Corporation shall not be personally liable to the Corporation or its stockholders for monetary damages for breach of fiduciary duty as a director, except for liability (i) for any breach of the director's duty of loyalty to the Corporation or its stockholders,

2

(ii) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (iii) under Section 174 of the Delaware General Corporation Law, or (iv) for any transaction from which the director derived any improper personal benefit. If the Delaware General Corporation Law is amended after approval by the stockholders of this Article to authorize corporate action further eliminating or limiting the personal liability of directors then the liability of a director of the Corporation shall be eliminated or limited to the fullest extent permitted by the Delaware General Corporation Law as so amended.

Any repeal or modification of the foregoing provisions of this Article IX by the stockholders of the Corporation shall not adversely affect any right or protection of a director of the Corporation existing at the time of, or increase the liability of any director of this Corporation with respect to any acts or omissions of such director occurring prior to, such repeal or modification.

ARTICLE X

In addition to any vote of the holders of any class or series of the stock of this Corporation required by law or by this Restated Certificate, the affirmative vote of the holders of a majority of the voting power of all of the then outstanding shares of capital stock of the Corporation entitled to vote generally in the election of directors, voting together as a single class, shall be required to amend or repeal the provisions of ARTICLE I, ARTICLE II, and ARTICLE III of this Restated Certificate. Notwithstanding any other provision of this Certificate of Incorporation or any provision of law which might otherwise permit a lesser vote or no vote, but in addition to any vote of the holders of any class or series of the stock of this Corporation required by law or by this Restated Certificate, the affirmative vote of the holders of at least seventy-six and two thirds percent (66 2/3%) of the voting power of all of the then outstanding shares of the capital stock of the Corporation entitled to vote generally in the election of directors, voting together as a single class, shall be required to amend or repeal any provision of this Restated Certificate not specified in the preceding sentence.

* * * *

THIRD: The foregoing Restated Certificate of Incorporation has been duly adopted by the Corporation's Board of Directors and stockholders in accordance with the applicable provisions of Sections 242 and 245 of the General Corporation Law of the State of Delaware.

3

IN WITNESS WHEREOF, the undersigned has signed this Certificate this ___ day of _____, 2000.

ARTICLE I

OFFICES AND RECORDS

Section 1.1 Delaware Office. The registered office of the

Corporation in the State of Delaware shall be located in the City of Wilmington,
County of New Castle.

Section 1.2 Other Offices. The Corporation may have such other

offices, either within or without the State of Delaware, as the Board of
Directors may designate or as the business of the Corporation may from time to
time require.

Section 1.3 Books and Records. The books and records of the

Corporation may be kept at the Corporation's principal offices or at such other
locations outside the State of Delaware as may from time to time be designated
by the Board of Directors.

ARTICLE II

STOCKHOLDERS

Section 2.1 Annual Meeting. The annual meeting of the stockholders

of the Corporation shall be held at such date, place and/or time as may be fixed
by resolution of the Board of Directors.

Section 2.2 Special Meeting. Special meetings of stockholders of the

Corporation may be called only by the Chairman of the Board or the President or
by the Board of Directors acting pursuant to a resolution adopted by a majority
of the Whole Board or at the request in writing of stockholders owning at least
thirty percent (30%) in amount of the entire capital stock of the corporation
issued and outstanding and entitled to use. For purposes of these Amended and
Restated Bylaws, the term "Whole Board" shall mean the total number of
authorized directors whether or not there exist any vacancies in previously
authorized directorships.

Section 2.3 Place of Meeting. The Board of Directors may designate

the place of meeting for any meeting of the stockholders. If no designation is
made by the Board of Directors, the place of meeting shall be the principal
office of the Corporation.

Section 2.4 Notice of Meeting. Except as otherwise required by law,

written or printed notice or notice otherwise allowed by Delaware General
Corporation Law, stating the place, day and hour of the meeting and the purposes
for which the meeting is called, shall be prepared and delivered by the
Corporation not less than ten days nor more than sixty days before the date of
the meeting, either personally, or by mail, to each stockholder of record
entitled to vote at such meeting. If mailed, such notice shall be deemed to be
delivered when deposited in the United States mail with postage thereon prepaid,
addressed to the stockholder at his address as it appears on the stock transfer
books of the Corporation. Such further notice shall be given as may be required
by law. Meetings may be held without notice if all stockholders entitled to
vote

are present (except as otherwise provided by law), or if notice is waived by
those not present. Any previously scheduled meeting of the stockholders may be
postponed and (unless the Corporations' Amended and Restated Certificate of
Incorporation (the "Certificate of Incorporation") otherwise provides) any
special meeting of the stockholders may be cancelled, by resolution of the Board
of Directors upon public notice given prior to the time previously scheduled for
such meeting of stockholders.

Section 2.5 Quorum and Adjournment. Except as otherwise provided by

law or by the Certificate of Incorporation, the holders of a majority of the
voting power of the outstanding shares of the Corporation entitled to vote
generally in the election of directors (the "Voting Stock"), represented in
person or by proxy, shall constitute a quorum at a meeting of stockholders,
except that when specified business is to be voted on by a class or series
voting separately as a class or series, the holders of a majority of the voting
power of the shares of such class or series shall constitute a quorum for the
transaction of such business. The chairman of the meeting or a majority of the
shares of Voting Stock so represented may adjourn the meeting from time to time,
whether or not there is such a quorum (or, in the case of specified business to
be voted on by a class or series, the chairman or a majority of the shares of
such class or series so represented may adjourn the meeting with respect to such

specified business). No notice of the time and place of adjourned meetings need be given except as required by law. The stockholders present at a duly organized meeting may continue to transact business until adjournment, notwithstanding the withdrawal of enough stockholders to leave less than a quorum.

Section 2.6 Proxies. At all meetings of stockholders, a stockholder

may vote by proxy executed in writing by the stockholder or as may be permitted by law, or by his duly authorized attorney-in-fact. Such proxy must be filed with the Secretary of the Corporation or his representative at or before the time of the meeting.

Section 2.7 Notice of Stockholder Business and Nominations.

A. Nominations of persons for election to the Board of Directors and the proposal of business to be transacted by the stockholders may be made at an annual meeting of stockholders (1) pursuant to the Corporation's notice with respect to such meeting, (2) by or at the direction of the Board of Directors or (3) by any stockholder of record of the Corporation who was a stockholder of record at the time of the giving of the notice provided for in the following paragraph, who is entitled to vote at the meeting and who has complied with the notice procedures set forth in this Section 2.7.

B. For nominations or other business to be properly brought before an annual meeting by a stockholder pursuant to paragraph (A) (3) of this Section 2.7, (1) the stockholder must have given timely notice thereof in writing to the Secretary of the Corporation and (2) such business must be a proper matter for stockholder action under the Delaware General Corporation Law. To be timely, a stockholder's notice shall be delivered to the Secretary at the principal executive offices of the Corporation not less than 45 or more than 75 days prior to the first anniversary (the "Anniversary") of the date on which the Corporation first mailed its proxy materials for the preceding year's annual meeting of stockholders; provided,

2

however, that if no proxy materials were mailed by the Corporation in connection with the preceding year's annual meeting, or if the date of the annual meeting is advanced more than 30 days prior to or delayed by more than 30 days after the anniversary of the preceding year's annual meeting, notice by the stockholder to be timely must be so delivered not later than the close of business on the later of (x) the 90th day prior to such annual meeting or (y) the 10th day following the day on which public announcement of the date of such meeting is first made. Such stockholder's notice shall set forth (a) as to each person whom the stockholder proposes to nominate for election or reelection as a director all information relating to such person as would be required to be disclosed in solicitations of proxies for the election of such nominees as directors pursuant to Regulation 14A under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and such person's written consent to serve as a director if elected; (b) as to any other business that the stockholder proposes to bring before the meeting, a brief description of such business, the reasons for conducting such business at the meeting and any material interest in such business of such stockholder and the beneficial owner, if any, on whose behalf the proposal is made; and (c) as to the stockholder giving the notice and the beneficial owner, if any, on whose behalf the nomination or proposal is made (i) the name and address of such stockholder, as they appear on the Corporation's books, and of such beneficial owner and (ii) the class and number of shares of the Corporation that are owned beneficially and of record by such stockholder and such beneficial owner.

C. Notwithstanding anything in the second sentence of paragraph (B) of this Section 2.7 to the contrary, in the event that the number of directors to be elected to the Board of Directors is increased and there is no public announcement naming all of the nominees for director or specifying the size of the increased Board made by the Corporation at least 55 days prior to the Anniversary, a stockholder's notice required by this Bylaw shall also be considered timely, but only with respect to nominees for any new positions created by such increase, if it shall be delivered to the Secretary at the principal executive offices of the Corporation not later than the close of business on the 10th day following the day on which such public announcement is first made by the Corporation.

D. Only persons nominated in accordance with the procedures set forth in this Section 2.7 shall be eligible to serve as directors and only such business shall be conducted at an annual meeting of stockholders as shall have been brought before the meeting in accordance with the procedures set forth in this Section 2.7. The chair of the meeting shall have the power and the duty to determine whether a nomination or any business proposed to be brought before the meeting has been made in accordance with the procedures set forth in these Bylaws and, if any proposed nomination or business is not in compliance with these Bylaws, to declare that such defective proposed business or nomination shall not be presented for stockholder action at the meeting and shall be disregarded.

E. Only such business shall be conducted at a special meeting of stockholders as shall have been brought before the meeting pursuant to the Corporation's notice of meeting. Nominations of persons for election to the Board of Directors may be made at a special meeting of stockholders at which directors are to be elected pursuant to the Corporation's notice of meeting (1) by or at the direction of the Board of Directors or (2) by any stockholder

3

of record of the Corporation who is a stockholder of record at the time of giving of notice provided for in this paragraph, who shall be entitled to vote at the meeting and who complies with the notice procedures set forth in this Section 2.7. Nominations by stockholders of persons for election to the Board of Directors may be made at such a special meeting of stockholders if the stockholder's notice required by paragraph (B) of this Section 2.7 shall be delivered to the Secretary at the principal executive offices of the Corporation not later than the close of business on the later of the 90th day prior to such special meeting or the 10th day following the day on which public announcement is first made of the date of the special meeting and of the nominees proposed by the Board to be elected at such meeting.

F. For purposes of this Section 2.7, "public announcement" shall mean disclosure in a press release reported by the Dow Jones News Service, Associated Press or a comparable national news service or in a document publicly filed by the Corporation with the Securities and Exchange Commission pursuant to Section 13, 14 or 15(d) of the Exchange Act.

G. Notwithstanding the foregoing provisions of this Section 2.7, a stockholder shall also comply with all applicable requirements of the Exchange Act and the rules and regulations thereunder with respect to matters set forth in this Section 2.7. Nothing in this Section 2.7 shall be deemed to affect any rights of stockholders to request inclusion of proposals in the Corporation's proxy statement pursuant to Rule 14a-8 under the Exchange Act.

Section 2.8 Procedure for Election of Directors. Election of

directors at all meetings of the stockholders at which directors are to be elected shall be by written ballot or other means allowed by Delaware General Corporation Law, and, except as otherwise set forth in the Certificate of Incorporation with respect to the right of the holders of any series of Preferred Stock or any other series or class of stock to elect additional directors under specified circumstances, a plurality of the votes cast thereat shall elect directors. Except as otherwise provided by law, the Certificate of Incorporation or these Bylaws, all matters other than the election of directors submitted to the stockholders at any meeting shall be decided by the affirmative vote of a majority of the voting power of the outstanding Voting Stock present in person or represented by proxy at the meeting and entitled to vote thereon.

Section 2.9 Inspectors of Elections; Opening and Closing the Polls.

A. The Board of Directors by resolution shall appoint one or more inspectors, which inspector or inspectors may include individuals who serve the Corporation in other capacities, including, without limitation, as officers, employees, agents or representatives of the Corporation, to act at the meeting and make a written report thereof. One or more persons may be designated as alternate inspectors to replace any inspector who fails to act. If no inspector or alternate has been appointed to act, or if all inspectors or alternates who have been appointed are unable to act, at a meeting of stockholders, the chairman of the meeting shall appoint one or more inspectors to act at the meeting. Each inspector, before discharging his or her duties, shall take and sign an oath faithfully to execute the duties of inspector with strict impartiality and according to the best of his or her ability. The inspectors shall have the duties prescribed by the Delaware General Corporation Law.

4

B. The chairman of the meeting shall fix and announce at the meeting the date and time of the opening and the closing of the polls for each matter upon which the stockholders will vote at a meeting.

Section 2.10 Consent of Stockholders in Lieu of Meeting. Any action

required or permitted to be taken by the stockholders of the Corporation must be effected at a duly called annual or special meeting of stockholders of the Corporation and may not be effected by any consent in writing by such stockholders.

ARTICLE III

BOARD OF DIRECTORS

Section 3.1 General Powers. The business and affairs of the

Corporation shall be managed by or under the direction of the Board of Directors. In addition to the powers and authority expressly conferred upon them by statute or by the Certificate of Incorporation or by these Bylaws, the directors are hereby empowered to exercise all such powers and do all such acts and things as may be exercised or done by the Corporation.

Section 3.2 Number, Tenure and Qualifications. Subject to the rights

of the holders of any series of Preferred Stock to elect additional directors under specified circumstances, the number of directors shall be fixed from time to time exclusively by the Board of Directors pursuant to a resolution adopted by a majority of the Whole Board.

Section 3.3 Regular Meetings. A regular meeting of the Board of

Directors shall be held without notice other than this Bylaw immediately after, and at the same place as, each annual meeting of stockholders. The Board of Directors may, by resolution, provide the time and place for the holding of additional regular meetings without notice other than such resolution.

Section 3.4 Special Meetings. Special meetings of the Board of

Directors shall be called at the request of the Chairman of the Board, the President or a majority of the Board of Directors. The person or persons authorized to call special meetings of the Board of Directors may fix the place and time of the meetings.

Section 3.5 Notice. Notice of any special meeting shall be given to

each director at his business or residence in writing or by telegram, facsimile transmission or telephone communication. If mailed, such notice shall be deemed adequately delivered when deposited in the United States mails so addressed, with postage thereon prepaid, at least five days before such meeting. If by telegram, such notice shall be deemed adequately delivered when the telegram is delivered to the telegraph company at least twenty-four hours before such meeting. If by facsimile transmission, such notice shall be transmitted at least twenty-four hours before such meeting. If by telephone, the notice shall be given at least twelve hours prior to the time set for the meeting. Neither the business to be transacted at, nor the purpose of, any regular or special meeting of the Board of Directors need be specified in the notice of such meeting, except for

5

amendments to these Bylaws as provided under Section 8.1 of Article VIII hereof. A meeting may be held at any time without notice if all the directors are present (except as otherwise provided by law) or if those not present waive notice of the meeting in writing, either before or after such meeting.

Section 3.6 Conference Telephone Meetings. Members of the Board of

Directors, or any committee thereof, may participate in a meeting of the Board of Directors or such committee by means of conference telephone or similar communications equipment by means of which all persons participating in the meeting can hear each other, and such participation in a meeting shall constitute presence in person at such meeting.

Section 3.7 Quorum. A whole number of directors equal to at least a

majority of the Whole Board shall constitute a quorum for the transaction of business, but if at any meeting of the Board of Directors there shall be less than a quorum present, a majority of the directors present may adjourn the meeting from time to time without further notice. The act of the majority of the directors present at a meeting at which a quorum is present shall be the act of the Board of Directors.

Section 3.8 Vacancies. Subject to the rights of the holders of any

series of Preferred Stock then outstanding, newly created directorships resulting from any increase in the authorized number of directors or any vacancies in the Board of Directors resulting from death, resignation, retirement, disqualification, removal from office or other cause shall, unless otherwise provided by law or by resolution of the Board of Directors, be filled only by a majority vote of the directors then in office, though less than a quorum, and directors so chosen shall hold office for a term expiring at the annual meeting of stockholders at which the term of office of the class to which they have been chosen expires. No decrease in the authorized number of directors shall shorten the term of any incumbent director.

Section 3.9 Committees.

A. The Board of Directors may designate one or more committees, each committee to consist of one or more of the directors of the Corporation. The Board of Directors may designate one or more directors as alternate members

of any committee, who may replace any absent or disqualified member at any meeting of the committee. In the absence or disqualification of a member of the committee, the member or members thereof present at any meeting and not disqualified from voting, whether or not he or they constitute a quorum, may unanimously appoint another member of the Board of Directors to act at the meeting in place of any such absent or disqualified member. Any such committee, to the extent permitted by law and to the extent provided in the resolution of the Board of Directors, shall have and may exercise all the powers and authority of the Board of Directors in the management of the business and affairs of the Corporation, and may authorize the seal of the Corporation to be affixed to all papers which may require it.

B. Unless the Board of Directors otherwise provides, each committee designated by the Board of Directors may make, alter and repeal rules for the conduct of its

6

business. In the absence of such rules each committee shall conduct its business in the same manner as the Board of Directors conducts its business pursuant to these Bylaws.

Section 3.10 Removal. Subject to the rights of the holders of any

series of Preferred Stock then outstanding, any directors, or the entire Board of Directors, may be removed from office at any time, but only for cause and only by the affirmative vote of the holders of at least sixty-six and two-thirds percent (66-2/3%) of the voting power of all of the then-outstanding shares of capital stock of the Corporation entitled to vote generally in the election of directors, voting together as a single class.

ARTICLE IV

OFFICERS

Section 4.1 Elected Officers. The elected officers of the

Corporation shall be a Secretary and a Treasurer, and may be a Chairman of the Board, a President and a Chief Executive Officer, and such other officers as the Board of Directors from time to time may deem proper. The Chairman of the Board, if any, shall be chosen from the directors. All officers chosen by the Board of Directors shall each have such powers and duties as generally pertain to their respective offices, subject to the specific provisions of this Article IV. Such officers shall also have powers and duties as from time to time may be conferred by the Board of Directors or by any committee thereof.

Section 4.2 Election and Term of Office. The elected officers of the

Corporation shall be elected annually by the Board of Directors at the regular meeting of the Board of Directors held after each annual meeting of the stockholders. If the election of officers shall not be held at such meeting, such election shall be held as soon thereafter as convenient. Subject to Section 4.7 of these Bylaws, each officer shall hold office until his successor shall have been duly elected and shall have qualified or until his death or until he shall resign.

Section 4.3 Chairman of the Board. The Chairman of the Board, if

any, shall preside at all meetings of the Board.

Section 4.4 President and Chief Executive Officer. The Chief

Executive Officer, or if there is no Chief Executive Officer, the President, shall be the general manager of the Corporation, subject to the control of the Board of Directors, and as such shall preside at all meetings of shareholders, shall have general supervision of the affairs of the Corporation, shall sign or countersign or authorize another officer to sign all certificates, contracts, and other instruments of the Corporation as authorized by the Board of Directors, shall make reports to the Board of Directors and shareholders, and shall perform all such other duties as are incident to such office or are properly required by the Board of Directors. If the Board of Directors creates the office of the President as a separate office from the Chief Executive Officer, the President shall have such duties as are determined by, and shall be subject to the general supervision, direction, and control of, the Chief Executive Officer unless the Board of Directors provides otherwise.

7

Section 4.5 Secretary. The Secretary shall give, or cause to be

given, notice of all meetings of stockholders and directors and all other notices required by law or by these Bylaws, and in case of his absence or refusal or neglect so to do, any such notice may be given by any person thereunto directed by the Chairman of the Board, the Chief Executive Officer or the President, or by the Board of Directors, upon whose request the meeting is

called as provided in these Bylaws. He shall record all the proceedings of the meetings of the Board of Directors, any committees thereof and the stockholders of the Corporation in a book to be kept for that purpose, and shall perform such other duties as may be assigned to him by the Board of Directors, the Chairman of the Board, the Chief Executive Officer or the President. He shall have custody of the seal of the Corporation and shall affix the same to all instruments requiring it, when authorized by the Board of Directors, the Chairman of the Board, the Chief Executive Officer or the President, and attest to the same.

Section 4.6 Treasurer. The Treasurer shall have the custody of the

corporate funds and securities and shall keep full and accurate receipts and disbursements in books belonging to the Corporation. The Treasurer shall deposit all moneys and other valuables in the name and to the credit of the Corporation in such depositories as may be designated by the Board of Directors. The Treasurer shall disburse the funds of the Corporation as may be ordered by the Board of Directors, the Chairman of the Board, the Chief Executive Officer or the President, taking proper vouchers for such disbursements. The Treasurer shall render to the Chairman of the Board, the President, the Chief Executive Officer and the Board of Directors, whenever requested, an account of all his transactions as Treasurer and of the financial condition of the Corporation. If required by the Board of Directors, the Treasurer shall give the Corporation a bond for the faithful discharge of his duties in such amount and with such surety as the Board of Directors shall prescribe.

Section 4.7 Removal. Any officer elected by the Board of Directors

may be removed by the Board of Directors whenever, in their judgment, the best interests of the Corporation would be served thereby. No elected officer shall have any contractual rights against the Corporation for compensation by virtue of such election beyond the date of the election of his successor, his death, his resignation or his removal, whichever event shall first occur, except as otherwise provided in an employment contract or an employee plan.

Section 4.8 Vacancies. A newly created office and a vacancy in any

office because of death, resignation, or removal may be filled by the Board of Directors for the unexpired portion of the term.

ARTICLE V

STOCK CERTIFICATES AND TRANSFERS

Section 5.1 Stock Certificates and Transfers.

A. The interest of each stockholder of the Corporation shall be evidenced by certificates for shares of stock in such form as the appropriate officers of the

8

Corporation may from time to time prescribe. The shares of the stock of the Corporation shall be transferred on the books of the Corporation by the holder thereof in person or by his attorney, upon surrender for cancellation of certificates for the same number of shares, with an assignment and power of transfer endorsed thereon or attached thereto, duly executed, and with such proof of the authenticity of the signature as the Corporation or its agents may reasonably require.

B. The certificates of stock shall be signed, countersigned and registered in such manner as the Board of Directors may by resolution prescribe, which resolution may permit all or any of the signatures on such certificates to be in facsimile. In case any officer, transfer agent or registrar who has signed or whose facsimile signature has been placed upon a certificate has ceased to be such officer, transfer agent or registrar before such certificate is issued, it may be issued by the Corporation with the same effect as if he were such officer, transfer agent or registrar at the date of issue.

ARTICLE VI

INDEMNIFICATION

Section 6.1 Right to Indemnification. Each person who was or is made

a party or is threatened to be made a party to or is otherwise involved in any action, suit or proceeding, whether civil, criminal, administrative or investigative (hereinafter a "proceeding"), by reason of the fact that he or she is or was a director or officer of the Corporation or is or was serving at the request of the Corporation as a director, officer, employee or agent of another corporation or of a partnership, joint venture, trust or other enterprise, including service with respect to an employee benefit plan (hereinafter an "indemnitee"), whether the basis of such proceeding is alleged action in an official capacity as a director, officer, employee or agent or in any other

capacity while serving as a director, officer, employee or agent, shall be indemnified and held harmless by the Corporation to the fullest extent authorized by the Delaware General Corporation Law, as the same exists or may hereafter be amended (but, in the case of any such amendment, only to the extent that such amendment permits the Corporation to provide broader indemnification rights than permitted prior thereto), against all expense, liability and loss (including attorneys' fees, judgments, fines, ERISA excise taxes or penalties and amounts paid in settlement) reasonably incurred or suffered by such indemnitee in connection therewith and such indemnification shall continue as to an indemnitee who has ceased to be a director, officer, employee or agent and shall inure to the benefit of the indemnitee's heirs, executors and administrators; provided, however, that, except as provided in Section 6.3

hereof with respect to proceedings to enforce rights to indemnification, the Corporation shall indemnify any such indemnitee in connection with a proceeding (or part thereof) initiated by such indemnitee only if such proceeding (or part thereof) was authorized by the Board of Directors of the Corporation.

Section 6.2 Right to Advancement of Expenses. The right to

indemnification conferred in Section 6.1 shall include the right to be paid by the Corporation the expenses incurred in defending any proceeding for which such right to indemnification is applicable in advance of its final disposition (hereinafter an "advancement of expenses"); provided, however,

9

that, if the Delaware General Corporation Law requires, an advancement of expenses incurred by an indemnitee in his or her capacity as a director or officer (and not in any other capacity in which service was or is rendered by such indemnitee, including, without limitation, service to an employee benefit plan) shall be made only upon delivery to the Corporation of an undertaking (hereinafter an "undertaking"), by or on behalf of such indemnitee, to repay all amounts so advanced if it shall ultimately be determined by final judicial decision from which there is no further right to appeal (hereinafter a "final adjudication") that such indemnitee is not entitled to be indemnified for such expenses under this Section or otherwise.

Section 6.3 Right of Indemnitee to Bring Suit. The rights to

indemnification and to the advancement of expenses conferred in Section 6.1 and Section 6.2, respectively, shall be contract rights. If a claim under Section 6.1 or Section 6.2 is not paid in full by the Corporation within sixty days after a written claim has been received by the Corporation, except in the case of a claim for an advancement of expenses, in which case the applicable period shall be twenty days, the indemnitee may at any time thereafter bring suit against the Corporation to recover the unpaid amount of the claim. If successful in whole or in part in any such suit, or in a suit brought by the Corporation to recover an advancement of expenses pursuant to the terms of an undertaking, the indemnitee shall be entitled to be paid also the expense of prosecuting or defending such suit. In (A) any suit brought by the indemnitee to enforce a right to indemnification hereunder (but not in a suit brought by the indemnitee to enforce a right to an advancement of expenses) it shall be a defense that, and (B) in any suit by the Corporation to recover an advancement of expenses pursuant to the terms of an undertaking the Corporation shall be entitled to recover such expenses upon a final adjudication that, the indemnitee has not met any applicable standard for indemnification set forth in the Delaware General Corporation Law. Neither the failure of the Corporation (including its Board of Directors, independent legal counsel, or its stockholders) to have made a determination prior to the commencement of such suit that indemnification of the indemnitee is proper in the circumstances because the indemnitee has met the applicable standard of conduct set forth in the Delaware General Corporation Law, nor an actual determination by the Corporation (including its Board of Directors, independent legal counsel, or its stockholders) that the indemnitee has not met such applicable standard of conduct, shall create a presumption that the indemnitee has not met the applicable standard of conduct or, in the case of such a suit brought by the indemnitee, be a defense to such suit. In any suit brought by the indemnitee to enforce a right to indemnification or to an advancement of expenses hereunder, or by the Corporation to recover an advancement of expenses pursuant to the terms of an undertaking, the burden of proving that the indemnitee is not entitled to be indemnified, or to such advancement of expenses, under this Section or otherwise shall be on the Corporation.

Section 6.4 Non-Exclusivity of Rights. The rights to indemnification

and to the advancement of expenses conferred in this Section shall not be exclusive of any other right which any person may have or hereafter acquire under the Certificate of Incorporation, these Amended and Restated Bylaws, or any statute, agreement, vote of stockholders or disinterested directors or otherwise.

Section 6.5 Insurance. The Corporation may maintain insurance, at

its expense, to protect itself and any director, officer, employee or agent of the Corporation or another corporation, partnership, joint venture, trust or other enterprise against any expense, liability or loss, whether or not the Corporation would have the power to indemnify such person against such expense, liability or loss under the Delaware General Corporation Law.

Section 6.6 Indemnification of Employees and Agents of the

Corporation. The Corporation may, to the extent authorized from time to time by the board of directors, grant rights to indemnification, and to the advancement of expenses, to any employee or agent of the Corporation to the fullest extent of the provisions of this Section with respect to the indemnification and advancement of expenses of directors and officers of the Corporation.

ARTICLE VII

MISCELLANEOUS PROVISIONS

Section 7.1 Fiscal Year. The fiscal year of the Corporation shall

begin on the first day of January and end on the thirty-first day of December of each year.

Section 7.2 Dividends. The Board of Directors may from time to time

declare, and the Corporation may pay, dividends on its outstanding shares in the manner and upon the terms and conditions provided by law and its Certificate of Incorporation.

Section 7.3 Seal. The corporate seal shall have inscribed the name

of the Corporation thereon and shall be in such form as may be approved from time to time by the Board of Directors.

Section 7.4 Waiver of Notice. Whenever any notice is required to be

given to any stockholder or director of the Corporation under the provisions of the Delaware General Corporation Law, a waiver thereof in writing, signed by the person or persons entitled to such notice, whether before or after the time stated therein, shall be deemed equivalent to the giving of such notice. Neither the business to be transacted at, nor the purpose of, any annual or special meeting of the stockholders of the Board of Directors need be specified in any waiver of notice of such meeting.

Section 7.5 Audits. The accounts, books and records of the

Corporation shall be audited upon the conclusion of each fiscal year by an independent certified public accountant selected by the Board of Directors, and it shall be the duty of the Board of Directors to cause such audit to be made annually.

Section 7.6 Resignations. Any director or any officer, whether

elected or appointed, may resign at any time by serving written notice of such resignation on the Chairman of the Board, the President, the Chief Executive Officer or the Secretary, and such resignation shall be deemed to be effective as of the close of business on the date said notice is received by the Chairman of the Board, the President, the Chief Executive Officer or the Secretary or at such

11

later date as is stated therein. No formal action shall be required of the Board of Directors or the stockholders to make any such resignation effective.

Section 7.7 Contracts. Except as otherwise required by law, the

Certificate of Incorporation or these Bylaws, any contracts or other instruments may be executed and delivered in the name and on the behalf of the Corporation by such officer or officers of the Corporation as the Board of Directors may from time to time direct. Such authority may be general or confined to specific instances as the Board may determine. The Chairman of the Board, the President, the Chief Executive Officer or any Vice President may execute bonds, contracts, deeds, leases and other instruments to be made or executed for or on behalf of the Corporation. Subject to any restrictions imposed by the Board of Directors or the Chairman of the Board, the President, the Chief Executive Officer or any Vice President of the Corporation may delegate contractual powers to others under his jurisdiction, it being understood, however, that any such delegation of power shall not relieve such officer of responsibility with respect to the exercise of such delegated power.

Section 7.8 Proxies. Unless otherwise provided by resolution adopted

by the Board of Directors, the Chairman of the Board, the Chief Executive Officer, the President or any Vice President may from time to time appoint any attorney or attorneys or agent or agents of the Corporation, in the name and on behalf of the Corporation, to cast the votes which the Corporation may be entitled to cast as the holder of stock or other securities in any other corporation or other entity, any of whose stock or other securities may be held by the Corporation, at meetings of the holders of the stock and other securities of such other corporation or other entity, or to consent in writing, in the name of the Corporation as such holder, to any action by such other corporation or other entity, and may instruct the person or persons so appointed as to the manner of casting such votes or giving such consent, and may execute or cause to be executed in the name and on behalf of the Corporation and under its corporate seal or otherwise, all such written proxies or other instruments as he may deem necessary or proper in the premises.

ARTICLE VIII

AMENDMENTS

Section 8.1 Amendments. Subject to the provisions of the Certificate

of Incorporation, these Bylaws may be amended, altered, added to, rescinded or repealed at any meeting of the Board of Directors or by the affirmative vote of at least sixty-six and two-thirds percent (66 2/3%) of the stockholders, provided notice of the proposed change was given in the notice of the meeting and, in the case of a meeting of the Board of Directors, in a notice given no less than twenty-four hours prior to the meeting.

12

CERTIFICATE OF SECRETARY OF

EQUINIX, INC.

The undersigned, Philip J. Koen, hereby certifies that he is the duly elected and acting Secretary of Equinix, Inc, a Delaware corporation (the "Corporation"), and that the Bylaws attached hereto constitute the Bylaws of said Corporation as duly adopted by the Directors on May 26, 2000.

IN WITNESS WHEREOF, the undersigned has hereunto subscribed his name this __ day of _____, 2000.

Philip J. Koen
Secretary

Equinix, Inc.
2000 EQUITY INCENTIVE PLAN

ARTICLE I. INTRODUCTION.

The Plan was adopted by the Board to be effective at the IPO. The purpose of the Plan is to promote the long-term success of the Company and the creation of stockholder value by (a) encouraging Employees, Outside Directors and Consultants to focus on critical long-range objectives, (b) encouraging the attraction and retention of Employees, Outside Directors and Consultants with exceptional qualifications, and (c) linking Employees, Outside Directors and Consultants directly to stockholder interests through increased stock ownership. The Plan seeks to achieve this purpose by providing for Awards in the form of Restricted Shares, Stock Units, Options (which may constitute incentive stock options or nonstatutory stock options) or stock appreciation rights.

The Plan shall be governed by, and construed in accordance with, the laws of the State of Delaware (except their choice-of-law provisions).

ARTICLE II. ADMINISTRATION.

2.1 Committee Composition. The Plan shall be administered by the Committee. The Committee shall consist exclusively of two or more directors of the Company, who shall be appointed by the Board. In addition, the composition of the Committee shall satisfy:

(a) Such requirements as the Securities and Exchange Commission may establish for administrators acting under plans intended to qualify for exemption under Rule 16b-3 (or its successor) under the Exchange Act; and

(b) Such requirements as the Internal Revenue Service may establish for outside directors acting under plans intended to qualify for exemption under section 162(m) (4) (C) of the Code.

2.2 Committee Responsibilities. The Committee shall (a) select the Employees, Outside Directors and Consultants who are to receive Awards under the Plan, (b) determine the type, number, vesting requirements and other features and conditions of such Awards, (c) interpret the Plan and (d) make all other decisions relating to the operation of the Plan. The Committee may adopt such rules or guidelines as it deems appropriate to implement the Plan. The Committee's determinations under the Plan shall be final and binding on all

persons.

2.3 Committee for Non-Officer Grants. The Board may also appoint a secondary committee of the Board, which shall be composed of one or more directors of the Company who need not satisfy the requirements of Section 2.1. Such secondary committee may administer the Plan with respect to Employees and Consultants who are not considered officers or directors of the Company under section 16 of the Exchange Act, may grant Awards under the

Plan to such Employees and Consultants and may determine all features and conditions of such Awards. Within the limitations of this Section 2.3, any reference in the Plan to the Committee shall include such secondary committee.

ARTICLE III. SHARES AVAILABLE FOR GRANTS.

3.1 Basic Limitation. Shares of Common Stock issued pursuant to the Plan may be authorized but unissued shares or treasury shares. The aggregate number of Options, SARs, Stock Units and Restricted Shares awarded under the Plan shall not exceed (a) 4,000,000, which includes the shares remaining available for grant under the Predecessor Plan, plus (b) the additional shares of Common Stock described in Sections 3.2 and 3.3. The initial reserve includes any shares remaining available for issuance under the Predecessor Plan. The limitations of this Section 3.1 and Section 3.2 shall be subject to adjustment pursuant to Article 11.

3.2 Annual Increase in Shares. As of January 1 of each year, commencing with the year 2000, the aggregate number of Options, SARs, Stock Units and Restricted Shares that may be awarded under the Plan shall automatically increase by a number equal to the lesser of 6% of the total number of shares of Common Stock then outstanding, or 6,000,000 shares.

3.3 Additional Shares. If Restricted Shares or shares of Common Stock issued upon the exercise of Options are forfeited, then such shares of Common Stock shall again become available for Awards under the Plan. If Stock Units, Options or SARs are forfeited or terminate for any other reason before being exercised, then the corresponding shares of Common Stock shall again become available for Awards under the Plan. If Stock Units are settled, then only the number of shares of Common Stock (if any) actually issued in settlement of such Stock Units shall reduce the number available under Section 3.1 and the balance shall again become available for Awards under the Plan. If SARs are exercised, then only the number of shares of Common Stock (if any) actually issued in settlement of such SARs shall reduce the number available under Section 3.1 and the balance shall again become available for Awards under the Plan. The foregoing notwithstanding, the aggregate number of shares of Common Stock that may be issued under the Plan upon the exercise of ISOs shall not be increased when Restricted Shares or other shares of Common Stock are forfeited.

3.4 Dividend Equivalents. Any dividend equivalents paid or credited under the Plan shall not be applied against the number of Restricted Shares, Stock Units, Options or SARs available for Awards, whether or not such dividend equivalents are converted into Stock Units.

ARTICLE IV. ELIGIBILITY.

4.1 Incentive Stock Options. Only Employees who are common-law employees of the Company, a Parent or a Subsidiary shall be eligible for the grant of ISOs. In addition, an Employee who owns more than 10% of the total combined voting power of all classes of outstanding stock of the Company or any of its Parents or Subsidiaries shall not be eligible for the grant of an ISO unless the requirements set forth in section 422(c)(6) of the Code are satisfied.

2

4.2 Other Grants. Only Employees, Outside Directors and Consultants shall be eligible for the grant of Restricted Shares, Stock Units, NSOs or SARs.

ARTICLE V. OPTIONS.

5.1 Stock Option Agreement. Each grant of an Option under the Plan shall be evidenced by a Stock Option Agreement between the Optionee and the Company. Such Option shall be subject to all applicable terms of the Plan and may be subject to any other terms that are not inconsistent with the Plan. The Stock Option Agreement shall specify whether the Option is an ISO or an NSO. The provisions of the various Stock Option Agreements entered into under the Plan need not be identical. Options may be granted in consideration of a reduction in the Optionee's other compensation. A Stock Option Agreement may provide that a new Option will be granted automatically to the Optionee when he or she exercises a prior Option and pays the Exercise Price in the form described in Section 6.2.

5.2 Number of Shares. Each Stock Option Agreement shall specify the number of shares of Common Stock subject to the Option and shall provide for the adjustment of such number in accordance with Article 10. Options granted to any Optionee in a single fiscal year of the Company shall not cover more than

1,000,000 shares of Common Stock, except that Options granted to a new Employee in the fiscal year of the Company in which his or her service as an Employee first commences shall not cover more than 1,500,000 shares of Common Stock. The limitations set forth in the preceding sentence shall be subject to adjustment in accordance with Article 11.

5.3 Exercise Price. Each Stock Option Agreement shall specify the Exercise Price; provided that the Exercise Price under an ISO shall in no event be less than 100% of the Fair Market Value of a Common Share on the date of grant and the Exercise Price under an NSO shall in no event be less than 85% of the Fair Market Value of a Common Share on the date of grant. In the case of an NSO, a Stock Option Agreement may specify an Exercise Price that varies in accordance with a predetermined formula while the NSO is outstanding.

5.4 Exercisability and Term. Each Stock Option Agreement shall specify the date or event when all or any installment of the Option is to become exercisable. The Stock Option Agreement shall also specify the term of the Option; provided that the term of an ISO shall in no event exceed 10 years from the date of grant. A Stock Option Agreement may provide for accelerated exercisability in the event of the Optionee's death, disability or retirement or other events and may provide for expiration prior to the end of its term in the event of the termination of the Optionee's service. Options may be awarded in combination with SARs, and such an Award may provide that the Options will not be exercisable unless the related SARs are forfeited.

5.5 Modification or Assumption of Options. Within the limitations of the Plan, the Committee may modify, extend or assume outstanding options or may accept the cancellation of outstanding options (whether granted by the Company or by another issuer) in return for the grant of new options for the same or a different number of shares and at the same or a different exercise price. The foregoing notwithstanding, no modification of an Option shall,

3

without the consent of the Optionee, alter or impair his or her rights or obligations under such Option.

5.6 Buyout Provisions. The Committee may at any time (a) offer to buy out for a payment in cash or cash equivalents an Option previously granted or (b) authorize an Optionee to elect to cash out an Option previously granted, in either case at such time and based upon such terms and conditions as the Committee shall establish.

ARTICLE VI. PAYMENT FOR OPTION SHARES.

6.1 General Rule. The entire Exercise Price of shares of Common Stock issued upon exercise of Options shall be payable in cash or cash equivalents at the time when such shares of Common Stock are purchased, except as follows:

(a) In the case of an ISO granted under the Plan, payment shall be made only pursuant to the express provisions of the applicable Stock Option Agreement. The Stock Option Agreement may specify that payment may be made in any form(s) described in this Article 6.

(b) In the case of an NSO, the Committee may at any time accept payment in any form(s) described in this Article 6.

6.2 Surrender of Stock. To the extent that this Section 6.2 is applicable, all or any part of the Exercise Price may be paid by surrendering, or attesting to the ownership of, shares of Common Stock that are already owned by the Optionee. Such shares of Common Stock shall be valued at their Fair Market Value on the date when the new shares of Common Stock are purchased under the Plan. The Optionee shall not surrender, or attest to the ownership of, shares of Common Stock in payment of the Exercise Price if such action would cause the Company to recognize compensation expense (or additional compensation expense) with respect to the Option for financial reporting purposes.

6.3 Exercise/Sale. To the extent that this Section 6.3 is applicable, all or any part of the Exercise Price and any withholding taxes may be paid by delivering (on a form prescribed by the Company) an irrevocable direction to a securities broker approved by the Company to sell all or part of the shares of Common Stock being purchased under the Plan and to deliver all or part of the sales proceeds to the Company.

6.4 Exercise/Pledge. To the extent that this Section 6.4 is applicable, all or any part of the Exercise Price and any withholding taxes may be paid by delivering (on a form prescribed by the Company) an irrevocable direction to pledge all or part of the shares of Common Stock being purchased under the Plan to a securities broker or lender approved by the Company, as security for a loan, and to deliver all or part of the loan proceeds to the Company.

6.5 Promissory Note. To the extent that this Section 6.5 is applicable, all or any part of the Exercise Price and any withholding taxes may be paid by delivering (on a form prescribed by the Company) a full-recourse

promissory note. However, the par value of the shares of Common Stock being purchased under the Plan, if newly issued, shall be paid in cash or cash equivalents.

4

6.6 Other Forms of Payment. To the extent that this Section 6.6 is applicable, all or any part of the Exercise Price and any withholding taxes may be paid in any other form that is consistent with applicable laws, regulations and rules.

ARTICLE VII. STOCK APPRECIATION RIGHTS.

7.1 SAR Agreement. Each grant of an SAR under the Plan shall be evidenced by an SAR Agreement between the Optionee and the Company. Such SAR shall be subject to all applicable terms of the Plan and may be subject to any other terms that are not inconsistent with the Plan. The provisions of the various SAR Agreements entered into under the Plan need not be identical. SARs may be granted in consideration of a reduction in the Optionee's other compensation.

7.2 Number of Shares. Each SAR Agreement shall specify the number of shares of Common Stock to which the SAR pertains and shall provide for the adjustment of such number in accordance with Article 11. SARs granted to any Optionee in a single calendar year shall in no event pertain to more than 1,000,000 shares of Common Stock, except that SARs granted to a new Employee in the fiscal year of the Company in which his or her service as an Employee first commences shall not pertain to more than 1,500,000 shares of Common Stock. The limitations set forth in the preceding sentence shall be subject to adjustment in accordance with Article 11.

7.3 Exercise Price. Each SAR Agreement shall specify the Exercise Price. An SAR Agreement may specify an Exercise Price that varies in accordance with a predetermined formula while the SAR is outstanding.

7.4 Exercisability and Term. Each SAR Agreement shall specify the date when all or any installment of the SAR is to become exercisable. The SAR Agreement shall also specify the term of the SAR. An SAR Agreement may provide for accelerated exercisability in the event of the Optionee's death, disability or retirement or other events and may provide for expiration prior to the end of its term in the event of the termination of the Optionee's service. SARs may be awarded in combination with Options, and such an Award may provide that the SARs will not be exercisable unless the related Options are forfeited. An SAR may be included in an ISO only at the time of grant but may be included in an NSO at the time of grant or thereafter. An SAR granted under the Plan may provide that it will be exercisable only in the event of a Change in Control.

7.5 Exercise of SARs. Upon exercise of an SAR, the Optionee (or any person having the right to exercise the SAR after his or her death) shall receive from the Company (a) shares of Common Stock, (b) cash or (c) a combination of shares of Common Stock and cash, as the Committee shall determine. The amount of cash and/or the Fair Market Value of shares of Common Stock received upon exercise of SARs shall, in the aggregate, be equal to the amount by which the Fair Market Value (on the date of surrender) of the shares of Common Stock subject to the SARs exceeds the Exercise Price. If, on the date when an SAR expires, the Exercise Price under such SAR is less than the Fair Market Value on such date but any portion of such SAR has not been exercised or surrendered, then such SAR shall automatically be deemed to be exercised as of such date with respect to such portion.

5

7.6 Modification or Assumption of SARs. Within the limitations of the Plan, the Committee may modify, extend or assume outstanding SARs or may accept the cancellation of outstanding SARs (whether granted by the Company or by another issuer) in return for the grant of new SARs for the same or a different number of shares and at the same or a different exercise price. The foregoing notwithstanding, no modification of an SAR shall, without the consent of the Optionee, alter or impair his or her rights or obligations under such SAR.

ARTICLE VIII. RESTRICTED SHARES.

8.1 Restricted Stock Agreement. Each grant of Restricted Shares under the Plan shall be evidenced by a Restricted Stock Agreement between the recipient and the Company. Such Restricted Shares shall be subject to all applicable terms of the Plan and may be subject to any other terms that are not inconsistent with the Plan. The provisions of the various Restricted Stock Agreements entered into under the Plan need not be identical.

8.2 Payment for Awards. Subject to the following sentence, Restricted Shares may be sold or awarded under the Plan for such consideration as the Committee may determine, including (without limitation) cash, cash equivalents, full-recourse promissory notes, past services and future services. To the extent that an Award consists of newly issued Restricted Shares, the consideration

shall consist exclusively of cash, cash equivalents or past services rendered to the Company (or a Parent or Subsidiary) or, for the amount in excess of the par value of such newly issued Restricted Shares, full-recourse promissory notes, as the Committee may determine.

8.3 Vesting Conditions. Each Award of Restricted Shares may or may not be subject to vesting. Vesting shall occur, in full or in installments, upon satisfaction of the conditions specified in the Restricted Stock Agreement. A Restricted Stock Agreement may provide for accelerated vesting in the event of the Participant's death, disability or retirement or other events.

8.4 Voting and Dividend Rights. The holders of Restricted Shares awarded under the Plan shall have the same voting, dividend and other rights as the Company's other stockholders. A Restricted Stock Agreement, however, may require that the holders of Restricted Shares invest any cash dividends received in additional Restricted Shares. Such additional Restricted Shares shall be subject to the same conditions and restrictions as the Award with respect to which the dividends were paid.

ARTICLE IX. STOCK UNITS.

9.1 Stock Unit Agreement. Each grant of Stock Units under the Plan shall be evidenced by a Stock Unit Agreement between the recipient and the Company. Such Stock Units shall be subject to all applicable terms of the Plan and may be subject to any other terms that are not inconsistent with the Plan. The provisions of the various Stock Unit Agreements entered into under the Plan need not be identical. Stock Units may be granted in consideration of a reduction in the recipient's other compensation.

6

9.2 Payment for Awards. To the extent that an Award is granted in the form of Stock Units, no cash consideration shall be required of the Award recipients.

9.3 Vesting Conditions. Each Award of Stock Units may or may not be subject to vesting. Vesting shall occur, in full or in installments, upon satisfaction of the conditions specified in the Stock Unit Agreement. A Stock Unit Agreement may provide for accelerated vesting in the event of the Participant's death, disability or retirement or other events.

9.4 Voting and Dividend Rights. The holders of Stock Units shall have no voting rights. Prior to settlement or forfeiture, any Stock Unit awarded under the Plan may, at the Committee's discretion, carry with it a right to dividend equivalents. Such right entitles the holder to be credited with an amount equal to all cash dividends paid on one Common Share while the Stock Unit is outstanding. Dividend equivalents may be converted into additional Stock Units. Settlement of dividend equivalents may be made in the form of cash, in the form of shares of Common Stock, or in a combination of both. Prior to distribution, any dividend equivalents which are not paid shall be subject to the same conditions and restrictions as the Stock Units to which they attach.

9.5 Form and Time of Settlement of Stock Units. Settlement of vested Stock Units may be made in the form of (a) cash, (b) shares of Common Stock or (c) any combination of both, as determined by the Committee. The actual number of Stock Units eligible for settlement may be larger or smaller than the number included in the original Award, based on predetermined performance factors. Methods of converting Stock Units into cash may include (without limitation) a method based on the average Fair Market Value of shares of Common Stock over a series of trading days. Vested Stock Units may be settled in a lump sum or in installments. The distribution may occur or commence when all vesting conditions applicable to the Stock Units have been satisfied or have lapsed, or it may be deferred to any later date. The amount of a deferred distribution may be increased by an interest factor or by dividend equivalents. Until an Award of Stock Units is settled, the number of such Stock Units shall be subject to adjustment pursuant to Article 11.

9.6 Death of Recipient. Any Stock Units Award that becomes payable after the recipient's death shall be distributed to the recipient's beneficiary or beneficiaries. Each recipient of a Stock Units Award under the Plan shall designate one or more beneficiaries for this purpose by filing the prescribed form with the Company. A beneficiary designation may be changed by filing the prescribed form with the Company at any time before the Award recipient's death. If no beneficiary was designated or if no designated beneficiary survives the Award recipient, then any Stock Units Award that becomes payable after the recipient's death shall be distributed to the recipient's estate.

9.7 Creditors' Rights. A holder of Stock Units shall have no rights other than those of a general creditor of the Company. Stock Units represent an unfunded and unsecured obligation of the Company, subject to the terms and conditions of the applicable Stock Unit Agreement.

7

ARTICLE X. CHANGE IN CONTROL.

10.1 Effect of Change in Control. In the event of any Change in Control, each outstanding Award shall automatically accelerate so that each such Award shall, immediately prior to the effective date of the Change in Control, become fully exercisable for all of the shares of Common Stock at the time subject to such Award and may be exercised for any or all of those shares as fully-vested shares of Common Stock. However, an outstanding Award shall not so accelerate if and to the extent such Award is, in connection with the Change in Control, either to be assumed by the successor corporation (or parent thereof) or to be replaced with a comparable Award for shares of the capital stock of the successor corporation (or parent thereof). The determination of Award comparability shall be made by the Plan Administrator, and its determination shall be final, binding and conclusive.

10.2 Involuntary Termination. In addition, in the event that the Award is assumed by the successor corporation (or parent thereof) and the Participant experiences an Involuntary Termination within eighteen months following a Change in Control, each outstanding Award shall automatically accelerate so that each such Award shall, immediately prior to the effective date of the Involuntary Termination, become fully exercisable for all of the shares of Common Stock at the time subject to such Award and may be exercised for any or all of those shares as fully-vested shares of Common Stock.

ARTICLE XI. PROTECTION AGAINST DILUTION.

11.1 Adjustments. In the event of a subdivision of the outstanding shares of Common Stock, a declaration of a dividend payable in shares of Common Stock, a declaration of a dividend payable in a form other than shares of Common Stock in an amount that has a material affect on the price of shares of Common Stock, a combination or consolidation of the outstanding shares of Common Stock (by reclassification or otherwise) into a lesser number of shares of Common Stock, a recapitalization, a spin-off or a similar occurrence, the Committee shall make such adjustments as it, in its sole discretion, deems appropriate in one or more of:

- (a) The number of Options, SARs, Restricted Shares and Stock Units available for future Awards under Article 3;
- (b) The limitations set forth in Sections 5.2 and 7.2;
- (c) The number of shares of Common Stock covered by each outstanding Option and SAR;
- (d) The Exercise Price under each outstanding Option and SAR; or
- (e) The number of Stock Units included in any prior Award which has not yet been settled.

Except as provided in this Article 11, a Participant shall have no rights by reason of any issue by the Company of stock of any class or securities convertible into stock of any class, any subdivision or consolidation of shares of stock of any class, the payment of any stock dividend or any other increase or decrease in the number of shares of stock of any class.

8

11.2 Dissolution or Liquidation. To the extent not previously exercised or settled, Options, SARs and Stock Units shall terminate immediately prior to the dissolution or liquidation of the Company.

11.3 Reorganizations. In the event that the Company is a party to a merger or other reorganization, outstanding Awards shall be subject to the agreement of merger or reorganization. Such agreement shall provide for (a) the continuation of the outstanding Awards by the Company, if the Company is a surviving corporation, (b) the assumption of the outstanding Awards by the surviving corporation or its parent or subsidiary, (c) the substitution by the surviving corporation or its parent or subsidiary of its own awards for the outstanding Awards, (d) full exercisability or vesting and accelerated expiration of the outstanding Awards or (e) settlement of the full value of the outstanding Awards in cash or cash equivalents followed by cancellation of such Awards.

ARTICLE XII. DEFERRAL OF AWARDS.

The Committee (in its sole discretion) may permit or require a Participant to:

(a) Have cash that otherwise would be paid to such Participant as a result of the exercise of an SAR or the settlement of Stock Units credited to a deferred compensation account established for such Participant by the Committee as an entry on the Company's books;

(b) Have shares of Common Stock that otherwise would be delivered to such Participant as a result of the exercise of an Option or SAR converted into an equal number of Stock Units; or

(c) Have shares of Common Stock that otherwise would be delivered to such Participant as a result of the exercise of an Option or SAR or the settlement of Stock Units converted into amounts credited to a deferred compensation account established for such Participant by the Committee as an entry on the Company's books. Such amounts shall be determined by reference to the Fair Market Value of such shares of Common Stock as of the date when they otherwise would have been delivered to such Participant.

A deferred compensation account established under this Article 12 may be credited with interest or other forms of investment return, as determined by the Committee. A Participant for whom such an account is established shall have no rights other than those of a general creditor of the Company. Such an account shall represent an unfunded and unsecured obligation of the Company and shall be subject to the terms and conditions of the applicable agreement between such Participant and the Company. If the deferral or conversion of Awards is permitted or required, the Committee (in its sole discretion) may establish rules, procedures and forms pertaining to such Awards, including (without limitation) the settlement of deferred compensation accounts established under this Article 12.

ARTICLE XIII. AWARDS UNDER OTHER PLANS.

The Company may grant awards under other plans or programs. Such awards may be settled in the form of shares of Common Stock issued under this Plan. Such shares of

9

Common Stock shall be treated for all purposes under the Plan like shares of Common Stock issued in settlement of Stock Units and shall, when issued, reduce the number of shares of Common Stock available under Article 3.

ARTICLE XIV. PAYMENT OF FEES IN SECURITIES.

14.1 Effective Date. No provision of this Article 14 shall be effective unless and until the Board has determined to implement such provision.

14.2 Elections to Receive NSOs, Restricted Shares or Stock Units. An Outside Director may elect to receive his or her annual retainer payments or meeting fees from the Company in the form of cash, NSOs, Restricted Shares or Stock Units, or a combination thereof, as determined by the Board. Such NSOs, Restricted Shares and Stock Units shall be issued under the Plan. An election under this Article 14 shall be filed with the Company on the prescribed form.

14.3 Number and Terms of NSOs, Restricted Shares or Stock Units. The number of NSOs, Restricted Shares or Stock Units to be granted to Outside Directors in lieu of annual retainers or meeting fees that would otherwise be paid in cash shall be calculated in a manner determined by the Board. The Board shall also determine the terms of such NSOs, Restricted Shares or Stock Units.

ARTICLE XV. LIMITATION ON RIGHTS.

15.1 Retention Rights. Neither the Plan nor any Award granted under the Plan shall be deemed to give any individual a right to remain an Employee, Outside Director or Consultant. The Company and its Parents, Subsidiaries and Affiliates reserve the right to terminate the service of any Employee, Outside Director or Consultant at any time, with or without cause, subject to applicable laws, the Company's certificate of incorporation and by-laws and a written employment agreement (if any).

15.2 Stockholders' Rights. A Participant shall have no dividend rights, voting rights or other rights as a stockholder with respect to any shares of Common Stock covered by his or her Award prior to the time when a stock certificate for such shares of Common Stock is issued or, if applicable, the time when he or she becomes entitled to receive such shares of Common Stock by filing any required notice of exercise and paying any required Exercise Price. No adjustment shall be made for cash dividends or other rights for which the record date is prior to such time, except as expressly provided in the Plan.

15.3 Regulatory Requirements. Any other provision of the Plan notwithstanding, the obligation of the Company to issue shares of Common Stock under the Plan shall be subject to all applicable laws, rules and regulations and such approval by any regulatory body as may be required. The Company reserves the right to restrict, in whole or in part, the delivery of shares of Common Stock pursuant to any Award prior to the satisfaction of all legal requirements relating to the issuance of such shares of Common Stock, to their registration, qualification or listing or to an exemption from registration, qualification or listing.

10

ARTICLE XVI. WITHHOLDING TAXES.

16.1 General. To the extent required by applicable federal, state,

local or foreign law, a Participant or his or her successor shall make arrangements satisfactory to the Company for the satisfaction of any withholding tax obligations that arise in connection with the Plan. The Company shall not be required to issue any shares of Common Stock or make any cash payment under the Plan until such obligations are satisfied.

16.2 Share Withholding. The Committee may permit a Participant to satisfy all or part of his or her withholding or income tax obligations by having the Company withhold all or a portion of any shares of Common Stock that otherwise would be issued to him or her or by surrendering all or a portion of any shares of Common Stock that he or she previously acquired. Such shares of Common Stock shall be valued at their Fair Market Value on the date when taxes otherwise would be withheld in cash.

ARTICLE XVII. FUTURE OF THE PLAN.

17.1 Term of the Plan. The Plan, as set forth herein, shall become effective the date of effectiveness of the IPO. The Plan shall remain in effect until it is terminated under Section 17.2, except that no ISOs shall be granted on or after the 10th anniversary of the later of (a) the date when the Board adopted the Plan or (b) the date when the Board adopted the most recent increase in the number of shares of Common Stock available under Article 3 which was approved by the Company's stockholders. The Plan shall serve as the successor to the Predecessor Plan, and no further option grants shall be made under the Predecessor Plan after the Plan effective date. All options outstanding under the Predecessor Plan as of such date shall, immediately upon effectiveness of the Plan, remain outstanding in accordance with their terms. Each outstanding option under the Predecessor Plan shall continue to be governed solely by the terms of the documents evidencing such option, and no provision of the Plan shall be deemed to affect or otherwise modify the rights or obligations of the holders of such incorporated options with respect to their acquisition of shares of Common Stock, except that the vesting acceleration provisions of Article 10 relating to Change in Control shall be extended to the options incorporated from the Predecessor Plan.

17.2 Amendment or Termination. The Board may, at any time and for any reason, amend or terminate the Plan. An amendment of the Plan shall be subject to the approval of the Company's stockholders only to the extent required by applicable laws, regulations or rules. No Awards shall be granted under the Plan after the termination thereof. The termination of the Plan, or any amendment thereof, shall not affect any Award previously granted under the Plan.

ARTICLE XVIII. LIMITATION ON PAYMENTS.

18.1 Scope of Limitation. This Article 18 shall apply to an Award only if:

(a) The independent auditors most recently selected by the Board (the "Auditors") determine that the after-tax value of such Award to the Participant, taking into account the effect of all federal, state and local income taxes, employment taxes and excise taxes applicable to the Participant (including the excise tax under section 4999 of the Code), will be

11

greater after the application of this Article 18 than it was before the application of this Article 18; or

(b) The Committee, at the time of making an Award under the Plan or at any time thereafter, specifies in writing that such Award shall be subject to this Article 18 (regardless of the after-tax value of such Award to the Participant).

18.2 Application to Award. If this Article 18 applies to an Award, it shall supersede any contrary provision of the Plan or of any Award granted under the Plan.

18.3 Basic Rule. In the event that the Auditors determine that any payment or transfer by the Company under the Plan to or for the benefit of a Participant (a "Payment") would be nondeductible by the Company for federal income tax purposes because of the provisions concerning "excess parachute payments" in section 280G of the Code, then the aggregate present value of all Payments shall be reduced (but not below zero) to the Reduced Amount. For purposes of this Article 18, the "Reduced Amount" shall be the amount, expressed as a present value, which maximizes the aggregate present value of the Payments without causing any Payment to be nondeductible by the Company because of section 280G of the Code.

18.4 Reduction of Payments. If the Auditors determine that any Payment would be nondeductible by the Company because of section 280G of the Code, then the Company shall promptly give the Participant notice to that effect and a copy of the detailed calculation thereof and of the Reduced Amount, and the Participant may then elect, in his or her sole discretion, which and how much of the Payments shall be eliminated or reduced (as long as after such

election the aggregate present value of the Payments equals the Reduced Amount) and shall advise the Company in writing of his or her election within 10 days of receipt of notice. If no such election is made by the Participant within such 10-day period, then the Company may elect which and how much of the Payments shall be eliminated or reduced (as long as after such election the aggregate present value of the Payments equals the Reduced Amount) and shall notify the Participant promptly of such election. For purposes of this Article 18, present value shall be determined in accordance with section 280G(d)(4) of the Code. All determinations made by the Auditors under this Article 18 shall be binding upon the Company and the Participant and shall be made within 60 days of the date when a Payment becomes payable or transferable. As promptly as practicable following such determination and the elections hereunder, the Company shall pay or transfer to or for the benefit of the Participant such amounts as are then due to him or her under the Plan and shall promptly pay or transfer to or for the benefit of the Participant in the future such amounts as become due to him or her under the Plan.

18.5 Overpayments and Underpayments. As a result of uncertainty in the application of section 280G of the Code at the time of an initial determination by the Auditors hereunder, it is possible that Payments will have been made by the Company which should not have been made (an "Overpayment") or that additional Payments which will not have been made by the Company could have been made (an "Underpayment"), consistent in each case with the calculation of the Reduced Amount hereunder. In the event that the Auditors, based upon the assertion of a deficiency by the Internal Revenue Service against the Company or the Participant which the Auditors believe has a high probability of success, determine that an Overpayment has been made, such Overpayment shall be treated for all purposes as a loan to the Participant which

12

he or she shall repay to the Company, together with interest at the applicable federal rate provided in section 7872(f)(2) of the Code; provided, however, that no amount shall be payable by the Participant to the Company if and to the extent that such payment would not reduce the amount which is subject to taxation under section 4999 of the Code. In the event that the Auditors determine that an Underpayment has occurred, such Underpayment shall promptly be paid or transferred by the Company to or for the benefit of the Participant, together with interest at the applicable federal rate provided in section 7872(f)(2) of the Code.

18.6 Related Corporations. For purposes of this Article 18, the term "Company" shall include affiliated corporations to the extent determined by the Auditors in accordance with section 280G(d)(5) of the Code.

ARTICLE XIX. DEFINITIONS.

19.1 "Affiliate" means any entity other than a Subsidiary, if the Company and/or one or more Subsidiaries own not less than 50% of such entity.

19.2 "Award" means any award of an Option, an SAR, a Restricted Share or a Stock Unit under the Plan.

19.3 "Board" means the Company's Board of Directors, as constituted from time to time.

19.4 "Change in Control" shall mean:

(a) The consummation of a merger or consolidation of the Company with or into another entity or any other corporate reorganization, if persons who were not stockholders of the Company immediately prior to such merger, consolidation or other reorganization own immediately after such merger, consolidation or other reorganization 50% or more of the voting power of the outstanding securities of each of (i) the continuing or surviving entity and (ii) any direct or indirect parent corporation of such continuing or surviving entity;

(b) The sale, transfer or other disposition of all or substantially all of the Company's assets;

(c) A change in the composition of the Board, as a result of which fewer than 50% of the incumbent directors are directors who either (i) had been directors of the Company on the date 24 months prior to the date of the event that may constitute a Change in Control (the "original directors") or (ii) were elected, or nominated for election, to the Board with the affirmative votes of at least a majority of the aggregate of the original directors who were still in office at the time of the election or nomination and the directors whose election or nomination was previously so approved; or

(d) Any transaction as a result of which any person is the "beneficial owner" (as defined in Rule 13d-3 under the Exchange Act), directly or indirectly, of securities of the Company representing at least 50% of the total voting power represented by the Company's then outstanding voting securities. For purposes of this Paragraph (d), the term "person" shall have the same meaning as when used in sections 13(d) and 14(d) of the Exchange Act but

exclude(i) a trustee or other fiduciary holding securities under an employee benefit plan of the Company or of a Parent or Subsidiary and (ii) a corporation owned directly or indirectly by the stockholders of the Company in substantially the same proportions as their ownership of the common stock of the Company.

A transaction shall not constitute a Change in Control if its sole purpose is to change the state of the Company's incorporation or to create a holding company that will be owned in substantially the same proportions by the persons who held the Company's securities immediately before such transaction.

19.5 "Code" means the Internal Revenue Code of 1986, as amended.

19.6 "Committee" means a committee of the Board, as described in Article 2.

19.7 "Common Stock" means the common stock of the Company.

19.8 "Company" means Equinix, Inc., a Delaware corporation.

19.9 "Consultant" means a consultant or adviser who provides bona fide services to the Company, a Parent, a Subsidiary or an Affiliate as an independent contractor. Service as a Consultant shall be considered employment for all purposes of the Plan, except as provided in Section 4.1.

19.10 "Employee" means a common-law employee of the Company, a Parent, a Subsidiary or an Affiliate.

19.11 "Exchange Act" means the Securities Exchange Act of 1934, as amended.

19.12 "Exercise Price," in the case of an Option, means the amount for which one Common Share may be purchased upon exercise of such Option, as specified in the applicable Stock Option Agreement. "Exercise Price," in the case of an SAR, means an amount, as specified in the applicable SAR Agreement, which is subtracted from the Fair Market Value of one Common Share in determining the amount payable upon exercise of such SAR.

19.13 "Fair Market Value" means the market price of one share of Common Stock, determined by the Committee in good faith on such basis as it deems appropriate. Whenever possible, the determination of Fair Market Value by the Committee shall be based on the prices reported in The Wall Street Journal.

Such determination shall be conclusive and binding on all persons.

19.14 "Involuntary Termination" means the termination of the Service of any individual which occurs by reason of:

(a) such individual's involuntary dismissal or discharge by the Company for reasons other than Misconduct, or

(b) such individual's voluntary resignation following (A) a change in his or her position with the Company which materially reduces his or her level of responsibility,

(B) a reduction in his or her level of compensation (including base salary, fringe benefits and participation in bonus or incentive programs) or (C) a relocation of such individual's place of employment by more than fifty (50) miles, provided and only if such change, reduction or relocation is effected by the Company without the individual's consent.

19.15 "ISO" means an incentive stock option described in section 422(b) of the Code.

19.16 "Misconduct" means the commission of any act of fraud, embezzlement or dishonesty by the Optionee or Participant, any unauthorized use or disclosure by such person of confidential information or trade secrets of the Company (or any Parent or Subsidiary), or any other intentional misconduct by such person adversely affecting the business or affairs of the Company (or any Parent or Subsidiary) in a material manner. The foregoing definition shall not be deemed to be inclusive of all the acts or omissions which the Company (or any Parent or Subsidiary) may consider as grounds for the dismissal or discharge of any Optionee or Participant or other person in the Service of the Company (or any Parent or Subsidiary).

19.17 "NSO" means a stock option not described in sections 422 or 423 of the Code.

19.18 "Option" means an ISO or NSO granted under the Plan and entitling the holder to purchase shares of Common Stock.

19.19 "Optionee" means an individual or estate who holds an Option or SAR.

19.20 "Outside Director" shall mean a member of the Board who is not an Employee. Service as an Outside Director shall be considered employment for all purposes of the Plan, except as provided in Section 4.1.

19.21 "Parent" means any corporation (other than the Company) in an unbroken chain of corporations ending with the Company, if each of the corporations other than the Company owns stock possessing 50% or more of the total combined voting power of all classes of stock in one of the other corporations in such chain. A corporation that attains the status of a Parent on a date after the adoption of the Plan shall be considered a Parent commencing as of such date.

19.22 "Participant" means an individual or estate who holds an Award.

19.23 "Plan" means this Equinix, Inc. 2000 Equity Incentive Plan, as amended from time to time.

19.24 "Predecessor Plan" means the Company's existing 1996 Stock Option Plan.

19.25 "Restricted Share" means a Common Share awarded under the Plan.

15

19.26 "Restricted Stock Agreement" means the agreement between the Company and the recipient of a Restricted Share which contains the terms, conditions and restrictions pertaining to such Restricted Share.

19.27 "SAR" means a stock appreciation right granted under the Plan.

19.28 "SAR Agreement" means the agreement between the Company and an Optionee which contains the terms, conditions and restrictions pertaining to his or her SAR.

19.29 "Stock Option Agreement" means the agreement between the Company and an Optionee that contains the terms, conditions and restrictions pertaining to his or her Option.

19.30 "Stock Unit" means a bookkeeping entry representing the equivalent of one Common Share, as awarded under the Plan.

19.31 "Stock Unit Agreement" means the agreement between the Company and the recipient of a Stock Unit which contains the terms, conditions and restrictions pertaining to such Stock Unit.

19.32 "Subsidiary" means any corporation (other than the Company) in an unbroken chain of corporations beginning with the Company, if each of the corporations other than the last corporation in the unbroken chain owns stock possessing 50% or more of the total combined voting power of all classes of stock in one of the other corporations in such chain. A corporation that attains the status of a Subsidiary on a date after the adoption of the Plan shall be considered a Subsidiary commencing as of such date.

Equinix, Inc.
2000 Director Option Plan

ARTICLE 1. INTRODUCTION.

The Plan was adopted by the Board to be effective at the effectiveness of the IPO. The purpose of the Plan is to promote the long-term success of the Company and the creation of stockholder value by (a) encouraging Non-Employee Directors to focus on critical long-range objectives, (b) encouraging the attraction and retention of Non-Employee Directors with exceptional qualifications and (c) linking Non-Employee Directors directly to stockholder interests through increased stock ownership. The Plan seeks to achieve this purpose by providing for automatic and non-discretionary grants of Options to Non-Employee Directors.

The Plan shall be governed by, and construed in accordance with, the laws of the State of Delaware (except their choice-of-law provisions).

ARTICLE 2. ADMINISTRATION.

2.1 Committee Composition. The Plan shall be administered by the Committee. The Committee shall consist exclusively of two or more directors of

the Company, who shall be appointed by the Board. In addition, the composition of the Committee shall satisfy such requirements as the Securities and Exchange Commission may establish for administrators acting under plans intended to qualify for exemption under Rule 16b-3 (or its successor) under the Exchange Act.

2.2 Committee Responsibilities. The Committee shall interpret the Plan and make all decisions relating to the operation of the Plan. The Committee may adopt such rules or guidelines as it deems appropriate to implement the Plan. The Committee's determinations under the Plan shall be final and binding on all persons.

ARTICLE 3. SHARES AVAILABLE FOR GRANTS.

3.1 Basic Limitation. shares of Common Stock issued pursuant to the Plan may be authorized but unissued shares or treasury shares. The aggregate number of shares of Common Stock subject to Options granted under the Plan shall not exceed (a) 200,000 plus (b) the additional shares of Common Stock described in Section 3.2. The limitations of this Section 3.1 shall be subject to adjustment pursuant to Article 6.

3.2 Additional Shares. If Options are forfeited or terminate for any other reason before being exercised, then the shares of Common Stock subject to such Options shall again become available for the grant of Options under the Plan. On January 1 of each year, commencing with January 1, 2001 the aggregate number of shares of Stock available for purchase during the life of the Plan shall automatically be increased by 50,000 shares (subject to adjustment pursuant to Article 6).

ARTICLE 4. AUTOMATIC OPTION GRANTS TO NON-EMPLOYEE DIRECTORS.

4.1 Eligibility. Only Non-Employee Directors shall be eligible for the grant of Options under the Plan.

4.2 Initial Grants. Each Non-Employee Director who first becomes a member of the Board after the date of the IPO shall receive a one-time grant of an Option covering 25,000 shares of Common Stock (subject to adjustment under Article 6). Such Option shall be granted on the date when such Non-Employee Director first joins the Board and shall become exercisable for 25% of the shares upon the optionee's completion of 12 months of service from the date of grant and as to the balance of the shares in annual installments over the three-year period thereafter. A Non-Employee Director who previously was an Employee shall not receive a grant under this Section 4.2.

4.3 Annual Grants. Upon the conclusion of each regular annual meeting of the Company's stockholders held in the year 2001 or thereafter, each Non-Employee Director who will continue serving as a member of the Board thereafter shall receive an Option covering 10,000 shares of Common Stock (subject to adjustment under Article 6), except that such Option shall not be granted in the calendar year in which the same Non-Employee Director received the Option described in Section 4.2. Options granted under this Section 4.3 shall become exercisable in full on the first anniversary of the date of grant. A Non-Employee Director who previously was an Employee shall be eligible to receive grants under this Section 4.3.

4.4 Accelerated Exercisability. All Options granted to a Non-Employee Director under this Article 4 shall also become exercisable in full in the event of a Change in Control with respect to the Company.

4.5 Exercise Price. The Exercise Price under all Options granted to a Non-Employee Director under this Article 4 shall be equal to 100% of the Fair Market Value of a Common Share on the date of grant, payable in one of the forms described in Article 5.

4.6 Term. All Options granted to a Non-Employee Director under this Article 4 shall terminate on the earliest of (a) the 10th anniversary of the date of grant, or (b) the date 12 months after the termination of such Non-Employee Director's service for any reason.

4.7 Affiliates of Non-Employee Directors. The Committee may provide that the Options that otherwise would be granted to a Non-Employee Director under this Article 4 shall instead be granted to an affiliate of such Non-Employee Director. Such affiliate shall then be deemed to be a Non-Employee Director for purposes of the Plan, provided that the service-related vesting and termination provisions pertaining to the Options shall be applied with regard to the service of the Non-Employee Director.

4.8 Stock Option Agreement. Each grant of an Option under the Plan shall be evidenced by a Stock Option Agreement between the Optionee and the Company. Such Option shall be subject to all applicable terms of the Plan and may be subject to any other terms that are not inconsistent with the Plan.

ARTICLE 5. PAYMENT FOR OPTION SHARES.

5.1 Cash. All or any part of the Exercise Price may be paid in cash or cash equivalents.

5.2 Surrender of Stock. All or any part of the Exercise Price may be paid by surrendering, or attesting to the ownership of, shares of Common Stock that are already owned by the Optionee. Such shares of Common Stock shall be valued at their Fair Market Value on the date when the new shares of Common Stock are purchased under the Plan. The Optionee shall not surrender, or attest to the ownership of, shares of Common Stock in payment of the Exercise Price if such action would cause the Company to recognize compensation expense (or additional compensation expense) with respect to the Option for financial reporting purposes.

5.3 Exercise/Sale. All or any part of the Exercise Price and any withholding taxes may be paid by delivering (on a form prescribed by the Company) an irrevocable direction to a securities broker approved by the Company to sell all or part of the shares of Common Stock being purchased under the Plan and to deliver all or part of the sales proceeds to the Company.

5.4 Other Forms of Payment. At the sole discretion of the Committee, all or any part of the Exercise Price and any withholding taxes may be paid in any other form that is consistent with applicable laws, regulations and rules.

ARTICLE 6. PROTECTION AGAINST DILUTION.

6.1 Adjustments. In the event of a subdivision of the outstanding shares of Common Stock, a declaration of a dividend payable in shares of Common Stock, a declaration of a dividend payable in a form other than shares of Common Stock in an amount that has a material effect on the price of shares of Common Stock, a combination or consolidation of the outstanding shares of Common Stock (by reclassification or otherwise) into a lesser number of shares of Common Stock, a recapitalization, a spin-off or a similar occurrence, the Committee shall make such adjustments as it, in its sole discretion, deems appropriate in one or more of (a) the number of shares of Common Stock available for future grants under Article 3, (b) the number of Options to be granted to Non-Employee Directors under Article 4, (c) the number of shares of Common Stock covered by each outstanding Option or (d) the Exercise Price under each outstanding Option. Except as provided in this Article 6, an Optionee shall have no rights by reason of any issue by the Company of stock of any class or securities convertible into stock of any class, any subdivision or consolidation of shares of stock of any class, the payment of any stock dividend or any other increase or decrease in the number of shares of stock of any class.

6.2 Dissolution or Liquidation. To the extent not previously exercised, Options shall terminate immediately prior to the dissolution or liquidation of the Company.

6.3 Reorganizations. In the event that the Company is a party to a merger or other reorganization, outstanding Options shall be subject to the agreement of merger or reorganization. Such agreement shall provide for (a) the continuation of the outstanding Options by the Company, if the Company is a surviving corporation, (b) the assumption of the outstanding Options by the surviving corporation or its parent or subsidiary, (c) the substitution

3

by the surviving corporation or its parent or subsidiary of its own options for the outstanding Options, or (d) settlement of the full value of the outstanding Options in cash or cash equivalents followed by cancellation of such Options.

ARTICLE 7. LIMITATION ON RIGHTS.

7.1 Stockholders' Rights. An Optionee shall have no dividend rights, voting rights or other rights as a stockholder with respect to any shares of Common Stock covered by his or her Option prior to the time he or she becomes entitled to receive such shares of Common Stock by filing a notice of exercise and paying the Exercise Price. No adjustment shall be made for cash dividends or other rights for which the record date is prior to such time, except as expressly provided in the Plan.

7.2 Regulatory Requirements. Any other provision of the Plan notwithstanding, the obligation of the Company to issue shares of Common Stock under the Plan shall be subject to all applicable laws, rules and regulations and such approval by any regulatory body as may be required. The Company reserves the right to restrict, in whole or in part, the delivery of shares of Common Stock pursuant to any Option prior to the satisfaction of all legal requirements relating to the issuance of such shares of Common Stock, to their registration, qualification or listing or to an exemption from registration, qualification or listing.

7.3 Withholding Taxes. To the extent required by applicable federal, state, local or foreign law, an Optionee or his or her successor shall make arrangements satisfactory to the Company for the satisfaction of any withholding tax obligations that arise in connection with the Plan. The Company shall not

be required to issue any shares of Common Stock or make any cash payment under the Plan until such obligations are satisfied.

ARTICLE 8. FUTURE OF THE PLAN.

8.1 Term of the Plan. The Plan, as set forth herein, shall become effective on effectiveness of the IPO. The Plan shall remain in effect until it is terminated under Section 8.2.

8.2 Amendment or Termination. The Board may, at any time and for any reason, amend or terminate the Plan. An amendment of the Plan shall be subject to the approval of the Company's stockholders only to the extent required by applicable laws, regulations or rules. No Options shall be granted under the Plan after the termination thereof. The termination of the Plan, or any amendment thereof, shall not affect any Option previously granted under the Plan.

ARTICLE 9. DEFINITIONS.

9.1 "Board" means the Company's Board of Directors, as constituted from time to time.

9.2 "Change in Control" means:

(a) The consummation of a merger or consolidation of the Company with or into another entity or any other corporate reorganization, if persons who were not stockholders of

4

the Company immediately prior to such merger, consolidation or other reorganization own immediately after such merger, consolidation or other reorganization 50% or more of the voting power of the outstanding securities of each of (i) the continuing or surviving entity and (ii) any direct or indirect parent corporation of such continuing or surviving entity;

(b) The sale, transfer or other disposition of all or substantially all of the Company's assets;

(c) A change in the composition of the Board, as a result of which fewer than 50% of the incumbent directors are directors who either (i) had been directors of the Company on the date 24 months prior to the date of the event that may constitute a Change in Control (the "original directors") or (ii) were elected, or nominated for election, to the Board with the affirmative votes of at least a majority of the aggregate of the original directors who were still in office at the time of the election or nomination and the directors whose election or nomination was previously so approved; or

(d) Any transaction as a result of which any person is the "beneficial owner" (as defined in Rule 13d-3 under the Exchange Act), directly or indirectly, of securities of the Company representing at least 50% of the total voting power represented by the Company's then outstanding voting securities. For purposes of this Subsection (d), the term "person" shall have the same meaning as when used in sections 13(d) and 14(d) of the Exchange Act but shall exclude (i) a trustee or other fiduciary holding securities under an employee benefit plan of the Company or of a Parent or Subsidiary and (ii) a corporation owned directly or indirectly by the stockholders of the Company in substantially the same proportions as their ownership of the common stock of the Company.

A transaction shall not constitute a Change in Control if its sole purpose is to change the state of the Company's incorporation or to create a holding company that will be owned in substantially the same proportions by the persons who held the Company's securities immediately before such transaction.

9.3 "Code" means the Internal Revenue Code of 1986, as amended.

9.4 "Committee" means a committee of the Board, as described in Article 2.

9.5 "Common Share" means one share of the common stock of the Company.

9.6 "Company" means Equinix, Inc., a Delaware corporation.

9.7 "Employee" means a common-law employee of the Company, a Parent or a Subsidiary.

9.8 "Exchange Act" means the Securities Exchange Act of 1934, as amended.

9.9 "Exercise Price" means the amount for which one Common Share may be purchased upon exercise of such Option, as specified in the applicable Stock Option Agreement.

5

9.10 "Fair Market Value" means the market price of shares of Common Stock, determined by the Committee in good faith on such basis as it deems appropriate.

Whenever possible, the determination of Fair Market Value by the Committee shall be based on the prices reported in The Wall Street Journal. Such determination

shall be conclusive and binding on all persons.

9.11 "IPO" means the initial offering of common stock of the Company to the public pursuant to a registration statement filed by the Company with the Securities and Exchange Commission.

9.12 "Non-Employee Director" means a member of the Board who is not an Employee.

9.13 "Option" means an option granted under the Plan and entitling the holder to purchase shares of Common Stock. Options do not qualify as incentive stock options described in section 422(b) of the Code.

9.14 "Optionee" means an individual or estate who holds an Option.

9.15 "Parent" means any corporation (other than the Company) in an unbroken chain of corporations ending with the Company, if each of the corporations other than the Company owns stock possessing 50% or more of the total combined voting power of all classes of stock in one of the other corporations in such chain. A corporation that attains the status of a Parent on a date after the adoption of the Plan shall be considered a Parent commencing as of such date.

9.16 "Plan" means this Equinix, Inc. 2000 Director Option Plan, as amended from time to time.

9.17 "Stock Option Agreement" means the agreement between the Company and an Optionee that contains the terms, conditions and restrictions pertaining to his or her Option.

9.18 "Subsidiary" means any corporation (other than the Company) in an unbroken chain of corporations beginning with the Company, if each of the corporations other than the last corporation in the unbroken chain owns stock possessing 50% or more of the total combined voting power of all classes of stock in one of the other corporations in such chain. A corporation that attains the status of a Subsidiary on a date after the adoption of the Plan shall be considered a Subsidiary commencing as of such date.

Equinix, Inc.

Employee Stock Purchase Plan

SECTION 1. PURPOSE OF THE PLAN.

The Board adopted the Plan effective as of the date of the IPO. The purpose of the Plan is to provide Eligible Employees with an opportunity to increase their proprietary interest in the success of the Company by purchasing Stock from the Company on favorable terms and to pay for such purchases through payroll deductions. The Plan is intended to qualify under section 423 of the Code.

SECTION 2. ADMINISTRATION OF THE PLAN.

(a) Committee Composition. The Committee shall administer the Plan. The Committee shall consist exclusively of one or more directors of the Company, who shall be appointed by the Board.

(b) Committee Responsibilities. The Committee shall interpret the Plan and make all other policy decisions relating to the operation of the Plan. The Committee may adopt such rules, guidelines and forms as it deems appropriate to implement the Plan. The Committee's determinations under the Plan shall be final and binding on all persons.

SECTION 3. ENROLLMENT AND PARTICIPATION.

(a) Offering Periods. While the Plan is in effect, two overlapping Offering Periods shall commence in each calendar year. The Offering Periods shall consist of the 24-month periods commencing on each February 1 and August 1, except that the first Offering Period shall commence on the date of the IPO and end on July 31, 2002.

(b) Accumulation Periods. While the Plan is in effect, two Accumulation Periods shall commence in each calendar year. The Accumulation Periods shall consist of the six-month periods commencing on each February 1 and August 1, except that the first Accumulation Period shall commence on the date of the IPO and end on July 31, 2002.

(c) Enrollment. Any individual who, on the day preceding the first day of an Offering Period, qualifies as an Eligible Employee may elect to become a Participant in the Plan for such Offering Period by executing the enrollment form prescribed for this purpose by the Committee. The enrollment form shall be filed with the Company at the prescribed location not later than 10 business days prior to the commencement of such Offering Period, except that the Company may announce a deadline that is less than 10 business days prior to the commencement of the first Offering Period.

(d) Duration of Participation. Once enrolled in the Plan, a Participant shall continue to participate in the Plan until he or she ceases to be an Eligible Employee, withdraws from the Plan under Section 5(a) or reaches the end of the Accumulation Period in which his or her employee contributions were discontinued under Section 4(d) or 8(b). A Participant who discontinued employee contributions under Section 4(d) or withdrew from the Plan under Section 5(a) may again become a Participant, if he or she then is an Eligible Employee, by following the procedure described in Subsection (c) above. A Participant whose employee contributions were discontinued automatically under Section 8(b) shall automatically resume participation at the beginning of the earliest Accumulation Period ending in the next calendar year, if he or she then is an Eligible Employee.

(e) Applicable Offering Period. For purposes of calculating the Purchase Price under Section 7(b), the applicable Offering Period shall be

determined as follows:

(i) Once a Participant is enrolled in the Plan for an Offering Period, such Offering Period shall continue to apply to him or her until the earliest of (A) the end of such Offering Period, (B) the end of his or her participation under Subsection (d) above or (C) re-enrollment for a subsequent Offering Period under Paragraph (ii) or (iii) below.

(ii) In the event that the Fair Market Value of Stock on the last trading day before the commencement of the Offering Period for which the Participant is enrolled is higher than on the last trading day before the commencement of any subsequent Offering Period, the Participant shall automatically be re-enrolled for such subsequent Offering Period.

(iii) Any other provision of the Plan notwithstanding, the Company (at its sole discretion) may determine prior to the commencement of any new Offering Period that all Participants shall be re-enrolled for such new Offering Period.

(iv) When a Participant reaches the end of an Offering Period but his or her participation is to continue, then such Participant shall automatically be re-enrolled for the Offering Period that commences immediately after the end of the prior Offering Period.

SECTION 4. EMPLOYEE CONTRIBUTIONS.

(a) Frequency of Payroll Deductions. A Participant may purchase shares of Stock under the Plan solely by means of payroll deductions. Payroll deductions, as designated by the Participant pursuant to Subsection (b) below, shall occur on each payday during participation in the Plan.

(b) Amount of Payroll Deductions. An Eligible Employee shall designate on the enrollment form the portion of his or her Compensation that he or she elects to have withheld for the purchase of Stock. Such portion shall be a whole percentage of the Eligible Employee's Compensation, but not less than 1% nor more than 15%.

2

(c) Changing Withholding Rate. If a Participant wishes to change the rate of payroll withholding, he or she may do so by filing a new enrollment form with the Company at the prescribed location at any time. The new withholding rate shall be effective as soon as reasonably practicable after the Company has received such form. The new withholding rate shall be a whole percentage of the Eligible Employee's Compensation, but not less than 1% nor more than 15%.

(d) Discontinuing Payroll Deductions. If a Participant wishes to discontinue employee contributions entirely, he or she may do so by filing a new enrollment form with the Company at the prescribed location at any time. Payroll withholding shall cease as soon as reasonably practicable after the Company has received such form. (In addition, employee contributions may be discontinued automatically pursuant to Section 8(b).) A Participant who has discontinued employee contributions may resume such contributions by filing a new enrollment form with the Company at the prescribed location. Payroll withholding shall resume as soon as reasonably practicable after the Company has received such form.

(e) Limit on Number of Elections. No Participant shall make more than two elections under Subsection (c) or (d) above during any Accumulation Period or such lesser or greater number of elections as may be permitted by the Board.

SECTION 5. WITHDRAWAL FROM THE PLAN.

(a) Withdrawal. A Participant may elect to withdraw from the Plan by filing the prescribed form with the Company at the prescribed location at any time before the last day of an Accumulation Period. As soon as reasonably practicable thereafter, payroll deductions shall cease and the entire amount credited to the Participant's Plan Account shall be refunded to him or her in cash, without interest. No partial withdrawals shall be permitted.

(b) Re-Enrollment After Withdrawal. A former Participant who has withdrawn from the Plan shall not be a Participant until he or she re-enrolls in the Plan under Section 3(c). Re-enrollment may be effective only at the commencement of an Offering Period.

SECTION 6. CHANGE IN EMPLOYMENT STATUS.

(a) Termination of Employment. Termination of employment as an Eligible Employee for any reason, including death, shall be treated as an automatic withdrawal from the Plan under Section 5(a). (A transfer from one Participating Company to another shall not be treated as a termination of employment.)

(b) Leave of Absence. For purposes of the Plan, employment shall not be deemed to terminate when the Participant goes on a military leave, a sick

leave or another bona fide leave of absence, if the leave was approved by the Company in writing. Employment, however, shall be deemed to terminate 90 days after the Participant goes on a leave, unless a contract or statute guarantees his or her right to return to work. Employment shall be deemed to terminate in any event when the approved leave ends, unless the Participant immediately returns to work.

3

(c) Death. In the event of the Participant's death, the amount credited to his or her Plan Account shall be paid to a beneficiary designated by him or her for this purpose on the prescribed form or, if none, to the Participant's estate. Such form shall be valid only if it was filed with the Company at the prescribed location before the Participant's death.

SECTION 7. PLAN ACCOUNTS AND PURCHASE OF SHARES.

(a) Plan Accounts. The Company shall maintain a Plan Account on its books in the name of each Participant. Whenever an amount is deducted from the Participant's Compensation under the Plan, such amount shall be credited to the Participant's Plan Account. Amounts credited to Plan Accounts shall not be trust funds and may be commingled with the Company's general assets and applied to general corporate purposes. No interest shall be credited to Plan Accounts.

(b) Purchase Price. The Purchase Price for each share of Stock purchased at the close of an Accumulation Period shall be the lower of:

(i) 85% of the Fair Market Value of such share on the last trading day in such Accumulation Period; or

(ii) 85% of the Fair Market Value of such share on the last trading day before the commencement of the applicable Offering Period (as determined under Section 3(e)) or, in the case of the first Offering Period under the Plan, 85% of the price at which one share of Stock is offered to the public in the IPO.

(c) Number of Shares Purchased. As of the last day of each Accumulation Period, each Participant shall be deemed to have elected to purchase the number of shares of Stock calculated in accordance with this Subsection (c), unless the Participant has previously elected to withdraw from the Plan in accordance with Section 5(a). The amount then in the Participant's Plan Account shall be divided by the Purchase Price, and the number of shares that results shall be purchased from the Company with the funds in the Participant's Plan Account. The foregoing notwithstanding, no Participant shall purchase more than 2,500 shares of Stock with respect to any Accumulation Period nor more than the amounts of Stock set forth in Sections 8(b) and 13(a). The Committee may determine with respect to all Participants that any fractional share, as calculated under this Subsection (c), shall be (i) rounded down to the next lower whole share or (ii) credited as a fractional share.

(d) Available Shares Insufficient. In the event that the aggregate number of shares that all Participants elect to purchase during an Accumulation Period exceeds the maximum number of shares remaining available for issuance under Section 13(a), then the number of shares to which each Participant is entitled shall be determined by multiplying the number of shares available for issuance by a fraction. The numerator of such fraction is the number of shares that such Participant has elected to purchase, and the denominator of such fraction is the number of shares that all Participants have elected to purchase.

(e) Issuance of Stock. Certificates representing the shares of Stock purchased by a Participant under the Plan shall be issued to him or her as soon as reasonably

4

practicable after the close of the applicable Accumulation Period, except that the Committee may determine that such shares shall be held for each Participant's benefit by a broker designated by the Committee (unless the Participant has elected that certificates be issued to him or her). Shares may be registered in the name of the Participant or jointly in the name of the Participant and his or her spouse as joint tenants with right of survivorship or as community property.

(f) Tax Withholding. To the extent required by applicable federal, state, local or foreign law, a Participant shall make arrangements satisfactory to the Company for the satisfaction of any withholding tax obligations that arise in connection with the Plan. The Company shall not be required to issue any shares of Stock under the Plan until such obligations are satisfied.

(g) Unused Cash Balances. An amount remaining in the Participant's Plan Account that represents the Purchase Price for any fractional share shall be carried over in the Participant's Plan Account to the next Accumulation Period. Any amount remaining in the Participant's Plan Account that represents the Purchase Price for whole shares that could not be purchased by reason of Subsection (c) above, Section 8(b) or Section 13(a) shall be refunded to the

Participant in cash, without interest.

(h) Stockholder Approval. Any other provision of the Plan notwithstanding, no shares of Stock shall be purchased under the Plan unless and until the Company's stockholders have approved the adoption of the Plan.

SECTION 8. LIMITATIONS ON STOCK OWNERSHIP.

(a) Five Percent Limit. Any other provision of the Plan notwithstanding, no Participant shall be granted a right to purchase Stock under the Plan if such Participant, immediately after his or her election to purchase such Stock, would own stock possessing more than 5% of the total combined voting power or value of all classes of stock of the Company or any parent or Subsidiary of the Company. For purposes of this Subsection (a), the following rules shall apply:

(i) Ownership of stock shall be determined after applying the attribution rules of section 424(d) of the Code;

(ii) Each Participant shall be deemed to own any stock that he or she has a right or option to purchase under this or any other plan; and

(iii) Each Participant shall be deemed to have the right to purchase 2,500 shares of Stock under this Plan with respect to each Accumulation Period.

(b) Dollar Limit. Any other provision of the Plan notwithstanding, no Participant shall purchase Stock with a Fair Market Value in excess of the following limit:

(i) In the case of Stock purchased during an Offering Period that commenced in the current calendar year, the limit shall be equal to (A) \$25,000 minus (B) the Fair Market Value of the Stock that the Participant previously

5

purchased in the current calendar year (under this Plan and all other employee stock purchase plans of the Company or any parent or Subsidiary of the Company).

(ii) In the case of Stock purchased during an Offering Period that commenced in the immediately preceding calendar year, the limit shall be equal to (A) \$50,000 minus (B) the Fair Market Value of the Stock that the Participant previously purchased (under this Plan and all other employee stock purchase plans of the Company or any parent or Subsidiary of the Company) in the current calendar year and in the immediately preceding calendar year.

(iii) In the case of Stock purchased during an Offering Period that commenced in the second preceding calendar year, the limit shall be equal to (A) \$75,000 minus (B) the Fair Market Value of the Stock that the Participant previously purchased (under this Plan and all other employee stock purchase plans of the Company or any parent or Subsidiary of the Company) in the current calendar year and in the two preceding calendar years.

For purposes of this Subsection (b), the Fair Market Value of Stock shall be determined in each case as of the beginning of the Offering Period in which such Stock is purchased. Employee stock purchase plans not described in section 423 of the Code shall be disregarded. If a Participant is precluded by this Subsection (b) from purchasing additional Stock under the Plan, then his or her employee contributions shall automatically be discontinued and shall resume at the beginning of the earliest Accumulation Period ending in the next calendar year (if he or she then is an Eligible Employee).

SECTION 9. RIGHTS NOT TRANSFERABLE.

The rights of any Participant under the Plan, or any Participant's interest in any Stock or moneys to which he or she may be entitled under the Plan, shall not be transferable by voluntary or involuntary assignment or by operation of law, or in any other manner other than by beneficiary designation or the laws of descent and distribution. If a Participant in any manner attempts to transfer, assign or otherwise encumber his or her rights or interest under the Plan, other than by beneficiary designation or the laws of descent and distribution, then such act shall be treated as an election by the Participant to withdraw from the Plan under Section 5(a).

SECTION 10. NO RIGHTS AS AN EMPLOYEE.

Nothing in the Plan or in any right granted under the Plan shall confer upon the Participant any right to continue in the employ of a Participating Company for any period of specific duration or interfere with or otherwise restrict in any way the rights of the Participating Companies or of the Participant, which rights are hereby expressly reserved by each, to

terminate his or her employment at any time and for any reason, with or without cause.

6

SECTION 11. NO RIGHTS AS A STOCKHOLDER.

A Participant shall have no rights as a stockholder with respect to any shares of Stock that he or she may have a right to purchase under the Plan until such shares have been purchased on the last day of the applicable Accumulation Period.

SECTION 12. SECURITIES LAW REQUIREMENTS.

Shares of Stock shall not be issued under the Plan unless the issuance and delivery of such shares comply with (or are exempt from) all applicable requirements of law, including (without limitation) the Securities Act of 1933, as amended, the rules and regulations promulgated thereunder, state securities laws and regulations, and the regulations of any stock exchange or other securities market on which the Company's securities may then be traded.

SECTION 13. STOCK OFFERED UNDER THE PLAN.

(a) Authorized Shares. The number of shares of Stock available for purchase under the Plan shall be 1,000,000 (subject to adjustment pursuant to this Section 13). On January 1 of each year, commencing with January 1, 2001, the aggregate number of shares of Stock available for purchase during the life of the Plan shall automatically be increased by a number equal to the lesser of 2% of the total number of shares of Common Stock then outstanding or 600,000 shares.

(b) Anti-Dilution Adjustments. The aggregate number of shares of Stock offered under the Plan, the 2,500-share limitation described in Section 7(c), the 600,000-share limitation described in Section 13(a) and the price of shares that any Participant has elected to purchase shall be adjusted proportionately by the Committee for any increase or decrease in the number of outstanding shares of Stock resulting from a subdivision or consolidation of shares or the payment of a stock dividend, any other increase or decrease in such shares effected without receipt or payment of consideration by the Company, the distribution of the shares of a Subsidiary to the Company's stockholders or a similar event.

(c) Reorganizations. Any other provision of the Plan notwithstanding, immediately prior to the effective time of a Corporate Reorganization, the Offering Period and Accumulation Period then in progress shall terminate and shares shall be purchased pursuant to Section 7, unless the Plan is continued or assumed by the surviving corporation or its parent corporation. The Plan shall in no event be construed to restrict in any way the Company's right to undertake a dissolution, liquidation, merger, consolidation or other reorganization.

SECTION 14. AMENDMENT OR DISCONTINUANCE.

The Board shall have the right to amend, suspend or terminate the Plan at any time and without notice. The Company's Chief Executive Officer may also amend the Plan to the extent allowable under applicable law to effect non-material amendments. Except as provided in Section 13, any increase in the aggregate number of shares of Stock to be issued under the Plan shall be subject to approval by a vote of the stockholders of the Company. In

7

addition, any other amendment of the Plan shall be subject to approval by a vote of the stockholders of the Company to the extent required by an applicable law or regulation. The Plan shall terminate automatically 20 years after its adoption by the Board, unless (a) the Plan is extended by the Board and (b) the extension is approved within 12 months by a vote of the stockholders of the Company.

SECTION 15. DEFINITIONS.

(a) "Accumulation Period" means a six-month period during which contributions may be made toward the purchase of Stock under the Plan, as determined pursuant to Section 3(b).

(b) "Board" means the Board of Directors of the Company, as constituted from time to time.

(c) "Code" means the Internal Revenue Code of 1986, as amended.

(d) "Committee" means a committee of the Board, as described in Section 2.

(e) "Company" means Equinix, Inc., a Delaware corporation.

(f) "Compensation" means (i) the total compensation paid in cash to a

Participant by a Participating Company, including salaries, wages, bonuses, incentive compensation, commissions, overtime pay and shift premiums, plus (ii) any pre-tax contributions made by the Participant under section 401(k) or 125 of the Code. "Compensation" shall exclude all non-cash items, moving or relocation allowances, cost-of-living equalization payments, car allowances, tuition reimbursements, imputed income attributable to cars or life insurance, severance pay, fringe benefits, contributions or benefits received under employee benefit plans, income attributable to the exercise of stock options, and similar items. The Committee shall determine whether a particular item is included in Compensation.

(g) "Corporate Reorganization" means:

(i) The consummation of a merger or consolidation of the Company with or into another entity or any other corporate reorganization; or

(ii) The sale, transfer or other disposition of all or substantially all of the Company's assets or the complete liquidation or dissolution of the Company.

(h) "Eligible Employee" means any employee of a Participating Company who meets both of the following requirements:

(i) His or her customary employment is for more than five months per calendar year and for more than 20 hours per week; and

(ii) He or she has been an employee of a Participating Company for not less than 5 consecutive months.

8

The foregoing notwithstanding, an individual shall not be considered an Eligible Employee if his or her participation in the Plan is prohibited by the law of any country which has jurisdiction over him or her or if he or she is subject to a collective bargaining agreement that does not provide for participation in the Plan.

(i) "Exchange Act" means the Securities Exchange Act of 1934, as amended.

(j) "Fair Market Value" means the market price of Stock, determined by the Committee as follows:

(i) If the Stock was traded on The Nasdaq National Market or The Nasdaq SmallCap Market on the date in question, then the Fair Market Value shall be equal to the last-transaction price quoted for such date by such Market;

(ii) If the Stock was traded on a stock exchange on the date in question, then the Fair Market Value shall be equal to the closing price reported by the applicable composite transactions report for such date; or

(iii) If none of the foregoing provisions is applicable, then the Committee shall determine the Fair Market Value in good faith on such basis as it deems appropriate.

Whenever possible, the determination of Fair Market Value by the Committee shall be based on the prices reported in The Wall Street Journal or as reported

directly to the Company by Nasdaq or a stock exchange. Such determination shall be conclusive and binding on all persons.

(k) "IPO" means the initial offering of Stock to the public pursuant to a registration statement filed by the Company with the Securities and Exchange Commission.

(l) "Offering Period" means a 24-month period with respect to which the right to purchase Stock may be granted under the Plan, as determined pursuant to Section 3(a).

(m) "Participant" means an Eligible Employee who elects to participate in the Plan, as provided in Section 3(c).

(n) "Participating Company" means (i) the Company and (ii) each present or future Subsidiary designated by the Committee as a Participating Company.

(o) "Plan" means this Equinix, Inc. Employee Stock Purchase Plan, as it may be amended from time to time.

(p) "Plan Account" means the account established for each Participant pursuant to Section 7(a).

(q) "Purchase Price" means the price at which Participants may purchase Stock under the Plan, as determined pursuant to Section 7(b).

(r) "Stock" means the Common Stock of the Company.

9

(s) "Subsidiary" means any corporation (other than the Company) in an unbroken chain of corporations beginning with the Company, if each of the corporations other than the last corporation in the unbroken chain owns stock possessing 50% or more of the total combined voting power of all classes of stock in one of the other corporations in such chain.

10

CONSENT OF INDEPENDENT ACCOUNTANTS
