**Item 8.01. Other Events.**

On November 10, 2015, Equinix, Inc. (“Equinix”) issued approximately 1.69 million shares of common stock, par value \$0.001 per share (“Common Stock”), and paid an aggregate of approximately \$125.5 million, in connection with the payment of Equinix’s previously announced special distribution of \$627.0 million, or approximately \$10.95 per share (the “2015 Special Distribution”). Equinix expects that the value of the 2015 Special Distribution, plus all the regular quarterly distributions paid by Equinix during 2015, plus the expected value of the deemed distributions on account of the adjustments to the conversion rate relating to Equinix’s outstanding 4.75% Convertible Subordinated Notes due June 15, 2016 (the “2016 Convertible Notes”) that are made as a result of the 2015 Special Distribution and the 2015 regular quarterly distributions, will equal or exceed the taxable income that Equinix expects to recognize in 2015.

As a result of the 2015 Special Distribution, the conversion rate relating to the 2016 Convertible Notes was adjusted to 12.9913 shares of Common Stock per \$1,000 principal amount of the 2016 Convertible Notes, and the approximately \$157.9 million principal amount of the 2016 Convertible Notes that are currently outstanding are now convertible, in the aggregate, into approximately 2.05 million shares of Common Stock. As a result of the adjustment to the conversion rate, the conversion price of the 2016 Convertible Notes decreased from approximately \$79.87 per share of Common Stock to approximately \$76.98 per share of Common Stock.

The 2015 Special Distribution is payable on November 10, 2015 to stockholders of record as of the close of business on October 8, 2015. Stockholders who elected to receive payment of the 2015 Special Distribution in cash will receive approximately \$2.89 per share of their payment, or 26%, in cash and approximately \$8.06 per share, or 74%, in shares of Common Stock. All other stockholders will receive 100% of their payment in shares of Common Stock. Stockholders may also receive cash in lieu of fractional shares. The number of shares of Common Stock to be issued was determined based upon the average closing price on the three consecutive trading days commencing November 3, 2015, or \$297.03 per share.
