Total interconnections include both physical cross connections and virtual connections.

Unless otherwise noted, all metrics are as of the end of Q1 2020, plus the addition of HH1 in Hamburg, Germany, which opened on May 19, 2020.

Equinix, Inc. connects the world’s leading businesses to their customers, employees and partners inside the most-interconnected data centers. In 56 markets across five continents, our global platform is where digital businesses can reach everywhere, interconnect everyone and integrate everything.

Digital transformation is creating opportunities in more places than ever, and we help companies seize the moment. By physically and virtually connecting our 210+ facilities on a single interconnection platform, we give businesses on-demand access to the people, clouds, locations and data they need to create their digital future. When you build here, you can go anywhere.
